Equinix, Inc.

\$1,250,000,000

5.375% Senior Notes due 2027

Issue Price 100%

Interest payable May 15 and November 15.

We are offering \$1,250,000,000 in aggregate principal amount of 5.375% Senior Notes due 2027 (the “notes”). The notes will mature on May 15, 2027. Interest will accrue on the notes from March 22, 2017 and the first interest payment date will be May 15, 2017. We may redeem all or a part of the notes on or after May 15, 2022, on any one or more occasions, at the redemption prices set forth under “Description of notes—Optional redemption,” plus accrued and unpaid interest thereon, if any, to, but not including, the applicable redemption date. In addition, at any time prior to May 15, 2020, we may on any one or more occasions redeem up to 35% of the aggregate principal amount of the notes outstanding under the supplemental indenture with the net cash proceeds of one or more equity offerings. At any time prior to May 15, 2022, we may also redeem all or a part of the notes at a redemption price equal to 100% of the principal amount of notes redeemed plus a “make-whole” premium as of, and accrued and unpaid interest, if any, to, but not including, the date of redemption.

The notes will be our general senior obligations and will rank equal in right of payment to all of our existing and future senior indebtedness. Upon a change in control, we will be required to make an offer to purchase each holder’s notes at a purchase price equal to 101% of the principal amount thereof plus accrued and unpaid interest to the date of purchase.

The notes will not be guaranteed by any of our subsidiaries. The obligations to make payments of principal and interest on the notes are solely our obligations. Therefore, the notes will be structurally subordinated to any obligation of our subsidiaries that are not guarantors.

We have not applied, and do not intend to apply, for the listing of the notes on any exchange or automated dealer quotation system. Currently, there is no public market for the notes.

Concurrently with this offering, we are offering shares of our common stock in a \$1,900 million offering (the “Equity Offering”) in a separate underwritten public offering. The Equity Offering is being made by means of a separate prospectus supplement and not by means of this prospectus supplement. This prospectus supplement is not an offer to sell or a solicitation of an offer to buy any securities being offered in the Equity Offering.

We intend to use the net proceeds of this offering, together with the net proceeds of the Equity Offering and existing term B-2 loan borrowings of approximately \$1,053 million, to finance the previously announced proposed acquisition of the colocation services business of Verizon Communications Inc. (“Verizon”) at 24 data center sites in the United States, Brazil and Colombia (the “Acquisition”) and related transaction fees and expenses and for general corporate purposes. The completion of this offering is not contingent upon the completion of the Equity Offering or the Acquisition. See “Prospectus summary—Recent developments,” “Use of proceeds,” and the sources of funds and uses of funds table therein. If for any reason the Acquisition is not completed on or prior to December 6, 2017, or if, prior to such date, the Transaction Agreement (as defined below) is terminated, then in either case we will be required to redeem the notes as described under “Description of notes—Special mandatory redemption.”

Investing in the notes involves risks. See “Risk factors” beginning on page S-15 of this prospectus supplement, as well as the risks described in “Risk Factors” in our Annual Report on Form 10-K for the year ended December 31, 2016.

Recent developments

Acquisition of data centers from Verizon

On December 6, 2016, we entered into a transaction agreement (the “Transaction Agreement”) with Verizon, pursuant to which we agreed, subject to certain terms and conditions, to acquire Verizon’s colocation services business at 24 data center sites in the United States, Brazil and Colombia (the “Selected Sites of Verizon’s Colocation and Data Center Interconnect Operations,” or the “Selected Verizon Data Center Business”), including 29 owned or leased data center buildings, for a cash purchase price of \$3.6 billion, subject to certain adjustments (the “Acquisition”). For the year ended December 31, 2016, the Selected Verizon Data Center Business had net revenues of \$452.0 million and net revenues less direct expenses of \$203.7 million.

The Acquisition will be effected by the acquisition by us of all of the equity interests of wholly-owned subsidiaries of Verizon that, immediately prior to the closing of the Acquisition, will hold certain assets and be liable for certain liabilities relating to the Selected Verizon Data Center Business. As part of the Acquisition, we will also acquire fee or leasehold real estate interests at the acquired data centers. Verizon will continue to operate businesses other than the Selected Verizon Data Center Business at the acquired data centers after the closing. At the closing of the Acquisition, we and Verizon will enter into colocation and lease agreements pursuant to which we will provide colocation services to Verizon at the acquired data centers and will lease or sublease certain portions of the acquired data centers to Verizon.

The Transaction Agreement contains representations, warranties, and covenants of the parties that are customary for transactions of this type. Until the closing of the Acquisition, Verizon has agreed, subject to certain exceptions, to, and to cause its subsidiaries to, conduct the Selected Verizon Data Center Business in the ordinary course consistent with past practice. We and Verizon have agreed, following the closing of the Acquisition, to indemnify the other party for losses arising from certain breaches of the Transaction Agreement and for certain other liabilities, subject to certain limitations.

The closing of the Acquisition is subject to certain conditions, including (i) the absence of any injunction, law or order that makes unlawful the consummation of the Acquisition, (ii) the material accuracy of the representations and warranties and the material compliance with covenants and (iii) the delivery of required closing documents. Our obligation to consummate the Acquisition is also conditioned on, among other things, (i) the absence of any pending or threatened proceeding brought by a governmental authority pursuant to applicable antitrust laws that seeks to enjoin or preclude the closing of the Acquisition or seeks to impose certain restrictions on us or the Selected Verizon Data Center Business and (ii) no material adverse effect having occurred with respect to the Selected Verizon Data Center Business. There is no financing condition to the consummation of the Acquisition.

We expect to close the Acquisition by mid-2017. For more information about the Acquisition, see our Annual Report on Form 10-K for the year ended December 31, 2016 and Form 8-K/A filed with the SEC on March 7, 2017, which are incorporated by reference herein.

Bridge Loan Commitments

In connection with the Acquisition, in December 2016 we also entered into a bridge loan commitment letter with JPMorgan Chase Bank, N.A., Bank of America, N.A. and Merrill Lynch, Pierce, Fenner & Smith Incorporated and the other commitment parties thereto (collectively, the "Commitment Parties"), pursuant to which the Commitment Parties have provided commitments (the "Bridge Loan Commitments") to provide, subject to various conditions, up to \$2.0 billion in aggregate principal amount of senior unsecured bridge loans for the purposes of funding (i) a portion of the cash consideration for the Acquisition and (ii) the fees and expenses incurred in connection with the Acquisition. No amounts have been drawn under the Bridge Loan Commitments.

Term B-2 Loan Borrowings

On December 22, 2016, we and certain of our subsidiaries entered into an amendment to our Credit Agreement dated as of December 17, 2014, among Equinix, Inc. as borrower, certain of our subsidiaries, as guarantors, a syndicate of financial institutions, as lenders (each a "Lender" and together, the "Lenders"), Bank of America, N.A., as administrative agent, Lender and letter of credit issuer, and various financial institutions, as joint lead arrangers and book runners (as amended, the "Credit Agreement"). The Credit Agreement provides for a senior secured credit facility comprised of (i) a \$1.5 billion senior secured multi-currency revolving credit facility, (ii) a

\$500.0 million senior secured term A loan facility in four foreign currencies, (iii) a senior secured term B loan facility consisting of a £300.0 million tranche and a \$250.0 million tranche (the “Term Loan B-1 Facility”) and (iv) up to €1.0 billion in additional term B loans (the “Term B-2 Loans”). On January 6, 2017, we borrowed the full €1.0 billion of Term B-2 Loans (the “Term B-2 Loan Borrowings”), which will be used to finance a portion of the purchase price of the Acquisition and related transaction fees and expenses. The Term B-2 Loan Borrowings must be repaid in equal quarterly installments of 0.25% of the original principal amount starting in the second quarter of 2017, with the remaining amount outstanding to be repaid in full on January 6, 2024.

Equity Offering

Concurrently with this offering, we are offering, by means of a separate prospectus supplement, 5,277,778 shares of our common stock, plus up to 791,666 additional shares of our common stock that the underwriters of such offering have the option to purchase from us, in each case, at the public offering price of \$360.00 per share of common stock (the “Equity Offering”). We intend to use the net proceeds of the Equity Offering, together with the net proceeds of the Term B-2 Loan Borrowings and this offering, to finance the purchase price of the Acquisition and related transaction fees and expenses and for general corporate purposes.

The foregoing description and any other information regarding the Equity Offering is included herein solely for informational purposes. This offering is not contingent on the completion of the Equity Offering. The terms and amount of the Equity Offering, and our ability to complete the Equity Offering, will depend on investor demand, market conditions, customary closing conditions and other factors, and we cannot assure you that the Equity Offering will be completed or that other additional financing will be available to us on favorable terms, or at all.

In connection with the Term B-2 Loan Borrowings, the Equity Offering and the sale of notes offered hereby, we intend to terminate the Bridge Loan Commitments. However, to the extent that we are unable to close the Equity Offering or obtain other permanent financing, we may be required to draw under the Bridge Loan Commitments to finance a portion of the purchase price of the Acquisition.

Dividend

On February 15, 2017, we declared a quarterly cash dividend of \$2.00 per share, which is payable on March 22, 2017 to our common stockholders of record as of the close of business on February 27, 2017.

Our principal executive offices are located at One Lagoon Drive, Redwood City, CA 94065 and our telephone number is (650) 598-6000. Our website is located at www.equinix.com. Information contained on or accessible through our website is not part of this prospectus supplement.

The offering

The following is a brief summary of certain terms of this offering. For a more complete description of the terms of the notes offered hereby, see the “Description of notes” section of this prospectus supplement. In this “Prospectus summary—The offering” section, “we”, “us” and “Equinix” refer to Equinix, Inc. and not to any of its subsidiaries.

Issuer	Equinix, Inc., a Delaware corporation.
Securities offered	\$1,250 million aggregate principal amount of 5.375% Senior Notes due 2027.
Maturity date	The notes will mature on May 15, 2027.
Interest payment dates	Interest on the notes will accrue from March 22, 2017 and be payable semi-annually in arrears on May 15 and November 15 of each year, commencing on May 15, 2017.
Special mandatory redemption	If the Acquisition is not completed on or prior to December 6, 2017, or if, prior to such date, the Transaction Agreement is terminated, then in either case we must redeem all of the notes at a redemption price equal to 100% of the principal amount of the notes, plus accrued and unpaid interest to, but excluding, the redemption date. See “Description of notes—Special mandatory redemption.”
Optional redemption	<p>We may redeem all or a part of the notes on or after May 15, 2022, on any one or more occasions, at the redemption prices set forth under “Description of notes—Optional redemption,” plus accrued and unpaid interest thereon, if any, to, but not including, the applicable redemption date.</p> <p>In addition, at any time prior to May 15, 2020, we may on any one or more occasions redeem up to 35% of the aggregate principal amount of the notes outstanding under the supplemental indenture, at a redemption price equal to 105.375% of the principal amount of the notes to be redeemed, plus accrued and unpaid interest to, but not including, the redemption date, with the net cash proceeds of one or more equity offerings, provided that at least 65% of the aggregate principal amount of the notes issued under the supplemental indenture remains outstanding immediately after the occurrence of such redemption. At any time prior to May 15, 2022, we may also redeem all or a part of the notes at a redemption price equal to 100% of the principal amount of notes to be redeemed plus a “make whole” premium as of, and accrued and unpaid interest, if any, to, but not including, the date of redemption.</p>
Ranking	<p>The notes will be our general senior obligations. Your right to payment under these notes will be:</p> <ul style="list-style-type: none">• effectively subordinated to all of our existing and future secured indebtedness, including our debt outstanding under any bank facility, to the extent of the assets securing such debt;• structurally subordinated to any existing and future indebtedness and other liabilities (including trade payables) of any of our subsidiaries;• equal in right of payment to all of our existing and future senior indebtedness; and

- senior in right of payment to any of our existing and future subordinated indebtedness.

At December 31, 2016, after giving effect to the Term B-2 Loan Borrowings and this offering,

- we would have had total consolidated indebtedness of approximately \$9.1 billion, approximately \$2.1 billion of which would have represented secured indebtedness, which excludes approximately \$1.5 billion of capital lease and other financing obligations;
- if we borrowed all of the approximately \$1.4 billion available under our revolving credit facility (including the exercise in full of our right to increase its size subject to certain conditions), \$1.4 billion of such borrowings would have been secured indebtedness; and
- our subsidiaries would have had approximately \$1.8 billion of indebtedness which includes \$1.4 billion of capital lease and other financing obligations (excluding trade payables and intercompany items and liabilities of a type not required to be reflected on the balance sheet of our subsidiaries in accordance with GAAP), all of which would have been structurally senior to the notes.

Guarantees

On the issue date, the notes will not be guaranteed by any of our subsidiaries. In the future, certain subsidiaries may be required to guarantee the notes. See “Description of notes—Certain covenants—Subsidiary guarantees.”

Covenants

The indenture and the supplemental indenture governing the notes will contain covenants that limit our ability and the ability of our restricted subsidiaries to, among other things:

- incur additional debt;
- pay dividends or make other restricted payments;
- purchase, redeem or retire capital stock or subordinated debt;
- make asset sales;
- enter into transactions with affiliates;
- incur liens;
- enter into sale-leaseback transactions;
- provide subsidiary guarantees;
- make investments; and
- merge or consolidate with any other person.

Each of these restrictions has a number of important qualifications and exceptions. See “Description of notes.” If the notes are rated investment grade at any time by two of any of Standard & Poor’s, Moody’s and Fitch, most of the restrictive covenants contained in the supplemental indenture governing the notes will be suspended. See “Description of notes—Certain covenants— Suspension of covenants.”

Change of control	<p>Upon the occurrence of a Change of Control (as defined in “Description of notes”), we will be required to make an offer to purchase each holder’s notes at a purchase price equal to 101% of the principal amount thereof plus accrued and unpaid interest to the date of purchase.</p>
Form and denomination	<p>The notes will be issued only in registered form. The notes will initially be issued in minimum denominations of \$2,000 and multiples of \$1,000 in excess thereof. The notes initially sold by the underwriters will be represented by one or more permanent global notes in fully registered form, deposited with a custodian for and registered in the name of a nominee of The Depository Trust Company (“DTC”).</p> <p>Beneficial interests in the global notes will be shown on, and transfers thereof will be effected only through, records maintained by DTC and its participants. Except as described herein, notes in certificated form will not be issued in exchange for any global note or interests therein.</p>
Trading	<p>The notes are a new issue of securities, and there is currently no established trading market for the notes. An active or liquid market may not develop for the notes or, if developed, be maintained. We have not applied, and do not intend to apply, for the listing of the notes on any automated dealer quotation system.</p>
Governing law	<p>The notes and the indenture and supplemental indenture under which they will be issued will be governed by New York law.</p>
Use of proceeds	<p>We estimate that the net proceeds from this offering, after deducting underwriting discounts and commissions and estimated offering expenses, will be approximately \$1,233 million.</p> <p>We intend to use the net proceeds from this offering, together with the net proceeds of the Term B-2 Loan Borrowings and the Equity Offering, to finance the Acquisition and related transaction fees and expenses and for general corporate purposes, which may include repayment of indebtedness, capital expenditures, working capital and acquisitions of complementary businesses or assets. See “Use of proceeds” and “Prospectus summary—Sources and uses.”</p> <p>The completion of this offering is not contingent upon the completion of the Equity Offering or the Acquisition. However, if for any reason the Acquisition is not completed on or prior to December 6, 2017, or if, prior to such date, the Transaction Agreement is terminated, then we will be required to redeem the notes as described under “Description of notes—Special mandatory redemption.”</p> <p>Certain of the underwriters are acting as underwriters for the Equity Offering and have acted as underwriters for our existing senior notes. Certain affiliates of the underwriters act as lenders and/or agents under our existing credit facilities, including our Credit Agreement. Affiliates of the underwriters have made commitments to us with respect to the Bridge Loan Commitments to finance a portion of the purchase price of the Acquisition under certain circumstances in the event this offering or the Equity Offering are not consummated, for which</p>

the underwriters and/or their affiliates will be paid customary fees. See “Prospectus summary—Recent developments.”

Summary consolidated financial data

The following tables summarize our consolidated financial data for the periods presented. You should read this summary consolidated financial data in conjunction with “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and our consolidated financial statements and related notes incorporated by reference in this prospectus supplement and the accompanying prospectus. The consolidated statements of operations and consolidated statements of cash flow data for the years ended December 31, 2014, 2015 and 2016 were derived from our audited consolidated financial statements incorporated by reference in this prospectus supplement and the accompanying prospectus. Unaudited pro forma financial information presented herein were derived from the historical consolidated financial statements of Equinix and the abbreviated financial statements of the Selected Verizon Data Center Business and certain adjustments and assumptions have been made regarding Equinix after giving effect to the Acquisition, this offering, the Equity Offering and the Term B-2 Loan Borrowings and are, therefore, not necessarily indicative of actual results had the companies been combined for the periods presented. You should read the unaudited pro forma financial information in conjunction with the section “Unaudited pro forma condensed combined financial information” included in this prospectus supplement. Our historical results are not necessarily indicative of the results to be expected in the future.

Risk factors

An investment in the notes involves certain risks. You should carefully consider the risk factors described under “Risk Factors” in our Annual Report on Form 10-K for the year ended December 31, 2016, as well as the other information included or incorporated by reference in this prospectus supplement and the accompanying prospectus, before making an investment decision. Additional risks and uncertainties not now known to us or that we now deem immaterial may also adversely affect our business or financial performance. Our business, financial condition, results of operations or cash flows could be materially adversely affected by any of these risks. The market or trading price of the notes could decline due to any of these risks or other factors, and you may lose all or part of your investment.

Risks relating to the notes

References to “Equinix,” the “Company,” “we,” “our” and “us” and similar terms in this section “Risk factors— Risks relating to the notes” mean Equinix, Inc. and not any of its subsidiaries.

Our subsidiaries will not guarantee the notes. We depend in large part on the cash flow from our subsidiaries to meet our obligations, and your claims will be subordinated to all of the creditors of these subsidiaries.

Our subsidiaries will not guarantee the notes. Our subsidiaries are separate and distinct legal entities with no obligation to pay any amounts due pursuant to the notes or to provide us with funds for our payment obligations. Substantially all of our operations are conducted through our subsidiaries and we derive substantially all our revenues from our subsidiaries, and substantially all of our operating assets are owned by our subsidiaries. As a result, our cash flow and our ability to service our indebtedness, including the notes, depends in large part on the earnings of our subsidiaries and on the distribution of earnings, loans or other payments to us by these subsidiaries. Payments to us by our subsidiaries also will be contingent upon their earnings and their business considerations. In addition, the ability of our subsidiaries to make any dividend, distribution, loan or other payment to us could be subject to statutory or contractual restrictions. Because we depend in large part on the cash flow of our subsidiaries to meet our obligations, these types of restrictions may impair our ability to make scheduled interest and principal payments on the notes. Our subsidiaries held approximately 88% of our consolidated assets as of December 31, 2016.

The notes will be unsecured and effectively subordinated to any of our existing or future secured indebtedness and structurally subordinated to all of the liabilities of our subsidiaries.

The notes will be our general unsecured senior obligations, ranking equal in right of payment with our existing and any future unsubordinated indebtedness. However, because they are unsecured, the notes will be effectively junior to any of our existing or future secured indebtedness to the extent of the value of the assets securing such debt. As of December 31, 2016, we had approximately \$6.8 billion of consolidated indebtedness. As of December 31, 2016, after giving effect to the Term B-2 Loan Borrowings and the sale of the notes, we would have had total consolidated indebtedness of approximately \$9.1 billion, approximately \$2.1 billion of which would have represented secured indebtedness, which excludes approximately \$1.5 billion of capital lease and other financing obligations.

In addition, the notes will be structurally subordinated to all of the liabilities of our subsidiaries, which may include indebtedness, trade payables, guarantees, lease obligations and letter of credit obligations. In the event of a bankruptcy, liquidation or reorganization of any of our subsidiaries, holders of their indebtedness and their trade creditors will generally be entitled to payment of their claims from the assets of those subsidiaries before any assets of the subsidiaries are made available for distribution to us. As of December 31, 2016, after giving effect to the Term B-2 Loan Borrowings and the sale of the notes, our subsidiaries would have had \$1.8 billion of indebtedness which includes \$1.4 billion of capital lease and other financing obligations (excluding trade

[Table of Contents](#)

payables and intercompany items and liabilities of a type not required to be reflected on a balance sheet of such subsidiaries in accordance with GAAP), all of which would be structurally senior to the notes.

The supplemental indenture governing the notes will permit us and our subsidiaries to incur significant amounts of additional indebtedness, including secured indebtedness. In the event that we are declared bankrupt, become insolvent or liquidate or reorganize, our assets that serve as collateral under any such secured indebtedness would be made available to satisfy the obligations under the secured indebtedness before those assets may be used to satisfy our obligations with respect to the notes. Holders of the notes will participate ratably with all holders of our unsecured indebtedness that is deemed to be of the same class as the notes, and potentially with all of our other general creditors, based upon the respective amounts owed to each holder or creditor, in our remaining assets. In any of the foregoing events, we cannot assure you that there will be sufficient assets to pay amounts due on the notes. As a result, holders of the notes may receive less, ratably, than holders of secured indebtedness.

Our debt agreements allow us and our subsidiaries to incur significantly more debt, which could exacerbate the other risks described herein, as well as the risks described in the documents incorporated by reference in this prospectus supplement and the accompanying prospectus.

The terms of our debt instruments, including the supplemental indenture governing the notes offered hereby and the agreement governing our credit facility, permit us and our subsidiaries to incur additional indebtedness. Additional debt may be necessary for many reasons, including to adequately respond to competition, to comply with regulatory requirements related to our service obligations or for financial reasons alone. Incremental borrowings or borrowings at maturity on terms that impose additional financial risks to our various efforts to improve our operating results and financial condition could exacerbate the other risks described herein, as well as the risks described in the documents incorporated by reference in this prospectus supplement and the accompanying prospectus.

As of December 31, 2016, we had approximately \$1.4 billion of additional liquidity available to us from our \$1.5 billion revolving credit facility, subject to our compliance with the financial covenants and other conditions precedent set forth in the credit agreement relating to such facility. We also had the Bridge Loan Commitments for approximately \$2.0 billion entered into in connection with the Acquisition. On January 6, 2017, we borrowed the full €1.0 billion of Term B-2 Loans. See “Prospectus summary—Recent developments.”

Our credit facility and other debt instruments have restrictive covenants that could limit our financial flexibility.

The supplemental indenture related to the notes offered hereby, the indentures relating to our existing senior notes, the agreement governing our existing credit facility, and the documents governing the Term B-2 Loan Borrowings contain, financial and other restrictive covenants that limit our ability to engage in activities that may be in our long-term best interests. Our ability to borrow under our revolving credit facility is subject to compliance with certain financial covenants, including leverage and interest coverage ratios. Our revolving credit facility and term loan facility include other restrictions that, among other things: limit our ability to incur indebtedness; grant liens; engage in mergers, consolidations and liquidations; make asset dispositions, restricted payments and investments; enter into transactions with affiliates; and amend, modify or prepay certain indebtedness. The indentures related to our existing senior notes contain, and the supplemental indenture related to the notes offered hereby will contain, limitations on our ability to effect mergers and change of control events, as well as other limitations, including:

- limitations on the declaration and payment of dividends or other restricted payments;
- limitations on incurring additional indebtedness or issuing preferred stock;

[Table of Contents](#)

- limitations on the creation of certain liens;
- limitations on incurring restrictions on the ability of certain of our subsidiaries to pay dividends or other payments;
- limitations on transactions with affiliates; and
- limitations on the sale of assets.

Our failure to comply with these covenants could result in an event of default that, if not cured or waived, could result in the acceleration of all of our debts. We do not have sufficient working capital to satisfy our debt obligations in the event of an acceleration of all or a significant portion of our outstanding indebtedness.

If we do not complete the Acquisition on or prior to December 6, 2017, or if, prior to such date, the Transaction Agreement is terminated, we must redeem the notes and, as a result, you may not obtain your expected return on the notes.

We intend to use the net proceeds of this offering, together with the net proceeds of the Term B-2 Loan Borrowings and the Equity Offering, to finance the purchase price of the Acquisition and related transaction fees and expenses and for general corporate purposes. Neither this offering nor the Equity Offering is conditioned on the closing of the Acquisition.

Our ability to consummate the Acquisition is subject to various conditions, some of which are beyond our control. We are required to redeem all of the notes in the event that we do not complete the Acquisition on or prior to December 6, 2017, or if, prior to such date, the Transaction Agreement is terminated, at a redemption price equal to 100% of the principal amount of the notes, plus accrued and unpaid interest to, but excluding, the redemption date. See “Description of notes—Special mandatory redemption.” If we are required to redeem the notes pursuant to the redemption provision, you may not obtain your expected return on the notes and may not be able to reinvest the proceeds from the redemption in an investment that results in a comparable return.

Your decision to invest in the notes is made at the time of the offering of the notes. You will have no rights under the redemption provision described in the immediately preceding paragraph if the Acquisition is completed on or prior to December 6, 2017. Nor will you have any right to require us to redeem your notes if, between the closing of the notes offering and the completion of the Acquisition, we experience any changes in our business or financial condition or if the terms of the Acquisition change.

We may not be able to redeem the notes upon a Special Mandatory Redemption Event.

Upon the occurrence of a Special Mandatory Redemption Event (as defined in “Description of notes—Special mandatory redemption”), we will be required to redeem each holder’s notes at a purchase price equal to 100% of the principal amount thereof plus accrued and unpaid interest to, but not including, the Special Mandatory Redemption Date (as defined in “Description of notes—Special mandatory redemption”).

If a Special Mandatory Redemption Event occurs, we may not have sufficient financial resources available to satisfy our obligations to redeem the notes. In the event we are required to make the Special Mandatory Redemption Payment (as defined in “Description of notes—Special mandatory redemption”), we expect that we would seek third-party financing to the extent we do not have sufficient funds available to meet our redemption obligations. However, there can be no assurance that we would be able to obtain such financing. In addition, there can be no assurance that we would be able to obtain the consents necessary to make the Special Mandatory Redemption Payment from the lenders under agreements governing outstanding Indebtedness that may in the future prohibit the Special Mandatory Redemption Payment. Our failure to redeem the notes as required under the supplemental indenture governing the notes would result in a default under the indenture,

[Table of Contents](#)

which could result in defaults under our and our subsidiaries' other debt agreements and have material adverse consequences for us and the holders of the notes. See "Description of notes—Special mandatory redemption." Moreover, if we are required to make a Special Mandatory Redemption Payment, it could cause a default under our existing or future debt, even if the Special Mandatory Redemption Event itself does not result in a default under existing or future debt, due to the financial effect of such redemption on us.

This offering is not conditioned on the consummation of any other financing.

We intend to use the net proceeds of this offering, together with the net proceeds of the Term B-2 Loan Borrowings and the Equity Offering, to finance the purchase price of the Acquisition and related transaction fees and expenses and for general corporate purposes, as described in "Use of proceeds". However, the completion of this notes offering is not contingent upon the completion of the Equity Offering. While an underwriting agreement for the Equity Offering is expected to be executed substantially concurrently with the underwriting agreement for this offering, the offer and sale of the common stock in that offering has not yet been consummated and there can be no assurance that it will be consummated. The terms and amount of the Equity Offering, and our ability to consummate the Equity Offering, will depend on investor demand, market conditions, customary closing conditions and other factors, and we cannot assure you that we will be able to close the Equity Offering or that other additional financing will be available to us on favorable terms, or at all. If we are unable to obtain permanent financing for the Acquisition, we may be required to draw bridge loans under the Bridge Loan Commitments to finance a portion of the purchase price for the Acquisition. In that event, our financing costs would be substantially higher than anticipated and higher than described under "Unaudited pro forma condensed combined financial information."

We may not be able to repurchase the notes upon a Change of Control.

Upon the occurrence of a Change of Control (as defined in "Description of notes—Change of Control"), we will be required to make an offer to purchase each holder's notes at a purchase price equal to 101% of the principal amount thereof plus accrued and unpaid interest to, but not including, the date of repurchase.

If we experience a Change of Control, we may not have sufficient financial resources available to satisfy our obligations to repurchase the notes. Our failure to repurchase the notes as required under the supplemental indenture governing the notes would result in a default under the indenture, which could result in defaults under our and our subsidiaries' other debt agreements and have material adverse consequences for us and the holders of the notes. See "Description of notes—Change of Control." Moreover, if holders of the notes elect to have their notes repurchased by us (or holders of our other existing and future debt securities, such as our existing senior notes that have a similar right to require us to repurchase their securities upon such a Change of Control, elect to have their debt securities repurchased by us) it could cause a default under our existing or future debt, even if the Change of Control itself does not result in a default under existing or future debt, due to the financial effect of such repurchase on us.

The terms of the indenture and the notes provide only limited protection against significant corporate events that could adversely affect your investment in the notes.

While the supplemental indenture and the notes offered hereby contain terms intended to provide protection to holders upon the occurrence of certain events involving significant corporate transactions or our creditworthiness, these terms are limited and may not be sufficient to protect your investment in the notes. As described under "Description of notes—Change of Control," upon the occurrence of a Change of Control, we will be required to make an offer to purchase each holder's notes at a purchase price equal to 101% of the principal amount thereof plus accrued and unpaid interest to, but not including, the date of repurchase. However, the Change of Control provisions may not protect you if we undergo a highly leveraged transaction, reorganization, restructuring, acquisition or similar transaction that may negatively affect the value of your notes unless the

[Table of Contents](#)

transaction is included within the definition of a Change of Control. In addition, significant changes in the composition of our board of directors will not in and of themselves constitute a Change of Control giving holders the right to require us to repurchase their notes. If we were to enter into a significant corporate transaction that would negatively affect the value of the notes, but that would not constitute a Change of Control under the supplemental indenture, you would not have any rights to require us to repurchase your notes prior to their maturity, which also would adversely affect your investment.

An active trading market for the notes may not develop or be maintained; many factors affect the trading market and value of the notes.

The notes are a new issue of securities with no trading history or established trading market. We cannot assure you that a trading market for the notes will ever develop or, if a trading market develops, that it will be maintained or provide adequate liquidity, that holders will be able to sell any of the notes at a particular time (if at all) or that the prices holders receive if or when they sell the notes will be above their initial offering price. We have not applied, and do not intend to apply, for the listing of the notes on any exchange or automated dealer quotation system.

The market valuation of the notes may be exposed to substantial volatility.

A real or perceived economic downturn or higher interest rates could cause a decline in the value of the notes, and to high-yield bonds generally, and thereby negatively impact the market for high-yield bonds, and more specifically, the notes. Because the notes may be thinly traded, it may be more difficult to sell and accurately value the notes. In addition, the entire high-yield bond market can experience sudden and sharp price swings, which can be exacerbated by large or sustained sales by major investors in the notes, a high-profile default by another issuer, or simply a change in the market's psychology regarding high-yield notes. This risk is exacerbated by general market volatility, which has been characteristic of global financial markets in recent periods, and ongoing macroeconomic uncertainty.

Our credit ratings may not reflect all of the risks of an investment in the notes.

The credit ratings on the notes may not reflect the potential impact of all of the risks related to structure and other factors on the value of the notes. In addition, actual or anticipated changes in our credit ratings will generally affect the market value of the notes.

If the notes are rated investment grade at any time by any two of Standard & Poor's, Moody's and Fitch, most of the restrictive covenants contained in the supplemental indenture governing the notes will be suspended.

If, at any time, the credit rating on the notes, as determined by any two of Standard & Poor's, Moody's and Fitch, equals or exceeds BBB-, Baa3 and BBB-, respectively, or any equivalent replacement ratings, we will not be subject to most of the restrictive covenants and certain events of default contained in the supplemental indenture governing the notes. As a result, you may have less credit protection than you will at the time the notes are issued. In the event that one or both of the ratings later drops below investment grade, we will thereafter again be subject to such restrictive covenants and events of default.

The unaudited pro forma condensed combined financial information included in this prospectus supplement is presented for illustrative purposes only and may not be an indication of our financial condition or results of operations following the Acquisition. The unaudited pro forma condensed combined financial information has been derived from the historical consolidated financial statements of Equinix and the abbreviated financial

statements of the Selected Verizon Data Center Business and certain adjustments and assumptions have been made regarding Equinix after giving effect to the Acquisition, this offering, the Equity Offering and the Term B-2 Loan Borrowings. The information upon which these adjustments and assumptions have been made is preliminary, and these kinds of adjustments and assumptions are difficult to make with complete accuracy. Before the acquisition is completed, there are limitations regarding what we can learn about the Selected Verizon Data Center Business. The final allocation of the purchase price will be determined after the completion of the Acquisition, and could differ materially from the unaudited pro forma condensed combined financial statements incorporated by reference. Moreover, the unaudited pro forma condensed combined financial information does not reflect all costs that are expected to be incurred by us in connection with the Acquisition. For example, the impact of any incremental costs incurred in integrating Equinix and the Selected Verizon Data Center Business is not reflected in the unaudited pro forma condensed combined financial information. As a result, our actual financial condition and results of operations following the Acquisition may not be consistent with, or evident from, the unaudited pro forma condensed combined financial information. The assumptions used in preparing the unaudited pro forma condensed combined financial information may not prove to be accurate, and other factors may affect our financial condition or results of operations following the Acquisition. The trading price of the notes may be adversely affected if our actual results fall short of the historical results reflected in the unaudited pro forma condensed combined financial information incorporated by reference in this prospectus supplement.

Use of proceeds

We estimate that the net proceeds from this offering, after deducting underwriting discounts and commissions and estimated offering expenses, will be approximately \$1,233 million.

We intend to use the net proceeds from this offering, together with the net proceeds of the Term B-2 Loan Borrowings and the Equity Offering, to finance the purchase price of the Acquisition and related transaction fees and expenses and for general corporate purposes, which may include repayment of indebtedness, capital expenditures, working capital and acquisitions of complementary businesses or assets.

The completion of this offering is not contingent upon the completion of the Equity Offering or the Acquisition. However, if for any reason the Acquisition is not completed on or prior to December 6, 2017, or if, prior to such date, the Transaction Agreement is terminated, then we will be required to redeem the notes as described under “Description of notes—Special mandatory redemption.”

The following table outlines the sources and uses of funds for the Acquisition. The table assumes that the Acquisition, this offering and the Equity Offering are completed simultaneously, but this offering and the Equity Offering are expected to occur before the completion of the Acquisition. Amounts in the table are in millions of dollars and are estimated. Actual amounts may vary from the estimated amounts.

Sources of funds		Uses of funds	
Term B-2 Loan Borrowings(1)	\$1,053	Purchase price for the Acquisition	\$3,600
Equity Offering(2)	1,900	Transaction fees and expenses(4)	142
Notes offered hereby(3)	1,250	General corporate purposes	461
Total	\$4,203	Total	\$4,203

(1) Before discounts, commissions and expenses. Term B-2 Loan Borrowings are denominated in Euros. Assumes December 31, 2016 exchange rate.

(2) Before discounts, commissions and expenses and assuming no exercise of the underwriters' option to purchase additional shares.

(3) Before discounts, commissions and expenses.

(4) Includes estimated transaction costs in connection with the Acquisition, the Equity Offering, Term B-2 Loan Borrowings and this offering.

Ratio of earnings to fixed charges and preferred stock dividends

The following table sets forth our consolidated ratio of earnings to fixed charges and ratio of earnings to combined fixed charges and preferred stock dividends:

	Years ended December 31,				
	2012	2013	2014	2015	2016
Ratio of earnings to fixed charges	1.6x	1.4x	1.2x	1.6x	1.3x
Ratio of earnings to combined fixed charges and preferred stock dividends(1)	1.6x	1.4x	1.2x	1.6x	1.3x

(1) We had no preferred securities outstanding for the periods presented; therefore, the ratio of earnings to combined fixed charges and preferred stock dividends is the same as the ratio of earnings to fixed charges.

In calculating the ratio of earnings to fixed charges, earnings consist of net income (loss) from continuing operations before income tax expense and fixed charges. Fixed charges consist of interest expense, including such portion of rental expense that was attributed to interest, and amortization of capitalized interest. The portion of rent expense that was attributed to interest represents a reasonable approximation of the interest factor.

Capitalization

The following table sets forth our cash, cash equivalents and short-term and long-term investments and current portion of our indebtedness and our capitalization as of December 31, 2016:

- on an actual basis;
- on an as adjusted basis to give effect to this offering (but not the application of the net proceeds therefrom), after deducting underwriting discounts and commissions and estimated offering expenses; and
- on a pro forma as adjusted basis to give further effect to: (1) the Term B-2 Loan Borrowings and the payment of related fees and expenses; (2) the Equity Offering, after deducting underwriting discounts and commissions and estimated offering expenses (assuming no exercise of the underwriters' option to purchase additional shares of our common stock); and (3) the Acquisition and the payment of related transaction fees and expenses.

You should read this table in conjunction with the section "Management's Discussion and Analysis of Financial Condition and Results of Operations" and our consolidated financial statements and related notes from our Annual Report on Form 10-K for the year ended December 31, 2016 incorporated by reference in this prospectus supplement and the accompanying prospectus and with "Unaudited pro forma condensed combined financial information" included in this prospectus supplement.

The unaudited pro forma condensed combined financial statements have been prepared by Equinix, as the acquirer, using the acquisition method of accounting in accordance with U.S. Generally Accepted Accounting Principles ("GAAP"). The acquisition method of accounting is dependent upon certain valuation and other studies that have yet to progress to a stage where there is sufficient information for a definitive measurement. Before the Acquisition is completed, there are limitations regarding what Equinix can learn about the Selected Verizon Data Center Business. The preliminary purchase price allocation for the Selected Verizon Data Center Business is subject to revision as a more detailed analysis is completed and additional information on the fair value of the Selected Verizon Data Center Business' assets and liabilities becomes available. The final allocation of the purchase price, which will be based upon actual tangible and intangible assets acquired as well as liabilities assumed, will be determined after the completion of the Acquisition, and could differ materially from the unaudited pro forma condensed combined financial statements presented here. Any change in the fair value of the net assets of the Selected Verizon Data Center Business will change the amount of the purchase price allocable to goodwill. Additionally, changes in the Selected Verizon Data Center Business' working capital, including the results of operations from December 31, 2016 through the date the Acquisition is completed, will change the amount of goodwill recorded. The pro forma adjustments are preliminary and have been made solely for the purpose of providing unaudited pro forma condensed combined financial statements prepared in accordance with the rules and regulations of the Securities and Exchange Commission ("SEC").

The unaudited pro forma condensed combined financial statements make certain assumptions regarding the amount and terms, including assumed pricing of common stock and interest rates for debt, of the Financings to be put into place in connection with the Acquisition, other than the borrowing of the Term B-2 Loan. The actual amounts and terms of such Financings may differ from that reflected herein.

The unaudited pro forma condensed combined financial information does not purport to represent the actual results of operations that Equinix and the Selected Verizon Data Center Business would have achieved had the Acquisition, the Financings and the TelecityGroup Acquisition occurred on the dates indicated above, and is not intended to project the future results of operations that the combined company may achieve after the Acquisition. Notes to unaudited pro forma condensed combined financial information

1. Description of the transaction and basis of pro forma presentation

On December 6, 2016, the Company announced that it had entered into a definitive agreement to purchase the colocation service business of Verizon Communications Inc. (“Verizon”) at 24 data center sites (the “Selected Sites of Verizon’s Colocation and Data Center Interconnect Operations” or the “Selected Verizon Data Center Business”) for \$3.6 billion, subject to certain adjustments, in an all cash transaction. The Selected Verizon Data Center Business includes real property interests in 29 data center buildings across 15 metro areas located in the United States, Brazil and Colombia. The Company anticipates completing the acquisition of the Selected Verizon Data Center Business (the “Acquisition”) by mid-2017, subject to the satisfaction of closing conditions.

The colocation service business at the selected data centers to be acquired currently includes services provided to Verizon under arrangements that will be terminated at the closing of the Acquisition. The Company and Verizon have agreed to enter into agreements at the closing of the Acquisition pursuant to which the Company will provide space and services to Verizon at the acquired data centers. As the terms and conditions of these arrangements are subject to further negotiation, finalization and approval, financial results from these arrangements are not included in the abbreviated financial statements of the Selected Sites of Verizon’s Colocation and Data Center Interconnect Operations and are not reflected in these unaudited pro forma condensed combined financial statements. Also, for the preparation of these unaudited pro forma condensed combined financial conditions, the Company excluded these potential arrangements from the preliminary fair valuation of the intangible assets, and the excess of the purchase price of \$3.6 billion over the fair value of the net tangible and intangible assets acquired is allocated to goodwill. As these arrangements are finalized and more information becomes available at the closing of the Acquisition, the fair value of the intangible assets and the amount allocated to goodwill, as well as the financial results, will be materially different from the pro forma adjustments presented here.

The unaudited pro forma condensed combined balance sheet as of December 31, 2016 was prepared by combining the historical consolidated balance sheet data as of December 31, 2016 for Equinix and the statement of assets acquired and liabilities assumed of the Selected Sites of Verizon’s Colocation and Data Center Interconnect Operations as of December 31, 2016, as adjusted, to comply with the Company’s accounting policies, as if the Acquisition and the Financings (see Note 5) had been consummated on that date. In addition to the adjustments, certain balance sheet reclassifications have also been reflected in order to conform the Selected Sites of Verizon’s Colocation and Data Center Interconnect Operations’ statement of assets acquired and liabilities assumed to the Company’s balance sheet presentation. Refer to Note 2 for a discussion of these adjustments.

The unaudited pro forma condensed combined statement of operations for the year ended December 31, 2016 combines the results of operations of Equinix and the statement of net revenues and direct expenses of the Selected Sites of Verizon’s Colocation and Data Center Interconnect Operations as if the Acquisition, the Financings (see Note 5), and the TelecityGroup Acquisition had been consummated on January 1, 2016. Certain statement of operations reclassifications have also been reflected in order to conform to the Company’s statement of operations presentation. Refer to Note 3 for a discussion of these accounting policy and reclassification adjustments.

The historical consolidated financial information has been adjusted in the accompanying unaudited pro forma condensed combined financial information to give effect to pro forma events that are (i) directly attributable to the Acquisition, the Financings and the TelecityGroup Acquisition that was completed on January 15, 2016, (ii) factually supportable, and (iii) with respect to the unaudited pro forma condensed combined statement of operations, expected to have a continuing impact on the consolidated results.

The acquisition method of accounting, based on Accounting Standards Codification Topic (“ASC”) 805, “Business Combinations,” uses the fair value concepts defined in ASC 820, “Fair Value Measurement” (“ASC 820”). Fair value is defined in ASC 820 as the “price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.” This is an exit price concept for the valuation of an asset or liability. Market participants are assumed to be buyers or sellers in the most advantageous market for the asset or liability. Fair value measurement for an asset assumes the highest and best use by these market participants, and as a result, assets may be required to be recorded which are not intended to be used or sold and/or to value assets at a fair value measurement that do not reflect management’s intended use for those assets. Fair value measurements can be highly subjective and it is possible the application of reasonable judgment could develop different assumptions resulting in a range of alternative estimates using the same facts and circumstances.

ASC 805 requires, among other things, that assets acquired and liabilities assumed in a business combination be recognized at fair value as of the acquisition date. As of the date of this filing the accompanying unaudited pro forma purchase price allocation is preliminary and is subject to further adjustments as additional information becomes available and as additional analyses are performed.

4. Purchase price—Selected Verizon Data Center Business

The Acquisition represents a total value of approximately \$3.6 billion. Under the acquisition method of accounting, the total estimated purchase price is allocated to the Selected Verizon Data Center Business' assets and liabilities based upon their estimated fair value as of the date of completion of the Acquisition. Based upon the estimated purchase price and the preliminary valuation, the preliminary purchase price allocation, which is subject to change based on Equinix's final analysis is as follows (in thousands):

Preliminary purchase price allocation	
Other current assets	\$ 53
Property, plant and equipment	978,872
Goodwill	1,897,758

The preliminary purchase price allocation for the Acquisition is subject to revision as more detailed analysis is completed and additional information on the fair values of the Selected Verizon Data Center Business' assets and liabilities becomes available. Any changes in the fair value of the net assets of the Selected Verizon Data Center Business will change the amount of the purchase price allocable to goodwill. The final allocation of the purchase price, which will be based upon actual tangible and intangible assets acquired as well as liabilities assumed, will be determined after the completion of the Acquisition, and will differ materially from the unaudited pro forma condensed combined financial statements presented here. See Note 1 for more discussion about some of the arrangements, subject to further negotiation, finalization and approval, that will have a material impact to the purchase price allocation presented above.

5. Selected Verizon Data Center Business acquisition financings

Concurrently, and in connection with entering into the acquisition agreement with Verizon, Equinix entered into a commitment letter (the "Commitment Letter"), dated December 6, 2016, with JPMorgan Chase Bank, N.A., Bank of America, N.A. and Merrill Lynch, Pierce, Fenner & Smith Incorporated (the "Commitment Parties"), pursuant to which the Commitment Parties committed to provide a senior unsecured bridge facility in aggregate principal amount of \$2.0 billion for the purposes of funding (i) a portion of the cash consideration for the Acquisition and (ii) the fees and expenses incurred in connection with the Acquisition.

The financing commitments of the Commitment Parties are subject to various conditions set forth in the Commitment Letter. The Company intends to obtain permanent financing prior to the closing of the Acquisition

[Table of Contents](#)

to replace the Commitment Letter and intends to then terminate the Commitment Letter. For purposes of the unaudited pro forma condensed combined financial statements, Equinix has assumed the permanent financing for the Acquisition will consist of:

- The full amount of the €1.0 billion Term B-2 Loan was borrowed on January 6, 2017 which translated to US\$1.0525 billion. The Term B-2 Loan will bear interest at an index rate based on EURIBOR plus a margin of 3.25%. No original issue discount is applicable to the Term B-2 Loan. The Term B-2 Loan must be repaid in equal quarterly installments of 0.25% of the original principal amount of the Term B-2 Loan, with the remaining amount outstanding to be repaid in full on the seventh anniversary of the funding date of the Term B-2 Loan.
- An assumed \$1,125.0 million aggregate principal amount of 10-year fixed rate senior notes with an assumed interest rate of 5.375%. For the purpose of these unaudited pro forma condensed combined financial statements, the debt issuance costs related to the senior notes are assumed to be approximately \$15.8 million and will be amortized to interest expense using the effective interest method over the 10-year terms of the notes.
- The sale of 4.7 million shares of Equinix common stock at a price of \$375.69 per share, the NASDAQ Global Select Market closing price of Equinix common stock on March 3, 2017, resulting in estimated proceeds of \$1,750.0 million before deducting estimated discounts and commissions and expenses, and excluding any shares that may be issued if the underwriters exercise their option to purchase additional shares of common stock. For the purpose of these unaudited pro forma condensed combined financial statements, transaction costs are assumed to be \$47.0 million. If the underwriters exercise their option to purchase an additional 15% of the equity offering in full, the Company would issue an additional 0.7 million shares of Equinix common stock at an estimated price of \$375.69 per share and receive additional estimated proceeds of \$262.5 million before transaction costs of approximately \$7.0 million. If the common stock offering increases by 25%, the Company would issue an additional 1.2 million shares of Equinix common stock at an estimated price of \$375.69 per share and receive additional estimated proceeds of \$437.5 million before transaction costs of approximately \$11.6 million.

The final structure and terms of the Financings, other than the borrowing of the Term B-2 Loan, will be subject to market conditions and may change materially from the assumptions described above. Changes in the assumptions described above would result in changes to various components of the unaudited pro forma condensed combined balance sheet, including cash and cash equivalents, long-term debt and additional paid-in capital, and various components of the unaudited pro forma condensed combined statements of income, including interest expense, earnings per share and weighted-average shares outstanding. Depending upon the nature of the changes, the impact on the unaudited pro forma condensed combined financial statements could be material.

6. Pro forma adjustments

The accompanying unaudited pro forma condensed combined financial statements have been prepared as if the transactions described above were completed on December 31, 2016 for balance sheet purposes and as of January 1, 2016 for statement of operations purposes.

- (v) Reflects adjustment to the weighted-average shares outstanding for purposes of calculating basic and diluted earnings per share (“EPS”). Reflects the issuance of 4.7 million shares of common stock in connection with the Financings (see Note 5). Only common shares issued which are directly attributable to the Financings are included in the calculation of basic and diluted pro forma earnings per share. Description of notes

This section describes the 5.375% senior notes due 2027 (the “notes”) that will be issued by the Company. The Company will issue the notes under a supplemental indenture (the “*Supplemental Indenture*”) to that certain base indenture, dated as of November 20, 2014 (together with the Supplemental Indenture, the “*Indenture*”), between itself and U.S. Bank National Association, as Trustee (the “*Trustee*”). The following is a summary of the material provisions of the Indenture. The Indenture will comply with the Trust Indenture Act of 1939. The terms of the notes include those stated in the Indenture and those made part of the Indenture by reference to certain provisions of the Trust Indenture Act. You can find definitions of certain capitalized terms used in this description under “—Certain definitions.”

For purposes of this section, references to the “*Company*” include only Equinix, Inc. and not its subsidiaries. You are encouraged to read the Indenture because it, and not this description, defines your rights as a holder of the notes. Copies of the Indenture are available upon request to the Company at the address indicated under “Where you can find more information” in this prospectus supplement.

The Company will issue the notes in fully registered form in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The Trustee will initially act as Paying Agent and Registrar for the notes. The notes may be presented for registration or transfer and exchange at the offices of the Registrar. The Company may change any Paying Agent and Registrar without notice to holders of the notes (the “*Holder*s”). The Company will pay principal (and premium, if any) on the notes at the Trustee’s corporate trust office. At the Company’s option, interest may be paid at the Trustee’s corporate trust office or by check mailed to the registered address of Holders.

Principal, maturity and interest

The Company is issuing \$1,250 million aggregate principal amount of notes in this offering and, subject to compliance with the limitations described under “—Certain covenants—Limitation on incurrence of additional Indebtedness,” may issue an unlimited principal amount of additional notes at later dates under the same Indenture as the notes (the “*Additional Notes*”). Any Additional Notes that the Company issues in the future will be identical in all respects to the notes and will be treated as a single class for all purposes under the Indenture with the notes offered hereby, except that such Additional Notes will have different issuance dates and may have different issuance prices; provided that if any such Additional Notes are not fungible with the notes offered hereby for U.S. federal income tax purposes, such Additional Notes will have one or more separate CUSIP numbers. Unless the context requires otherwise, references to “notes” for all purposes of the Indenture and this “Description of notes” include any Additional Notes that are actually issued.

The notes will mature on May 15, 2027.

Interest on the notes will accrue at a rate of 5.375% per annum. Interest on the notes will be payable semiannually in arrears on May 15 and November 15 of each year commencing on May 15, 2017. The Company will pay interest to those persons who were holders of record on the May 1 or November 1 immediately preceding each interest payment date. Interest on the notes will accrue from the date of original issuance or, if interest has already been paid, from the date it was most recently paid. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

The notes will not be entitled to the benefit of any mandatory sinking fund.

Ranking

The notes will be general senior obligations of the Company. The Holders' right to payment under these notes will be:

- effectively subordinated to all of the existing and any future secured indebtedness of the Company, including debt outstanding under any Bank Facility or secured by any mortgage, to the extent of the assets securing such debt;
- structurally subordinated to any existing and future indebtedness and other liabilities (including trade payables) of any Subsidiaries of the Company;
- equal in right of payment to all existing and any future senior indebtedness of the Company; and
- senior in right of payment to any existing and future subordinated indebtedness of the Company.

At December 31, 2016, after giving effect to the Term B-2 Loan Borrowings and this offering,

- the Company would have had total consolidated indebtedness of approximately \$9.1 billion, approximately \$2.1 billion of which would have represented secured indebtedness, which excludes approximately \$1.5 billion of capital lease and other financing obligations;
- if the Company borrowed all of the approximately \$1.4 billion available under its revolving credit facility (including the exercise in full of the Company's right to increase its size subject to certain conditions), \$1.4 billion of such borrowings would have been secured indebtedness; and
- the Subsidiaries of the Company would have had approximately \$1.8 billion of indebtedness which includes \$1.4 billion of capital lease and other financing obligations (excluding trade payables and intercompany items and liabilities of a type not required to be reflected on a balance sheet of such Subsidiaries in accordance with GAAP), all of which would have been structurally senior to the notes.

Special mandatory redemption

We intend to use the net proceeds from this offering to finance in part the Acquisition purchase price and related transaction fees and expenses and for general corporate purposes, which may include repayment of indebtedness, capital expenditures, working capital and acquisitions of complementary businesses or assets, as described under the heading "Use of proceeds." If the Acquisition is not completed on or prior to December 6, 2017, or if, prior to such date, the Transaction Agreement is terminated (each, a "*Special Mandatory Redemption Event*"), the provisions set forth below will be applicable.

Upon the occurrence of a Special Mandatory Redemption Event, the notes will be redeemed in whole at a special mandatory redemption price (the "*Special Mandatory Redemption Price*") equal to 100% of the aggregate principal amount of the notes, plus accrued and unpaid interest on the principal amount of the notes to, but not including, the Special Mandatory Redemption Date (as defined below).

Upon the occurrence of a Special Mandatory Redemption Event, the Company will promptly (but in no event later than 5 business days following such Special Mandatory Redemption Event) notify the Trustee in writing of such event, and the Trustee will, no later than 5 business days following receipt of such notice from the Company, notify the Holders (such date of notification to the Holders, the "*Redemption Notice Date*"), that the notes will be redeemed on the 30th day following the Redemption Notice Date (such date, the "*Special Mandatory Redemption Date*"), in each case in accordance with the applicable provisions of the Indenture. The Trustee, upon receipt of the notice specified above, on the Redemption Notice Date will notify each Holder in

[Table of Contents](#)

accordance with the applicable provisions of the Indenture that all of the outstanding notes will be redeemed at the Special Mandatory Redemption Price on the Special Mandatory Redemption Date automatically and without any further action by the Holders of the notes. At or prior to 12:00 p.m. (New York City time) on the business day immediately preceding the Special Mandatory Redemption Date, the Company will irrevocably deposit with the Trustee funds sufficient to pay the Special Mandatory Redemption Price for the notes (the “*Special Mandatory Redemption Payment*”). If such deposit is made as provided above, the notes will cease to bear interest on and after the Special Mandatory Redemption Date.

If a Special Mandatory Redemption Event occurs, there can be no assurance that the Company will have sufficient funds available to pay the Special Mandatory Redemption Price with respect to the notes on the Special Mandatory Redemption Date. In the event the Company is required to make the Special Mandatory Redemption Payment, the Company expects that it would seek third-party financing to the extent it does not have sufficient funds available to meet its redemption obligations. However, there can be no assurance that the Company would be able to obtain such financing. In addition, there can be no assurance that the Company would be able to obtain the consents necessary to make the Special Mandatory Redemption Payment from the lenders under agreements governing outstanding Indebtedness that may in the future prohibit the Special Mandatory Redemption Payment. The failure to make a Special Mandatory Redemption Payment if and when required would constitute an Event of Default under the Indenture. See “Risk Factors—We may not be able to redeem the notes upon a Special Mandatory Redemption Event.”

Optional redemption

Other than as described in “—Special mandatory redemption” and as set forth below, the notes are not redeemable prior to maturity.

At any time prior to May 15, 2020, the Company may on any one or more occasions redeem up to 35% of the aggregate principal amount of the notes (calculated giving effect to any issuance of Additional Notes) outstanding under the Supplemental Indenture, at a redemption price equal to 105.375% of the principal amount of the notes to be redeemed, plus accrued and unpaid interest to, but not including, the redemption date, with the net cash proceeds of one or more Equity Offerings; provided that

(1) at least 65% of the aggregate principal amount of the notes (calculated giving effect to any issuance of Additional Notes) issued under the Supplemental Indenture remains outstanding immediately after the occurrence of such redemption (excluding notes held by the Company and its subsidiaries); and

(2) the redemption must occur within 90 days of the date of the closing of such Equity Offering.

On or after May 15, 2022, the Company may redeem all or a part of the notes, on any one or more occasions, at the redemption prices (expressed as percentages of principal amount) set forth below plus accrued and unpaid interest thereon, if any, to, but not including, the applicable redemption date, if redeemed during the twelve-month period beginning on May 15 of each of the years indicated below:

	Redemption price of the notes
2022	102.688%
2023	101.792%
2024	100.896%
2025 and thereafter	100.000%

At any time prior to May 15, 2022, the Company may also redeem all or a part of the notes at a redemption price equal to 100% of the principal amount of notes redeemed plus the Applicable Premium as of, and accrued and unpaid interest, if any, to, but not including, the date of redemption (the “*Redemption Date*”), subject to the

rights of Holders of record of notes on the relevant record date to receive interest due on the relevant interest payment date.

Selection and notice of redemption

In the event that the Company chooses to redeem less than all of the notes, selection of the notes for redemption will be made by the Trustee:

1. in compliance with the requirements of the principal national securities exchange, if any, on which the notes are listed; or
2. if the notes are not listed on a national securities exchange, on a pro rata basis, by lot or by such method as the Trustee shall deem fair and appropriate; subject in each case to DTC procedures.

No notes of a principal amount of \$2,000 or less shall be redeemed in part. Notice of redemption will be mailed by first-class mail at least 30 but not more than 60 days before the redemption date to each Holder of notes to be redeemed at its registered address, *provided* that, if the redemption notice is issued in connection with a defeasance of the notes or satisfaction and discharge of the Indenture governing the notes, the notice of redemption may be delivered more than 60 calendar days before the date of redemption. If any note is to be redeemed in part only, then the notice of redemption that relates to such note must state the portion of the principal amount thereof to be redeemed. A new note in a principal amount equal to the unredeemed portion thereof will be issued in the name of the Holder thereof upon cancellation of the original note (or appropriate adjustments to the amount and beneficial interests in a global note will be made). On and after the redemption date, interest will cease to accrue on notes or portions thereof called for redemption as long as the Company has deposited with the Paying Agent funds in satisfaction of the applicable redemption price. Any redemption or notice of redemption may, at our discretion, be subject to one or more conditions precedent.

Mandatory redemption; offers to purchase; open market purchases

Other than as described in “—Special mandatory redemption”, we are not required to make any mandatory redemption or sinking fund payments with respect to the notes. However, under certain circumstances, we may be required to offer to purchase notes as described under “—Change of control” and “—Certain covenants— Limitation on asset sales.” We may at any time and from time to time purchase notes in the open market or otherwise, subject to compliance with applicable securities laws.

Holding company structure

The Company is a holding company for its Subsidiaries. Substantially all of the Company’s operations are conducted through its Subsidiaries and the Company derives substantially all its revenues from its Subsidiaries, and substantially all of its operating assets are owned by its Subsidiaries. Accordingly, the Company is dependent upon the distribution of the earnings of its Subsidiaries, whether in the form of dividends, advances or payments on account of intercompany obligations, to service its debt obligations. In addition, the claims of the Holders are subject to the prior payment of all liabilities (whether or not for borrowed money) and to any preferred stock interest of such Restricted Subsidiaries. There can be no assurance that, after providing for all prior claims, there would be sufficient assets available from the Company and its Subsidiaries to satisfy the claims of the Holders of notes. See “Risk Factors—Our subsidiaries will not guarantee the notes. We depend in large part on the cash flow from our subsidiaries to meet our obligations, and your claims will be subordinated to all of the creditors of these subsidiaries.”

Guarantees

On the Issue Date, the notes will not be guaranteed by any of the Company’s Subsidiaries. To the extent that, in the future, any Domestic Restricted Subsidiary of the Company becomes a Guarantor pursuant to the

“Subsidiary guarantees” covenant, such Guarantor will unconditionally, jointly and severally guarantee the Company’s obligations under the Indenture and the notes on a senior unsecured basis. The obligations of each Guarantor under its Guarantee will be limited as necessary to prevent the Guarantee from constituting a fraudulent conveyance or fraudulent transfer under applicable law.

Change of control

Upon the occurrence of a Change of Control, unless the Company or a third party has previously or concurrently mailed a redemption notice with respect to all outstanding notes as described under “—Special mandatory redemption” or “—Optional redemption,” the Company will be required to make an offer to purchase each Holder’s notes pursuant to the offer described below (the “*Change of Control Offer*”), at a purchase price equal to 101% of the principal amount thereof plus accrued and unpaid interest to the date of purchase.

Within 30 days following the date upon which the Change of Control occurred, the Company must send, or cause the Trustee to send, by first class mail, a notice to each Holder, with a copy to the Trustee, which notice shall govern the terms of the Change of Control Offer. Such notice shall state, among other things, the purchase date, which must be no earlier than 30 days nor later than 60 days after the date such notice is mailed, other than as may be required by law (the “*Change of Control Payment Date*”). Holders electing to have a note purchased pursuant to a Change of Control Offer will be required to surrender the note, with the form entitled “Option of Holder to Elect Purchase” on the reverse of the note completed and specifying the portion (equal to \$2,000 and integral multiples of \$1,000 in excess thereof) of such Holder’s notes that it agrees to sell to the Company pursuant to the Change of Control Offer, to the Paying Agent at the address specified in the notice prior to the close of business on the third business day prior to the Change of Control Payment Date.

If a Change of Control Offer is made, there can be no assurance that the Company will have available funds sufficient to pay the purchase price for all the notes that might be delivered by Holders seeking to accept the Change of Control Offer. In the event the Company is required to purchase outstanding notes pursuant to a Change of Control Offer, the Company expects that it would seek third-party financing to the extent it does not have available funds to meet its purchase obligations. However, there can be no assurance that the Company would be able to obtain such financing. In addition, there can be no assurance that the Company would be able to obtain the consents necessary to consummate a Change of Control Offer from the lenders under agreements governing outstanding Indebtedness that may in the future prohibit the Change of Control Offer. The failure to consummate a Change of Control Offer would constitute an Event of Default under the Indenture. See “Risk Factors—We may not be able to repurchase the notes upon a Change of Control” for more information.

One of the events that constitutes a Change of Control under the Indenture is the disposition of “all or substantially all” of the Company’s assets. This term has not been interpreted under New York law, which is the governing law of the Indenture, to represent a specific quantitative test. As a consequence, if Holders of the notes assert that the Company is required to make a Change of Control Offer and the Company elects to contest such assertion, there is uncertainty as to how a court interpreting New York law would interpret the term. Neither the Board of Directors of the Company nor the Trustee may waive the covenant of the Company to make a Change of Control Offer following a Change of Control. Restrictions in the Indenture described herein on the ability of the Company and its Subsidiaries to incur additional Indebtedness, to grant Liens on the property of the Company and the Restricted Subsidiaries and to make Restricted Payments may also make more difficult or discourage a takeover of the Company, whether favored or opposed by the management or stockholders of the Company. There can be no assurance that the Company or the acquiring party will have sufficient financial resources to effect a Change of Control Offer. Such restrictions may, in certain circumstances, make more difficult or discourage any leveraged buyout of the Company or any of its Subsidiaries by their respective management. However, the Indenture may not afford the Holders protection in all circumstances from the adverse aspects of a highly leveraged transaction, reorganization, amalgamation, restructuring, merger or similar transaction.

[Table of Contents](#)

The Company will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by the Company and purchases all notes validly tendered and not withdrawn under such Change of Control Offer. The Company (or a third party) may make a Change of Control Offer in advance of, and conditioned upon, any Change of Control.

The Company will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with the repurchase of notes pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the “Change of Control” provisions of the Indenture, the Company shall comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations under the “Change of Control” provisions of the Indenture by virtue thereof.

Certain covenants

The Indenture will contain, among others, the following covenants:

Suspension of covenants.

During any period of time that: (i) the notes have Investment Grade Ratings from at least two Rating Agencies and (ii) no Default or Event of Default has occurred and is continuing under the Indenture (the occurrence of the events described in the foregoing clauses (i) and (ii) being collectively referred to as a “*Covenant Suspension Event*”), the Company and its Restricted Subsidiaries will not be subject to the following provisions of the Indenture:

- (1) “—Limitation on incurrence of additional indebtedness”;
- (2) “—Limitation on restricted payments”;
- (3) “—Limitation on asset sales”;
- (4) “—Limitation on dividend and other payment restrictions affecting subsidiaries”;
- (5) “—Limitation on preferred stock of domestic restricted subsidiaries”;
- (6) clause 2 of the first paragraph of “—Consolidation, merger and sale of assets”;
- (7) “— Limitations on transactions with affiliates”; and
- (8) “—Subsidiary guarantees”

(collectively, the “*Suspended Covenants*”). Upon the occurrence of a Covenant Suspension Event, the Guarantees, if any, of any Guarantors will also be suspended as of such date (the “*Suspension Date*”). In the event that the Company and the Restricted Subsidiaries are not subject to the Suspended Covenants for any period of time as a result of the foregoing, and on any subsequent date (the “*Reversion Date*”) one or more of the Rating Agencies withdraw their Investment Grade Rating or downgrade the rating assigned to the notes below an Investment Grade Rating such that the notes do not have Investment Grade Ratings from at least two Rating Agencies, then the Company and the Restricted Subsidiaries will thereafter again be subject to the Suspended Covenants with respect to future events and the Guarantees, if any, of any Guarantors will be reinstated if such Guarantees are then required by the terms of the Indenture. The period of time between the Suspension Date and the Reversion Date is referred to in this description as the “*Suspension Period*.” Notwithstanding that the Suspended Covenants may be reinstated, no Default or Event of Default will be deemed to have occurred as a result of a failure to comply with the Suspended Covenants during the Suspension Period (or upon termination of the Suspension Period or after that time based solely on events that occurred during the Suspension Period).

[Table of Contents](#)

On the Reversion Date, all Indebtedness incurred, or Disqualified Capital Stock or Preferred Stock issued, during the Suspension Period will be classified as having been incurred or issued pursuant to paragraph (a) of “—Limitation on incurrence of additional indebtedness” below or one of the clauses set forth in paragraph (b) of “—Limitation on incurrence of additional indebtedness” below (to the extent such Indebtedness or Disqualified Capital Stock or Preferred Stock would be permitted to be incurred or issued thereunder as of the Reversion Date and after giving effect to Indebtedness incurred or issued prior to the Suspension Period and outstanding on the Reversion Date). To the extent such Indebtedness or Disqualified Capital Stock or Preferred Stock would not be so permitted to be incurred or issued pursuant to paragraph (a) or (b) of “—Limitation on incurrence of additional indebtedness,” such Indebtedness or Disqualified Capital Stock or Preferred Stock will be deemed to have been outstanding on the Issue Date, so that it is classified as permitted under clause (3) of paragraph (b) of “—Limitation on incurrence of additional indebtedness.” Calculations made after the Reversion Date of the amount available to be made as Restricted Payments under “—Limitation on restricted payments” will be made as though the covenant described under “—Limitation on restricted payments” had been in effect since the Issue Date and throughout the Suspension Period. Accordingly, Restricted Payments made during the Suspension Period will reduce the amount available to be made as Restricted Payments under the first paragraph of “—Limitation on restricted payments.” As described above, however, no Default or Event of Default will be deemed to have occurred on the Reversion Date as a result of any actions taken by the Company or its Restricted Subsidiaries during the Suspension Period.

Limitation on incurrence of additional indebtedness.

(a) The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, assume, guarantee, acquire, become liable, contingently or otherwise, with respect to, or otherwise become responsible for payment of (collectively, “*incur*”) any Indebtedness (other than Permitted Indebtedness); provided that if no Default or Event of Default shall have occurred and be continuing at the time of or as a consequence of the incurrence of any such Indebtedness, the Company or any of its Restricted Subsidiaries may incur Indebtedness if on the date of the incurrence of such Indebtedness, after giving effect to the incurrence thereof (or, in the case of Designated Revolving Commitments, on the date such Designated Revolving Commitments are designated as such (but only to the extent and so long as so designated) after giving *pro forma* effect to the incurrence of the entire committed amount of Indebtedness designated thereunder, in which case such designated amount under such Designated Revolving Commitments may thereafter be borrowed, repaid and reborrowed, in whole or in part, from time to time, without further compliance with any limitation on the incurrence of additional indebtedness set forth in this section titled “Limitation on incurrence of additional indebtedness”), the Consolidated Fixed Charge Coverage Ratio of the Company would have been greater than 2.0 to 1.0; *provided* that the amount of Indebtedness that may be incurred and Disqualified Capital Stock or Preferred Stock that may be issued pursuant to the foregoing by any Restricted Subsidiaries that are not Guarantors (other than borrowings under a Bank Facility which is secured by Liens incurred pursuant to clause 2(a) of the “—Limitation on liens” covenant) shall not exceed \$1,500.0 million at any one time outstanding.

(b) The foregoing will not apply to (collectively, “*Permitted Indebtedness*”):

1. Indebtedness under the notes (other than any Additional Notes) issued on the Issue Date;
2. Indebtedness incurred pursuant to any Bank Facility in an aggregate principal amount at any one time outstanding not to exceed \$3,500.0 million;
3. other Indebtedness of the Company and its Restricted Subsidiaries outstanding on the Issue Date (other than Indebtedness under clauses 1, 2 or 19 of this paragraph (b)) reduced by the amount of any scheduled amortization payments, mandatory prepayments when actually paid, conversions or permanent reductions thereof;

4. Interest Swap Obligations of the Company or any Restricted Subsidiary of the Company covering Indebtedness of the Company or any of its Restricted Subsidiaries; *provided* that such Interest Swap Obligations are entered into to protect the Company and its Restricted Subsidiaries from fluctuations in interest rates on its outstanding Indebtedness incurred without violation of the Indenture to the extent the notional principal amount of such Interest Swap Obligation does not, at the time of the incurrence thereof, exceed the principal amount of the Indebtedness to which such Interest Swap Obligation relates;
5. Indebtedness under Currency Agreements; *provided* that in the case of Currency Agreements which relate to Indebtedness, such Currency Agreements do not increase the Indebtedness of the Company and its Restricted Subsidiaries outstanding other than as a result of fluctuations in foreign currency exchange rates or by reason of fees, indemnities and compensation payable thereunder;
6. Indebtedness of a Restricted Subsidiary of the Company owing to and held by the Company or a Wholly Owned Restricted Subsidiary of the Company for so long as such Indebtedness is held by the Company or a Wholly Owned Restricted Subsidiary of the Company or the holder of a Lien permitted under the Indenture, in each case subject to no Lien held by a Person other than the Company or a Wholly Owned Restricted Subsidiary of the Company or the holder of a Lien permitted under the Indenture; *provided* that if as of any date any Person other than the Company or a Wholly Owned Restricted Subsidiary of the Company or the holder of a Lien permitted under the Indenture owns or holds any such Indebtedness or holds a Lien in respect of such Indebtedness, such date shall be deemed the incurrence of Indebtedness not constituting Permitted Indebtedness under this clause 6 by the issuer of such Indebtedness;
7. Indebtedness of the Company owing to and held by a Wholly Owned Restricted Subsidiary of the Company for so long as such Indebtedness is held by a Wholly Owned Restricted Subsidiary of the Company or the holder of a Lien permitted under the Indenture, in each case subject to no Lien other than a Lien permitted under the Indenture; *provided* that if as of any date any Person other than a Wholly Owned Restricted Subsidiary of the Company or the holder of a Lien permitted under the Indenture owns or holds any such Indebtedness or any Person holds a Lien in respect of such Indebtedness, such date shall be deemed the incurrence of Indebtedness not constituting Permitted Indebtedness under this clause 7 by the Company;
8. Indebtedness arising from the honoring by a bank or other financial institution of a check, draft or similar instrument inadvertently (except in the case of daylight overdrafts) drawn against insufficient funds in the ordinary course of business; *provided* that such Indebtedness is extinguished within five business days of incurrence;
9. Indebtedness of the Company or any of its Restricted Subsidiaries in respect of performance bonds, bankers' acceptances, workers' compensation claims, surety, bid, appeal or similar bonds, completion guarantees, payment obligations in connection with self-insurance or similar obligations, and bank overdrafts (and letters of credit in respect thereof) in the ordinary course of business;
10. Indebtedness represented by Capitalized Lease Obligations of the Company and its Restricted Subsidiaries not to exceed (together with any Refinancing Indebtedness with respect thereto) 20.0% of Total Assets at any one time outstanding;
11. Indebtedness represented by mortgage financings and Purchase Money Indebtedness of the Company and its Restricted Subsidiaries not to exceed (together with any Refinancing Indebtedness with respect thereto) 20.0% of Total Assets at any one time outstanding;
12. Refinancing Indebtedness;

[Table of Contents](#)

13. Indebtedness of the Company or any Restricted Subsidiary consisting of “earn-out” obligations, guarantees, indemnities or obligations in respect of purchase price adjustments in connection with the acquisition or disposition of assets (including Capital Stock);

14. Indebtedness incurred by the Company or any of the Restricted Subsidiaries in respect of letters of credit, bank guarantees or similar instruments issued or created in the ordinary course of business, including in respect of health, disability or other employee benefits or property, casualty or liability insurance or self-insurance or other Indebtedness with respect to reimbursement-type obligations regarding workers’ compensation claims; provided that any reimbursement obligations in respect thereof are reimbursed within 60 days following the incurrence thereof;

15. Indebtedness in respect of Sale and Leaseback Transactions in an aggregate amount not to exceed the greater of \$750.0 million and 5.0% of Total Assets at any one time outstanding;

16. Acquired Indebtedness, if on the date that such Indebtedness is incurred, after giving pro forma effect thereto, (A) the Company or such Restricted Subsidiary, as the case may be, shall be able to incur at least \$1.00 of additional Indebtedness (other than Permitted Indebtedness) pursuant to the first paragraph above under this covenant, or (B) the Consolidated Fixed Charge Coverage Ratio of the Company would be no less than the Consolidated Fixed Charge Coverage Ratio of the Company immediately prior to the date such Indebtedness is incurred;

17. Additional Indebtedness of the Company and its Restricted Subsidiaries in an aggregate principal amount (or accreted value) not to exceed the greater of \$750.0 million and 5.0% of Total Assets at any one time outstanding (which amounts may, but need not, be incurred in whole or in part under the Bank Facility); provided that the amount of Indebtedness that may be incurred pursuant to this clause 17 by any Restricted Subsidiaries (other than borrowings under a Bank Facility which is secured by Liens incurred pursuant to clause 2(a) of the “—Limitation on liens” covenant) that are not Guarantors shall not exceed \$250.0 million at any one time outstanding;

18. Indebtedness represented by guarantees by the Company or its Restricted Subsidiaries of Indebtedness otherwise permitted to be incurred under the Indenture; provided that, in the case of a guarantee by a Restricted Subsidiary, such Restricted Subsidiary complies with the “Subsidiary guarantees” covenant to the extent applicable; and

19. Permitted Foreign Subsidiary Debt.

(c) For purposes of determining compliance with this “Limitation on incurrence of additional indebtedness” covenant, in the event that all or a portion of an item of Indebtedness meets the criteria of more than one of the categories of Permitted Indebtedness described in clauses 1 through 19 of paragraph (b) above or is entitled to be incurred pursuant to the Consolidated Fixed Charge Coverage Ratio provisions of such covenant, the Company shall, in its sole discretion, classify (or later reclassify) such item of Indebtedness, in whole or in part, in any manner that complies with this covenant; provided that all Indebtedness outstanding under the Bank Facility up to the maximum amount permitted under clause 2 of paragraph (b) above shall be deemed to have been incurred pursuant to clause 2 of paragraph (b). Accrual of interest, whether payable in cash or in kind, accretion or amortization of original issue discount, imputed interest, the payment of interest on any Indebtedness in the form of additional Indebtedness with the same terms, and the payment of dividends on Disqualified Capital Stock in the form of additional shares of the same class of Disqualified Capital Stock will not be deemed to be an incurrence of Indebtedness or an issuance of Preferred Stock of a Restricted Subsidiary or Disqualified Capital Stock, as applicable, for purposes of this “Limitation on incurrence of additional indebtedness” covenant.

[Table of Contents](#)

(d) In addition, the Company will not, and will not permit any Restricted Subsidiary that becomes a Guarantor to, directly or indirectly, incur any Indebtedness which by its terms (or by the terms of any agreement governing such Indebtedness) is expressly subordinated in right of payment to any other Indebtedness of the Company or such Guarantor, as the case may be, unless such Indebtedness is also by its terms (or by the terms of any agreement governing such Indebtedness) made expressly subordinate to the notes or the applicable Guarantee, as the case may be, to the same extent and in the same manner as such Indebtedness is subordinated to other Indebtedness of the Company or such Guarantor, as the case may be. For purposes of the foregoing, no Indebtedness will be deemed to be subordinated in right of payment to any other Indebtedness of the Company or any Guarantor solely by virtue of such Indebtedness being unsecured or by virtue of the fact that the holders of such Indebtedness have entered into one or more intercreditor agreements giving one or more of such holders priority over the other holders in the collateral held by them.

(e) For purposes of determining compliance with any U.S. dollar-denominated restriction on the incurrence of Indebtedness, the U.S. dollar-equivalent principal amount of Indebtedness denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was incurred, in the case of term debt, or first committed, in the case of revolving credit debt; provided that if such Indebtedness is Refinancing Indebtedness incurred to Refinance other Indebtedness denominated in a foreign currency, and such refinancing would cause the applicable U.S. dollar-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such U.S. dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such Refinancing Indebtedness does not exceed the principal amount of such Indebtedness being Refinanced. Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that may be incurred pursuant to this covenant will not be deemed to be exceeded with respect to any outstanding Indebtedness due solely to the result of fluctuations in the exchange rates of currencies.

Limitation on restricted payments. The Company will not, and will not cause or permit any of its Restricted Subsidiaries to, directly or indirectly:

1. declare or pay any dividend or make any distribution (other than dividends or distributions payable in Qualified Capital Stock of the Company) on or in respect of shares of the Company's Capital Stock to holders of such Capital Stock;
2. purchase, redeem or otherwise acquire or retire for value any Capital Stock of the Company;
3. make any principal payment on, purchase, defease, redeem, prepay, decrease or otherwise acquire or retire for value, earlier than one year prior to any scheduled final maturity, scheduled repayment or scheduled sinking fund payment, any Subordinated Indebtedness; or
4. make any Investment (other than Permitted Investments)

(each of the foregoing actions set forth in clauses 1, 2, 3 and 4 being referred to as a "*Restricted Payment*"); if at the time of such Restricted Payment or immediately after giving effect thereto,

- (i) a Default or an Event of Default shall have occurred and be continuing;
- (ii) the Company is not able to incur at least \$1.00 of additional Indebtedness (other than Permitted Indebtedness) in compliance with the first paragraph under the "Limitation on incurrence of additional indebtedness" covenant; or
- (iii) the aggregate amount of Restricted Payments (including such proposed Restricted Payment) made subsequent to the Issue Date (the amount expended for such purposes, if other than in cash, being the fair

market value of such property as determined in good faith by the Board of Directors of the Company) shall exceed the sum of:

(v) an amount equal to the Company's Consolidated EBITDA for the period from January 1, 2013 to the end of the Company's most recently ended fiscal quarter for which financial statements are available at the time of such Restricted Payment (the "*Basket Period*") less the product of 1.4 times the Company's Consolidated Interest Expense for the Basket Period; plus

(w) 100% of the aggregate net cash proceeds received by the Company from any Person (other than a Subsidiary of the Company) from the issuance and sale subsequent to January 1, 2013 and on or prior to the date the Restricted Payment occurs (the "*Reference Date*") of Qualified Capital Stock of the Company or warrants, options or other rights to acquire Qualified Capital Stock of the Company (but excluding any debt security that is convertible into, or exchangeable for, Qualified Capital Stock, until such debt security has been converted into, or exchanged for, Qualified Capital Stock); plus

(x) without duplication of any amounts included in clause (iii)(w) above, 100% of the aggregate net cash proceeds of any equity contribution received by the Company from a holder of the Company's Capital Stock subsequent to March 5, 2013 and on or prior to the Reference Date (excluding, in the case of clauses (iii)(w) and (y), any net cash proceeds from any equity offering to the extent used to redeem the notes in compliance with the provisions set forth under "*—Optional redemption*"); plus:

(y) without duplication, the sum of:

1. the aggregate amount returned in cash on or with respect to Investments (other than Permitted Investments) made subsequent to March 5, 2013 whether through interest payments, principal payments, dividends or other distributions or payments;
2. the net cash proceeds received by the Company or any of its Restricted Subsidiaries from the disposition of all or any portion of such Investments (other than to a Subsidiary of the Company);
3. upon redesignation of an Unrestricted Subsidiary as a Restricted Subsidiary (except to the extent the Investment constituted a Permitted Investment), the fair market value of such Subsidiary as of the date of such redesignation; and
4. net cash dividends or other net cash distributions paid to the Company or any Restricted Subsidiary of the Company from any Unrestricted Subsidiaries of the Company; plus:

(z) \$225.0 million;

provided that the sum of clauses 1, 2, 3 and 4 above shall not exceed the aggregate amount of all such Investments made subsequent to March 5, 2013.

As of December 31, 2016, the Company could have made in excess of \$3.97 billion in Restricted Payments while remaining in compliance with the limitations on Restricted Payments set forth above, which amount does not include the availability of certain other exceptions and permitted payments that are available to the Company, particularly in some cases for dividends it expects to continue to make as a REIT.

Notwithstanding the foregoing, the provisions set forth in the immediately preceding paragraph do not prohibit:

1. the payment of any dividend within 60 days after the date of declaration of such dividend if the dividend would have been permitted on the date of declaration;

2. the acquisition of any shares of Capital Stock of the Company, either (i) solely in exchange for shares of Qualified Capital Stock of the Company or (ii) through the application of net proceeds of a substantially concurrent sale for cash (other than to a Subsidiary of the Company) of shares of Qualified Capital Stock of the Company;
3. the acquisition of any Subordinated Indebtedness either (i) solely in exchange for shares of Qualified Capital Stock of the Company, or (ii) through the application of net proceeds of a substantially concurrent sale for cash (other than to a Subsidiary of the Company) of (a) shares of Qualified Capital Stock of the Company or (b) Refinancing Indebtedness;
4. repurchases by the Company of Common Stock of the Company from officers, directors and employees of the Company or any of its Subsidiaries or their authorized representatives upon the death, disability or termination of employment of such employees or termination of their seat on the board of the Company in an aggregate amount not to exceed \$10.0 million in any calendar year;
5. repurchases of Capital Stock deemed to occur upon the exercise of stock options or warrants if such Capital Stock represents a portion of the exercise price and related statutory withholding taxes of such options or warrants;
6. payments of dividends on Disqualified Capital Stock or Preferred Stock of any Restricted Subsidiary, the incurrence or issuance of which was permitted by the Indenture;
7. cash payments in lieu of the issuance of fractional shares in connection with (i) the exercise of warrants, options or other securities convertible into or exchangeable for Capital Stock of the Company or (ii) a merger, consolidation, amalgamation or other combination involving the Company or any of its Subsidiaries;
8. the retirement of any shares of Disqualified Capital Stock of the Company by conversion into, or by exchange for, shares of Disqualified Capital Stock of the Company or out of the net cash proceeds of the substantially concurrent sale (other than to a Subsidiary of the Company) or other shares of Disqualified Capital Stock of the Company;
9. in the event of a Change of Control, and if no Default or Event of Default shall have occurred and be continuing, the payment, purchase, redemption, defeasance or other acquisition or retirement of Subordinated Indebtedness of the Company or any Guarantor, in each case at a purchase price not greater than 101% of the principal amount of such Subordinated Indebtedness, plus accrued and unpaid interest thereon; provided that prior to such payment, purchase, redemption, defeasance or other acquisition or retirement, the Company (or a third party to the extent permitted by the Indenture) has made a Change of Control Offer with respect to the notes offered hereby as a result of such Change of Control and has repurchased all notes validly tendered and not withdrawn in connection with such Change of Control Offer;
10. in the event of an Asset Sale that requires the Company to offer to repurchase notes pursuant to the covenant described under "Limitation on asset sales," and if no Default or Event of Default shall have occurred and be continuing, the payment, purchase, redemption, defeasance or other acquisition or retirement of Subordinated Indebtedness of the Company or any Guarantor, in each case at a purchase price not greater than 100% of the principal amount of such Subordinated Indebtedness, plus accrued and unpaid interest thereon; provided that (A) prior to such payment, purchase, redemption, defeasance or other acquisition or retirement, the Company has made an offer with respect to the notes offered hereby pursuant to the provisions of the covenant described under "Limitation on asset sales" and has repurchased all notes validly tendered and not withdrawn in connection with such offer and (B) the aggregate amount of all such payments, purchases, redemptions, defeasances or other acquisitions or

[Table of Contents](#)

retirements of all such Subordinated Indebtedness may not exceed the amount of the Net Cash Proceeds Amount remaining after the Company has complied with clause 3 of the covenant described under “Limitation on asset sales”; and

11. other Restricted Payments in an aggregate amount not to exceed \$1,000.0 million after the Issue Date.

In determining the aggregate amount of Restricted Payments made subsequent to the Issue Date in accordance with clause (iii) of the immediately preceding paragraph, amounts expended pursuant to clauses 1 and 4 shall be included in such calculation.

Notwithstanding the foregoing, the Company may declare or pay any dividend or make any distribution on or in respect of shares of the Company’s Capital Stock to holders of such Capital Stock, so long as (A)(1) such dividend or distribution is intended to be part of a distribution of the Company’s earnings and profits to satisfy Section 857(a)(2) of the Code or (2) the Company believes in good faith that it qualifies as a “real estate investment trust” under Section 856 of the Code and that the declaration or payment of such dividend or making of such distribution is necessary either to maintain the Company’s status as a REIT for any calendar year or, with respect to any calendar year in which the Company intends to qualify as a REIT, to enable the Company to avoid payment of any tax for any calendar year that would otherwise be required and could be avoided by reason of paying such dividend or making such distribution by the Company to such holders, with such dividend to be paid or distribution to be made as and when determined by the Company, whether during or after the end of the relevant calendar year, and (B) no Default or Event of Default shall have occurred and be continuing. In determining the aggregate amount of Restricted Payments made subsequent to the Issue Date in accordance with clause (iii) of the first paragraph above under the caption “—Limitation on restricted payments”, amounts expended pursuant to clause (A)(2) above shall be included in such calculation.

Limitation on asset sales. The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, consummate an Asset Sale unless:

1. the Company or such Restricted Subsidiary, as the case may be, receives consideration therefor at the time of such Asset Sale at least equal to the fair market value at the time of such Asset Sale of the property, assets or stock sold or otherwise disposed of (as determined in good faith by the Company’s Board of Directors);
2. at least 75% of the consideration received by the Company or the Restricted Subsidiary, as the case may be, from such Asset Sale shall be in the form of cash, Cash Equivalents and/or Replacement Assets (as defined) and is received at the time of such disposition; provided that, for purposes of this clause 2, (a) the amount of any liabilities (as shown on the Company’s or such Restricted Subsidiary’s most recent balance sheet) of the Company or any such Restricted Subsidiary (other than liabilities that are by their terms subordinated in right of payment to the notes or any Guarantee of a Guarantor) that are assumed by the transferee of any such assets, (b) the fair market value of any securities or other assets received by the Company or any such Restricted Subsidiary in exchange for any such assets that are converted into cash or Cash Equivalents within 360 days after such Asset Sale and (c) any Designated Non-cash Consideration received by the Company or any of its Restricted Subsidiaries in such Asset Sale having an aggregate fair market value, taken together with all other Designated Non-cash Consideration received pursuant to this subclause (c) that is at that time outstanding, not to exceed the greater of 2.0% of Total Assets and \$100.0 million at the time of the receipt of such Designated Non-cash Consideration (with the fair market value of each item of Designated Non-cash Consideration being measured at the time received and without giving effect to subsequent changes in value), in each case shall be deemed to be cash for purposes of this provision; and

[Table of Contents](#)

3. upon the consummation of an Asset Sale, the Company shall apply, or cause such Restricted Subsidiary to apply, the Net Cash Proceeds relating to such Asset Sale within 360 days of receipt thereof either:

(a) to permanently reduce Indebtedness under a Bank Facility or to permanently repay any secured Indebtedness (other than Subordinated Indebtedness) of the Company or any Restricted Subsidiary or any Indebtedness of any Restricted Subsidiary that is not a Guarantor;

(b) to make an investment in properties and assets (including Capital Stock) that replace the properties and assets that were the subject of such Asset Sale or in properties and assets that will be used in the business of the Company and its Restricted Subsidiaries as existing on the Issue Date or in businesses reasonably related thereto ("*Replacement Assets*");

(c) to repay other Pari Passu Indebtedness; provided that the Company shall also equally and ratably reduce Indebtedness under the notes by making an offer (in accordance with the procedures set forth below for a Net Proceeds Offer) to all Holders to purchase the pro rata principal amount of notes, in each case at a purchase price equal to 100% of the principal amount thereof, plus accrued and unpaid interest to the repurchase date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date); and/or

(d) a combination of prepayment and investment permitted by the foregoing clauses (a)—(c);

provided that in the case of an investment in Replacement Assets pursuant to clause (b) or (d) above, a binding commitment shall be treated as a permitted application of the Net Cash Proceeds from the date of such commitment and, in the event such binding commitment is later cancelled or terminated for any reason before such Net Cash Proceeds are so applied, the Company or such Restricted Subsidiary enters into another binding commitment within 180 days of such cancellation or termination of the prior binding commitment.

Pending the final application of such Net Cash Proceeds, the Company may temporarily reduce borrowings under the Bank Facility or any other revolving credit facility or otherwise invest the Net Cash Proceeds in any manner not prohibited by the Indenture. On the 361st day after an Asset Sale or such earlier date, if any, as the Board of Directors of the Company or of such Restricted Subsidiary determines not to apply the Net Cash Proceeds relating to such Asset Sale as set forth in clauses 3(a)—(d) of the preceding paragraph (each, a "*Net Proceeds Offer Trigger Date*"), such aggregate amount of Net Cash Proceeds (rounded down to the nearest \$1,000) that has not been applied on or before such Net Proceeds Offer Trigger Date as permitted in clauses 3(a)—(d) of the preceding paragraph or the last provision of this paragraph (each a "*Net Proceeds Offer Amount*") shall be applied by the Company or such Restricted Subsidiary to make an offer to purchase (the "*Net Proceeds Offer*") to all Holders of the notes and, to the extent required by the terms of any Pari Passu Indebtedness, to all holders of Pari Passu Indebtedness, on a date (the "*Net Proceeds Offer Payment Date*") not less than 30 nor more than 60 days following the applicable Net Proceeds Offer Trigger Date, from all Holders of the notes (and holders of any such Pari Passu Indebtedness) on a pro rata basis, the maximum amount of the notes and Pari Passu Indebtedness equal to the Net Proceeds Offer Amount at a price equal to 100% of the principal amount of the notes and Pari Passu Indebtedness to be purchased, plus accrued and unpaid interest thereon, if any, to the date of purchase; provided that if at any time any non-cash consideration received by the Company or any Restricted Subsidiary of the Company, as the case may be, in connection with any Asset Sale is converted into or sold or otherwise disposed of for cash (other than interest received with respect to any such non-cash consideration), then such conversion or disposition shall be deemed to constitute an Asset Sale hereunder and the Net Cash Proceeds thereof shall be applied in accordance with this covenant.

The Company may defer the Net Proceeds Offer until there is an aggregate unutilized Net Proceeds Offer Amount equal to or in excess of \$100.0 million resulting from one or more Asset Sales (at which time, the entire

[Table of Contents](#)

unutilized Net Proceeds Offer Amount, and not just the amount in excess of \$100.0 million, shall be applied as required pursuant to this covenant).

In the event of the transfer of substantially all (but not all) of the property and assets of the Company and its Restricted Subsidiaries as an entirety to a Person in a transaction permitted under “—Merger, consolidation and sale of assets,” which transaction does not constitute a Change of Control, the successor corporation shall be deemed to have sold the properties and assets of the Company and its Restricted Subsidiaries not so transferred for purposes of this covenant, and shall comply with the provisions of this covenant with respect to such deemed sale as if it were an Asset Sale. In addition, the fair market value of such properties and assets of the Company or its Restricted Subsidiaries deemed to be sold shall be deemed to be Net Cash Proceeds for purposes of this covenant.

Each Net Proceeds Offer will be mailed to the record Holders of the notes as shown on the register of Holders of the notes within 25 days following the Net Proceeds Offer Trigger Date, with a copy to the Trustee, and shall comply with the procedures set forth in the Indenture. Upon receiving notice of the Net Proceeds Offer, Holders of the notes may elect to tender their notes in whole or in part (in minimum amounts of \$2,000 and integral multiples of \$1,000 in excess thereof) in exchange for cash. To the extent such Holders properly tender notes and holders of Pari Passu Indebtedness properly tender such Pari Passu Indebtedness in an amount exceeding the Net Proceeds Offer Amount, the tendered notes and Pari Passu Indebtedness will be purchased on a pro rata basis based on the aggregate amount of notes and Pari Passu Indebtedness tendered (and the Trustee shall select the tendered notes of tendering Holders on a pro rata basis based on the amount of notes and Pari Passu Indebtedness tendered). A Net Proceeds Offer shall remain open for a period of 20 business days or such longer or shorter period as may be required or permitted, respectively, by law. If any Net Cash Proceeds remain after the consummation of any Net Proceeds Offer, the Company may use those Net Cash Proceeds for any purpose not otherwise prohibited by the Indenture. Upon completion of each Net Proceeds Offer, the amount of Net Cash Proceeds will be reset at zero.

The Company will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with the repurchase of notes pursuant to a Net Proceeds Offer. To the extent that the provisions of any securities laws or regulations conflict with the “Asset Sale” provisions of the Indenture, the Company shall comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations under the “Asset Sale” provisions of the Indenture by virtue thereof.

Limitation on dividend and other payment restrictions affecting subsidiaries. The Company will not, and will not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, create or otherwise cause or permit to exist or become effective any encumbrance or restriction on the ability of any Restricted Subsidiary of the Company to:

1. pay dividends or make any other distributions on or in respect of its Capital Stock;
2. make loans or advances to the Company or any other Restricted Subsidiary or to pay any Indebtedness or other obligation owed to the Company or any other Restricted Subsidiary of the Company; or
3. transfer any of its property or assets to the Company or any other Restricted Subsidiary of the Company, except in each case for such encumbrances or restrictions existing under or by reason of:
 - (a) applicable law, rule, regulation or order;
 - (b) the Indenture, the notes and any Guarantees;

[Table of Contents](#)

- (c) customary non-assignment provisions of any contract or any lease, license or sublicense governing a leasehold interest of any Restricted Subsidiary of the Company;
- (d) any instrument governing Acquired Indebtedness, which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person or the properties or assets of the Person so acquired;
- (e) agreements existing on the Issue Date to the extent and in the manner such agreements are in effect on the Issue Date;
- (f) the Bank Facility, an agreement governing other Pari Passu Indebtedness permitted to be incurred under the Indenture or, with respect to a Restricted Subsidiary, an agreement evidencing Indebtedness incurred not in violation of the Indenture; provided that, with respect to any agreement governing such other Pari Passu Indebtedness or other Indebtedness, as the case may be, the provisions relating to such encumbrance or restriction are no less favorable to the Company or Restricted Subsidiary, as the case may be, in any material respect as determined by the Board of Directors of the Company in its reasonable and good faith judgment than the provisions contained in the Bank Facility, in the case of such other Pari Passu Indebtedness, and the agreements of such Restricted Subsidiary, in the case of such other Indebtedness, in each case as in effect on the Issue Date;
- (g) restrictions on the transfer of assets subject to any Lien permitted under the Indenture imposed by the holder of such Lien;
- (h) restrictions imposed by any agreement to sell assets or Capital Stock permitted under the Indenture to any Person pending the closing of such sale;
- (i) such encumbrances or restrictions being binding on a Restricted Subsidiary at such time as such Restricted Subsidiary first becomes a Restricted Subsidiary, provided that such encumbrances or restrictions are not entered into solely in contemplation of such Person becoming a Restricted Subsidiary;
- (j) customary provisions in joint venture agreements and other similar agreements (in each case relating solely to the respective joint venture or similar entity or the equity interests therein) entered into in the ordinary course of business;
- (k) any amendment to or Refinancing of the Indebtedness issued, assumed or incurred pursuant to an agreement referred to in clauses (b), (d), (e) and (f) above; provided that the provisions relating to such encumbrance or restriction contained in any such agreement, taken as a whole, are no less favorable to the Company in any material respect as determined by the Board of Directors of the Company in their reasonable and good faith judgment than the provisions relating to such encumbrance or restriction contained in agreements referred to in such clauses (b), (d), (e) and (f);
- (l) customary restrictions on leases, subleases, licenses, sublicenses or asset sale agreements otherwise permitted hereby;
- (m) restrictions imposed on cash or other deposits or net worth imposed by customers or required by insurance, surety or bonding companies, in each case, entered into in the ordinary course of business; and
- (n) encumbrances and restrictions applicable only to Restricted Subsidiaries of the Company that are not Domestic Restricted Subsidiaries.

Limitation on preferred stock of domestic restricted subsidiaries. The Company will not permit any of its Domestic Restricted Subsidiaries that are not Guarantors to issue any Preferred Stock (other than to the Company or to a Wholly Owned Restricted Subsidiary of the Company) or permit any Person (other than the Company or a Wholly Owned Restricted Subsidiary of the Company) to own any Preferred Stock of any Domestic Restricted Subsidiary of the Company that is not a Guarantor.

Limitation on liens. The Company will not, and will not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, assume or permit or suffer to exist any Liens of any kind against or upon any property or assets of the Company or any of its Restricted Subsidiaries whether owned on the Issue Date or acquired after the Issue Date, or any proceeds therefrom, or assign or otherwise convey any right to receive income or profits therefrom unless:

1. in the case of Liens securing Subordinated Indebtedness, the notes or any Guarantee, as the case may be, are secured by a Lien on such property, assets or proceeds that is senior in priority to such Liens; and
2. in all other cases, the notes or any Guarantee, as the case may be, are equally and ratably secured, except for:
 - (a) Liens securing borrowings under a Bank Facility in an amount not to exceed the greater of (x) the amount permitted to be incurred pursuant to and in compliance with clause (b)2 of the covenant “—Limitation on incurrence of additional indebtedness” and (y) such amount that at the time of incurrence (or, in the case of Designated Revolving Commitments, on the date such Designated Revolving Commitments are designated as such (but only to the extent and so long as so designated) after giving pro forma effect to the incurrence of the entire amount of Indebtedness designated thereunder, in which case such designated amount under such Designated Revolving Commitments may thereafter be borrowed, repaid and reborrowed, in whole or in part, from time to time, without further compliance with any limitations on Liens set forth in this subsection titled “Limitation on Liens”) and after giving pro forma effect to any such Lien and obligations secured thereunder (including the use of proceeds thereof) the Company and its Restricted Subsidiaries shall have a Secured Leverage Ratio less than or equal to 2.25 to 1.0;
 - (b) Liens existing as of the Issue Date to the extent and in the manner such Liens are in effect on the Issue Date;
 - (c) Liens securing the Company’s and its Restricted Subsidiaries’ Obligations under any hedge facility permitted under the Indenture to be entered into by the Company and its Restricted Subsidiaries;
 - (d) Liens securing the notes and any Guarantees;
 - (e) Liens in favor of the Company or a Wholly Owned Restricted Subsidiary of the Company on assets of any Restricted Subsidiary of the Company;
 - (f) Liens securing Refinancing Indebtedness which is incurred to Refinance any Indebtedness which has been secured by a Lien permitted under the Indenture and which has been incurred in accordance with the provisions of the Indenture; provided that such Liens: (i) are no less favorable to the Holders in any material respect and are not more favorable to the lienholders in any material respect with respect to such Liens than the Liens in respect of the Indebtedness being Refinanced as determined by the Board of Directors of the Company in its reasonable and good faith judgment; and (ii) do not extend to or cover any property or assets of the Company or any of its Restricted Subsidiaries not securing the Indebtedness so Refinanced; and
 - (g) Permitted Liens.

Table of Contents

With respect to any Lien securing Indebtedness that was permitted to secure such Indebtedness at the time of the incurrence of such Indebtedness, such Lien shall also be permitted to secure any Increased Amount of such Indebtedness. The “*Increased Amount*” of any Indebtedness shall mean any increase in the amount of such Indebtedness in connection with any accrual of interest, whether payable in cash or in kind, accretion or amortization of original issue discount, imputed interest, the payment of interest in the form of additional Indebtedness with the same terms or the payment of dividends on Disqualified Capital Stock in the form of additional shares of the same class, and increases in the amount of Indebtedness outstanding solely as a result of fluctuations in the exchange rate of currencies or increases in the value of property securing Indebtedness described in clause (e) of the covenant “—Limitation on incurrence of additional indebtedness.”

Consolidation, merger and sale of assets. The Company will not, in a single transaction or series of related transactions, consolidate or merge with or into any Person, or sell, assign, transfer, lease, convey or otherwise dispose of (or cause or permit any Restricted Subsidiary of the Company to sell, assign, transfer, lease, convey or otherwise dispose of) all or substantially all of the Company’s assets (determined on a consolidated basis for the Company and the Company’s Restricted Subsidiaries) whether as an entirety or substantially as an entirety to any Person unless:

1. either:

(a) the Company shall be the surviving or continuing corporation; or

(b) the Person (if other than the Company) formed by such consolidation or into which the Company is merged or the Person which acquires by sale, assignment, transfer, lease, conveyance or other disposition the properties and assets of the Company and of the Company’s Restricted Subsidiaries substantially as an entirety (the “*Surviving Entity*”);

(x) shall be an entity organized and validly existing under the laws of the United States or any State thereof or the District of Columbia; provided that in the case where the Surviving Entity is not a corporation, a co-obligor of the notes is a corporation; and

(y) shall expressly assume, by supplemental indenture (in form and substance satisfactory to the Trustee), executed and delivered to the Trustee, the due and punctual payment of the principal of, and premium, if any, and interest on all of the notes and the performance of every covenant of the notes and the Indenture on the part of the Company to be performed or observed;

2. immediately after giving effect to such transaction and the assumption contemplated by clause 1(b)(y) above (including giving effect to any Indebtedness and Acquired Indebtedness incurred or anticipated to be incurred in connection with or in respect of such transaction), (A) the Company or such Surviving Entity, as the case may be, shall be able to incur at least \$1.00 of additional Indebtedness (other than Permitted Indebtedness) pursuant to the first paragraph of the “Limitation on incurrence of additional indebtedness” covenant or (B) the applicable Consolidated Fixed Charge Coverage Ratio of the Company or the Person formed by or surviving any such consolidation or merger (if other than the Company) would be no less than the applicable Consolidated Fixed Charge Coverage Ratio of the Company immediately prior to such transaction;

3. immediately before and immediately after giving effect to such transaction and the assumption contemplated by clause 1(b)(y) above (including, without limitation, giving effect to any Indebtedness and Acquired Indebtedness incurred or anticipated to be incurred and any Lien granted in connection with or in respect of the transaction), no Default or Event of Default shall have occurred or be continuing; and

4. the Company or the Surviving Entity shall have delivered to the Trustee an officers’ certificate and an opinion of counsel, each stating that such consolidation, merger, sale, assignment, transfer, lease,

[Table of Contents](#)

conveyance or other disposition and, if a supplemental indenture is required in connection with such transaction, such supplemental indenture complies with the applicable provisions of the Indenture and that all conditions precedent in the Indenture relating to such transaction have been satisfied.

For purposes of the foregoing, the transfer (by lease, assignment, sale or otherwise, in a single transaction or series of transactions) of all or substantially all of the properties or assets of one or more Restricted Subsidiaries of the Company, in a single or a series of related transactions, which properties and assets, if held by the Company instead of such Restricted Subsidiaries, would constitute all or substantially all of the properties and assets of the Company on a consolidated basis, shall be deemed to be the transfer of all or substantially all of the properties and assets of the Company.

Notwithstanding the foregoing clauses 1, 2 and 3, but subject to the proviso in subclause (x) of clause 1(b), the Company may merge with (a) any of its Wholly Owned Restricted Subsidiaries or (b) an Affiliate that is a Person that has no material assets or liabilities and which was organized solely for the purpose of reorganizing the Company in another jurisdiction.

For the avoidance of doubt, nothing in this covenant shall prevent the Company or any Restricted Subsidiary from consummating the Company Conversion.

The Indenture will provide that upon any consolidation, combination or merger or any transfer of all or substantially all of the assets of the Company in accordance with the foregoing in which the Company is not the continuing corporation, the successor Person formed by such consolidation or into which the Company is merged or to which such conveyance, lease or transfer is made shall succeed to, and be substituted for, and may exercise every right and power of, the Company under the Indenture and the notes with the same effect as if such surviving entity had been named as such and all financial information and reports required by the Indenture shall be provided by and for such surviving entity.

To the extent that the notes are guaranteed by one or more Guarantors pursuant to the "Subsidiary guarantees" covenant, such Guarantors will be subject to similar provisions relating to the consolidation, merger or sale of assets of such Guarantors.

Limitations on transactions with affiliates.

(a) The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, enter into or permit to exist any transaction or series of related transactions (including, without limitation, the purchase, sale, lease or exchange of any property or the rendering of any service) with, or for the benefit of, any of its Affiliates (each an "*Affiliate Transaction*"), having a value greater than \$50.0 million other than (x) Affiliate Transactions permitted under paragraph (b) below and (y) Affiliate Transactions on terms that are no less favorable than those that might reasonably have been obtained in a comparable transaction at such time on an arm's-length basis from a Person that is not an Affiliate of the Company or such Restricted Subsidiary.

All Affiliate Transactions (and each series of related Affiliate Transactions which are similar or part of a common plan) involving aggregate payments or other property with a fair market value in excess of \$200.0 million shall be approved by the Board of Directors of the Company or such Restricted Subsidiary, as the case may be, such approval to be evidenced by a Board Resolution stating that such Board of Directors has determined that such transaction complies with the foregoing provisions. If the Company or any Restricted Subsidiary of the Company enters into an Affiliate Transaction (or a series of related Affiliate Transactions related to a common plan) that involves an aggregate fair market value of more than \$200.0 million, the Company or such Restricted Subsidiary, as the case may be, shall, prior to the consummation thereof, obtain a

[Table of Contents](#)

favorable opinion as to the fairness of such transaction or series of related transactions to the Company or the relevant Restricted Subsidiary, as the case may be, from a financial point of view, from an Independent Financial Advisor and file the same with the Trustee.

(b) The restrictions set forth in this covenant shall not apply to:

1. loans, advances and payments of reasonable fees and compensation paid (whether in cash or the issuance of Capital Stock of the Company) to and indemnity provided on behalf of, officers, directors, employees or consultants of the Company or any Restricted Subsidiary of the Company in the ordinary course of business or as determined in good faith by the Company's Board of Directors or senior management;
2. transactions exclusively between or among the Company and any of its Restricted Subsidiaries or exclusively between or among such Restricted Subsidiaries, provided that such transactions are not otherwise prohibited by the Indenture;
3. any agreement as in effect as of the Issue Date or any amendment thereto or any transaction contemplated thereby (including pursuant to any amendment thereto) in any replacement agreement thereto so long as any such amendment or replacement agreement, taken as a whole, is not materially more disadvantageous to the Holders than the original agreement as in effect on the Issue Date;
4. any transaction on arm's-length terms with any non-Affiliate that becomes an Affiliate as a result of such transaction;
5. any employment, consulting and severance arrangements entered into by the Company or any of its Restricted Subsidiaries in the ordinary course of business;
6. the issuance and sale of Qualified Capital Stock;
7. Permitted Investments and Restricted Payments permitted by the Indenture; and
8. the payment of customary fees and reasonable out-of-pocket costs to, and indemnities provided on behalf of, directors, officers and employees of the Company and the Restricted Subsidiaries in the ordinary course of business to the extent attributable to the ownership or operation of the Company and the Restricted Subsidiaries.

Subsidiary guarantees. If any existing or future Domestic Restricted Subsidiary shall, after the Issue Date, guarantee any Public Debt Securities, then the Company shall cause such Domestic Restricted Subsidiary to:

1. execute and deliver to the Trustee a supplemental indenture in form reasonably satisfactory to the Trustee pursuant to which such Restricted Subsidiary shall unconditionally guarantee all of the Company's obligations under the notes and the Indenture on the terms set forth in the Indenture; and
2. deliver to the Trustee an officers' certificate and an opinion of counsel that such supplemental indenture has been duly authorized, executed and delivered by such Restricted Subsidiary and constitutes a legal, valid, binding and enforceable obligation of such Restricted Subsidiary.

Thereafter, such Domestic Restricted Subsidiary shall be a Guarantor for all purposes of the Indenture until such Domestic Restricted Subsidiary is released from its Guarantee as provided in the Indenture.

Conduct of business. The Company and its Restricted Subsidiaries will not engage in any businesses that are not the same, similar, ancillary, complementary or reasonably related to the businesses in which the Company and its Restricted Subsidiaries are engaged on the Issue Date, except to an extent that so doing would not be material to the Company and its Restricted Subsidiaries, taken as a whole.

[Table of Contents](#)

Payments for consent. The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any Holder of notes for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the Indenture or the notes unless such consideration is offered to be paid and is paid to all Holders of the notes that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement.

Reports to holders. Whether or not the Company is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, the Company must provide the Trustee and, upon request, to any Holder of the notes within fifteen (15) business days after filing, or in the event no such filing is required, within fifteen (15) business days after the end of the time periods specified in those sections with:

(1) all quarterly and annual financial information that would be required to be contained in a filing with the United States Securities and Exchange Commission (the “*Commission*”) on Forms 10-Q and 10-K if the Company were required to file such forms, including a “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and, with respect to the annual financial statements only, a report thereon by the Company’s certified independent accountants, and

(2) all current reports that would be required to be filed with the Commission on Form 8-K if the Company were required to file such reports;

provided that the foregoing delivery requirements shall be deemed satisfied if the foregoing materials are available on the Commission’s EDGAR system or on the Company’s website within the applicable time period.

In addition, whether or not required by the Commission, the Company will, if the Commission will accept the filing, file a copy of all of the information and reports referred to in clauses (1) and (2) with the Commission for public availability within the time periods specified in the Commission’s rules and regulations. In addition, the Company will make the information and reports available to securities analysts and prospective investors upon request. If the Company had any Unrestricted Subsidiaries during the relevant period, the Company will also provide to the Trustee and, upon request, to any Holder of the notes, information sufficient to ascertain the financial condition and results of operations of the Company and its Restricted Subsidiaries, excluding in all respects the Unrestricted Subsidiaries.

Notwithstanding anything to the contrary herein, the Company will not be deemed to have failed to comply with any of its obligations hereunder for purposes of clause (3) under “—Events of default” until 90 days after the date any report hereunder is due to be delivered to the Trustee.

Events of default

The following events are defined in the Indenture as “*Events of Default*”:

(1) the failure to pay interest on any notes when the same becomes due and payable and the default continues for a period of 30 days;

(2) the failure to pay the principal on any notes, when such principal becomes due and payable, at maturity, upon redemption or otherwise (including the failure to make a payment to purchase notes tendered pursuant to a Change of Control Offer or a Net Proceeds Offer) on the date specified for such payment in the applicable offer to purchase or on the Special Mandatory Redemption Date, as applicable;

(3) a default in the observance or performance of any other covenant or agreement contained in the Indenture which default continues for a period of 60 days after the Company receives written notice specifying the default (and demanding that such default be remedied) from the Trustee or the Holders of

Table of Contents

at least 25% of the outstanding principal amount of the notes (except in the case of a default with respect to the “Merger, consolidation and sale of assets” covenant, which will constitute an Event of Default with such notice requirement but without such passage of time requirement);

(4) the failure to pay at final maturity (giving effect to any applicable grace periods and any extensions thereof) the stated principal amount of any Indebtedness of the Company or any Restricted Subsidiary of the Company, or the acceleration of the final stated maturity of any such Indebtedness (which acceleration is not rescinded, annulled or otherwise cured within 30 days of receipt by the Company or such Restricted Subsidiary of notice of any such acceleration) if the aggregate principal amount of such Indebtedness, together with the principal amount of any other such Indebtedness in default for failure to pay principal at final stated maturity or which has been so accelerated (in each case with respect to which the 30-day period described above has passed), equals \$350.0 million or more at any time;

(5) one or more judgments in an aggregate amount in excess of \$350.0 million shall have been rendered against the Company or any of its Restricted Subsidiaries and such judgments remain undischarged, unpaid or unstayed for a period of 60 days after such judgment or judgments become final and non-appealable;

(6) certain events of bankruptcy affecting the Company or any of its Material Subsidiaries; or

(7) any Guarantee of a Guarantor that is a Material Subsidiary (or group of Guarantors that would constitute a Material Subsidiary) or any material provision thereof ceases to be in full force and effect or any Guarantee of a Guarantor is declared to be null and void and unenforceable or any Guarantee of a Guarantor is found to be invalid or any Guarantor denies its liability under its Guarantee (other than by reason of release of a Guarantor in accordance with the terms of the Indenture).

If an Event of Default (other than an Event of Default specified in clause (6) above with respect to the Company) shall occur and be continuing, the Trustee or the Holders of at least 25% in principal amount of outstanding notes may declare the principal of and accrued interest on all the notes to be due and payable by notice in writing to the Company and the Trustee specifying the respective Event of Default and that it is a “notice of acceleration,” and the same shall become immediately due and payable.

If an Event of Default specified in clause (6) above with respect to the Company occurs and is continuing, then all unpaid principal of, and premium, if any, and accrued and unpaid interest on all of the outstanding notes shall ipso facto become and be immediately due and payable without any declaration or other act on the part of the Trustee or any Holder.

The Indenture will provide that, at any time after a declaration of acceleration with respect to the notes as described in the preceding paragraphs, the Holders of a majority in principal amount of the notes may rescind and cancel such declaration and its consequences:

1. if the rescission would not conflict with any judgment or decree;
2. if all existing Events of Default have been cured or waived except nonpayment of principal or interest that has become due solely because of the acceleration; to the extent the payment of such interest is lawful, interest on overdue installments of interest and overdue principal, which has become due otherwise than by such declaration of acceleration, has been paid;
3. if the Company has paid the Trustee its reasonable compensation and reimbursed the Trustee for its expenses, disbursements and advances; and
4. in the event of the cure or waiver of an Event of Default of the type described in clause (6) of the description above of Events of Default, the Trustee shall have received an officers’ certificate and an

[Table of Contents](#)

opinion of counsel that such Event of Default has been cured or waived. No such rescission shall affect any subsequent Default or impair any right consequent thereto.

The Holders of a majority in principal amount of the notes may waive any existing Default or Event of Default under the Indenture, and its consequences, except a default in the payment of the principal of or interest on any notes.

Holders of the notes may not enforce the Indenture or the notes except as provided in the Indenture and under the Trust Indenture Act. Subject to the provisions of the Indenture relating to the duties of the Trustee, the Trustee is under no obligation to exercise any of its rights or powers under the Indenture at the request, order or direction of any of the Holders, unless such Holders have offered to the Trustee indemnity satisfactory to the Trustee. Subject to all provisions of the Indenture and applicable law, the Holders of a majority in aggregate principal amount of the then outstanding notes have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee.

Under the Indenture, the Company is required to provide an officers' certificate to the Trustee promptly upon any such officer obtaining knowledge of any Default or Event of Default (provided that such officers shall provide such certification at least annually whether or not they know of any Default or Event of Default) that has occurred and, if applicable, describe such Default or Event of Default and the status thereof.

No personal liability of directors, officers, employees and stockholders

No past, present or future director, officer, employee, incorporator, agent, stockholder or Affiliate of the Company, as such, shall have any liability for any obligations of the Company under the notes or under the Indenture or for any claim based on, in respect of, or by reason of, such obligations or their creation. No past, present or future director, officer, employee, incorporator, agent, stockholder or Affiliate of any of the Guarantors, as such, shall have any liability for any obligations of the Guarantors under any Guarantees or the Indenture or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each Holder of notes by accepting a note waives and releases all such liabilities. The waiver and release are part of the consideration for the issuance of the notes and any Guarantees. Such waiver may not be effective to waive liabilities under federal securities law, and it is the view of the Commission that such a waiver is against public policy.

Legal defeasance and covenant defeasance

The Company may, at its option and at any time, elect to have its obligations and the obligations of the Guarantors discharged with respect to the outstanding notes ("*Legal Defeasance*"). Such Legal Defeasance means that the Company shall be deemed to have paid and discharged the entire Indebtedness represented by the outstanding notes, except for:

1. the rights of Holders to receive payments in respect of the principal of, premium, if any, and interest on the applicable notes when such payments are due;
2. the Company's obligations with respect to the notes concerning issuing temporary notes, registration of notes, mutilated, destroyed, lost or stolen notes and the maintenance of an office or agency for payments;
3. the rights, powers, trust, duties and immunities of the Trustee and the Company's obligations in connection therewith; and
4. the Legal Defeasance provisions of the Indenture.

[Table of Contents](#)

In addition, the Company may, at its option and at any time, elect to have the obligations of the Company released with respect to certain covenants that are described in the Indenture (“*Covenant Defeasance*”) and thereafter any omission to comply with such obligations shall not constitute a Default or Event of Default with respect to the notes. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, receivership, reorganization and insolvency events) described under “—Events of default” will no longer constitute an Event of Default with respect to the notes.

In order to exercise either Legal Defeasance or Covenant Defeasance:

1. the Company must irrevocably deposit with the Trustee, in trust, for the benefit of the Holders, cash in U.S. dollars, non-callable U.S. government obligations, rated AAA or better by S&P and Aaa by Moody’s, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest on the notes on the stated date for payment thereof or on the applicable redemption date, as the case may be;
2. in the case of Legal Defeasance, the Company shall have delivered to the Trustee an opinion of counsel in the United States reasonably acceptable to the Trustee confirming that:
 - (a) the Company has received from, or there has been published by, the Internal Revenue Service a ruling; or
 - (b) since the date of the Indenture, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel shall confirm that, beneficial owners of the notes will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;
3. in the case of Covenant Defeasance, the Company shall have delivered to the Trustee an opinion of counsel in the United States reasonably acceptable to the Trustee confirming that beneficial owners of the notes will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;
4. no Default or Event of Default shall have occurred and be continuing on the date of such deposit (other than a Default or an Event of Default resulting from the borrowing of funds to be applied to such deposit and the grant of any Lien securing such borrowings);
5. such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under the Indenture (other than a Default or an Event of Default resulting from the borrowing of funds to be applied to such deposit and the grant of any Lien securing such borrowings) or any other material agreement or instrument to which the Company or any of its Restricted Subsidiaries is a party or by which the Company or any of its Restricted Subsidiaries is bound;
6. the Company shall have delivered to the Trustee an officers’ certificate stating that the deposit was not made by the Company with the intent of preferring the Holders over any other creditors of the Company or with the intent of defeating, hindering, delaying or defrauding any other creditors of the Company or others;
7. the Company shall have delivered to the Trustee an officers’ certificate and an opinion of counsel, which opinion may be subject to customary assumptions and exclusions, each stating that all conditions precedent provided for or relating to the Legal Defeasance or the Covenant Defeasance have been complied with;

[Table of Contents](#)

8. the Company shall have delivered to the Trustee an opinion of counsel to the effect that assuming no intervening bankruptcy of the Company between the date of deposit and the 124th day following the date of deposit and that no Holder is an insider of the Company, after the 124th day following the date of deposit, the trust funds will not be subject to the effect of any applicable bankruptcy, insolvency, reorganization or similar laws affecting creditors' rights generally; and

9. certain other customary conditions precedent are satisfied.

Notwithstanding the foregoing, the opinion of counsel required by clause 2 above with respect to a Legal Defeasance need not be delivered if all notes not theretofore delivered to the Trustee for cancellation (1) have become due and payable or (2) will become due and payable on the maturity date or a redemption date within one year under arrangements reasonably satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Company.

Satisfaction and discharge

The Indenture will be discharged and will cease to be of further effect (except as to surviving rights or registration of transfer or exchange of the notes, as expressly provided for in the Indenture) as to all outstanding notes when:

1. either:

(a) all the notes theretofore authenticated and delivered (except lost, stolen or destroyed notes which have been replaced or paid and notes for whose payment money has theretofore been deposited in trust or segregated and held in trust by the Company and thereafter repaid to the Company or discharged from such trust) have been delivered to the Trustee for cancellation; or

(b) all notes not theretofore delivered to the Trustee for cancellation (1) have become due and payable or (2) will become due and payable within one year, or are to be called for redemption within one year, under arrangements reasonably satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Company, and the Company has irrevocably deposited or caused to be deposited with the Trustee funds in an amount sufficient to pay and discharge the entire Indebtedness on the notes not theretofore delivered to the Trustee for cancellation, for principal of, premium, if any, and interest on the notes to the date of maturity or redemption, as the case may be, together with irrevocable instructions from the Company directing the Trustee to apply such funds to the payment thereof at maturity or redemption, as the case may be;

2. the Company has paid all other sums payable under the Indenture by the Company with respect to the notes; and

3. the Company has delivered to the Trustee an officers' certificate and an opinion of counsel, which opinion may be subject to customary assumptions and exclusions, stating that all conditions precedent under the Indenture relating to the satisfaction and discharge of the Indenture have been complied with.

Modification of the indenture

[Table of Contents](#)

outstanding may waive any past default or compliance with any provisions of the Indenture, the notes or any Guarantees.

Without the consent of each holder of an outstanding note, no amendment or waiver may:

1. reduce the amount of notes whose Holders must consent to an amendment;
2. reduce the rate of or change or have the effect of changing the time for payment of interest, including defaulted interest, on any notes;
3. reduce the principal of or change or have the effect of changing the fixed maturity of any notes, or change the date on which any notes may be subject to redemption or reduce the redemption price therefor, other than prior to the Company's obligation to purchase notes under provisions relating to the Company's obligation to make and consummate a Change of Control Offer in the event of a Change of Control or to make and consummate a Net Proceeds Offer with respect to any Asset Sale;
4. make any notes payable in money other than that stated in the notes;

6. after the Company's obligation to purchase notes arises thereunder, amend, change or modify in any material respect the obligation of the Company to make and consummate a Change of Control Offer in the event of a Change of Control or make and consummate a Net Proceeds Offer with respect to any Asset Sale that has been consummated or, after such Change of Control has occurred or such Asset Sale has been consummated, modify any of the provisions or definitions with respect thereto;

The consent of the holders of the notes is not necessary to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment.

Governing law

The Indenture will provide that it, the notes and any Guarantees will be governed by, and construed in accordance with, the laws of the State of New York but without giving effect to applicable principles of conflicts of law to the extent that the application of the law of another jurisdiction would be required thereby.

The trustee

The Indenture will provide that, except during the continuance of an Event of Default, the Trustee will perform only such duties as are specifically set forth in the Indenture. During the existence of an Event of Default, the Trustee will exercise such rights and powers vested in it by the Indenture, and use the same degree of care and skill in its exercise as a prudent person would exercise or use under the circumstances in the conduct of his own affairs.

The Indenture and the provisions of the Trust Indenture Act contain certain limitations on the rights of the Trustee, should it become a creditor of the Company, to obtain payments of claims in certain cases or to realize on certain property received in respect of any such claim as security or otherwise. Subject to the Trust Indenture Act, the Trustee will be permitted to engage in other transactions; provided that if the Trustee acquires any conflicting interest as described in the Trust Indenture Act, it must eliminate such conflict or resign.

Board action

Any action required or permitted to be taken by the Board of Directors of the Company pursuant to the terms of the Indenture may be taken by a duly constituted committee of the Board of Directors of the Company.

Book-entry system and form of notes

The notes will be issued in the form of one or more fully registered global notes without coupons that will be deposited with The Depository Trust Company, New York, New York (“DTC”), and registered in the name of its nominee, Cede & Co. This means that the Company will not issue certificates to each owner of notes. The global notes will be issued to DTC, which will keep a computerized record of its participants (for example, your broker)

[Table of Contents](#)

whose clients have purchased the notes. The participant will then keep a record of its clients who purchased the notes. Unless it is exchanged in whole or in part for a certificated note, a global note may not be transferred, except that DTC, its nominees, and their successors may transfer a global note as a whole to one another.

DTC has provided the following information to us. DTC, the world's largest securities depository, is a:

- limited-purpose trust company organized under the New York Banking Law;
- "banking organization" within the meaning of the New York Banking Law;
- member of the U.S. Federal Reserve System;
- "clearing corporation" within the meaning of the New York Uniform Commercial Code; and
- "clearing agency" registered under the provisions of Section 17A of the Exchange Act.

DTC holds and provides asset servicing for over 3.6 million of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that its direct participants deposit with DTC. DTC also facilitates the post-trade settlement among direct participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between direct participants' accounts.

This eliminates the need for physical movement of securities certificates. Direct participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by users of its regulated subsidiaries. Access to DTC's book-entry system is also available to indirect participants such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a direct participant, either directly or indirectly. DTC has Standard & Poor's highest rating: AAA. The rules applicable to DTC and its direct and indirect participants are on file with the Commission.

Principal and interest payments on global notes registered in the name of DTC's nominee will be made in immediately available funds to DTC's nominee as the registered owner of the global notes. We and the Trustee will treat DTC's nominee as the owner of the global notes for all other purposes as well. Accordingly, we, the Trustee and any paying agent will have no direct responsibility or liability to pay amounts due on the global notes to owners of beneficial interests in the global notes. DTC's practice is to credit direct participants' accounts upon receipt of any payment of principal or interest on the payment date in accordance with their respective holdings of beneficial interests in the global notes as shown on DTC's records. Payments by direct and indirect participants to owners of beneficial interests in the global notes will be governed by standing instructions and customary practices. These payments will be the responsibility of the direct and indirect participants and not of DTC, the Trustee or us, subject to any statutory or regulatory requirements as may be in effect from time to time.

Notes that are represented by a global note will be exchangeable for certificated notes with the same terms in authorized denominations only if:

- DTC notifies the Company that it is unwilling or unable to continue as depository;
- DTC ceases to be a registered clearing agency and a successor depository is not appointed by the Company within 120 days;
- the Company determines not to require all of the notes to be represented by a global note and notifies the Trustee of that decision; or
- there has occurred and is continuing a Default or an Event of Default, and DTC notifies the Trustee of its desire to exchange the global notes for certificated notes.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that we believe to be reliable, but we take no responsibility for the accuracy thereof.

Same day settlement and payment

The underwriters will make settlement for the notes in immediately available funds. The Company will make all payments of principal and interest in respect of the notes in immediately available funds. The notes will trade in DTC's Same-Day Funds Settlement System until maturity or until the notes are issued in certificated form, and secondary market trading activity in the notes will therefore be required by DTC to settle in immediately available funds. We expect that secondary trading in certificated securities, if any, will also be settled in immediately available funds. No assurance can be given as to the effect, if any, of settlement in immediately available funds on trading activity in the notes.

“*Consolidated Interest Expense*” means, with respect to any Person for any period, the sum of, without duplication:

4. the net income for such period of any Person that is not a Subsidiary, or is an Unrestricted Subsidiary, or that is accounted for by the equity method of accounting, except to the extent of cash dividends or distributions paid to the Company or to a Restricted Subsidiary of the Company by such Person;

The Board of Directors of the Company may designate any Subsidiary (including any newly acquired or newly formed Subsidiary) to be an Unrestricted Subsidiary unless such Subsidiary owns any Capital Stock of, or owns or holds any Lien on any property of, the Company or any other Subsidiary of the Company that is not a Subsidiary of the Subsidiary to be so designated; provided that:

- (1) the Company certifies to the Trustee that such designation complies with the “Limitation on restricted payments” covenant; and
- (2) each Subsidiary to be so designated and each of its Subsidiaries has not at the time of designation, and does not thereafter, create, incur, issue, assume, guarantee or otherwise become directly or indirectly liable with respect to any Indebtedness pursuant to which the lender has recourse to any of the assets of the Company or any of its Restricted Subsidiaries.

For purposes of making the determination of whether any such designation of a Subsidiary as an Unrestricted Subsidiary complies with the “Limitation on restricted payments” covenant, the portion of the fair market value of the net assets of such Subsidiary of the Company at the time that such Subsidiary is designated as an Unrestricted Subsidiary that is represented by the interest of the Company and its Restricted Subsidiaries in such Subsidiary, in each case as determined in good faith by the Board of Directors of the Company, shall be deemed to be an Investment. Such designation will be permitted only if such Investment would be permitted at such time under the “Limitation on restricted payments” covenant.

The Board of Directors may designate any Unrestricted Subsidiary to be a Restricted Subsidiary only if:

- (1) immediately after giving effect to such designation, the Company is able to incur at least \$1.00 of additional Indebtedness (other than Permitted Indebtedness) in compliance with the “Limitation on incurrence of additional indebtedness” covenant; and
- (2) immediately before and immediately after giving effect to such designation, no Default or Event of Default shall have occurred and be continuing. Any such designation by the Board of Directors shall be evidenced to the Trustee by promptly filing with the Trustee a copy of the Board Resolution giving effect to such designation and an officers’ certificate certifying that such designation complied with the foregoing provisions.

“*Weighted Average Life to Maturity*” means, when applied to any Indebtedness at any date, the number of years obtained by dividing (a) the then outstanding aggregate principal amount of such Indebtedness into (b) the sum of the total of the products obtained by multiplying (i) the amount of each then remaining installment, sinking fund, serial maturity or other required payment of principal, including payment at final maturity, in respect thereof, by (ii) the number of years (calculated to the nearest one-twelfth) which will elapse between such date and the making of such payment.

“*Wholly Owned Restricted Subsidiary*” means a Restricted Subsidiary, all of the Capital Stock of which (other than directors’ qualifying shares) is owned by the Company or another Wholly Owned Restricted Subsidiary.

Material U.S. federal income tax consequences

The following are the material U.S. federal income tax consequences of ownership and disposition of the notes. This discussion applies only to notes that are:

- held by those initial holders who purchased such notes in this offering at the “issue price,” which will equal the first price to the public (not including bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers) at which a substantial amount of the notes is sold for money; and
- held as capital assets.

This discussion does not describe all of the tax consequences that may be relevant to a holder in light of the holder’s particular circumstances, including alternative minimum tax or Medicare contribution tax consequences, or tax consequences applicable to holders subject to special rules, such as:

- certain financial institutions;
- insurance companies;
- dealers in securities;
- persons holding notes as part of a hedge, “straddle,” integrated transaction or similar transaction;
- U.S. Holders (as defined below) whose functional currency is not the U.S. dollar;
- partnerships or other entities classified as partnerships for U.S. federal income tax purposes; or
- tax-exempt entities.

If an entity or arrangement that is classified as a partnership for U.S. federal income tax purposes holds notes, the U.S. federal income tax treatment of a partner will generally depend on the status of the partner and the activities of the partnership. Partnerships holding notes and partners in such partnerships should consult their tax advisors as to their particular U.S. federal income tax consequences of holding and disposing of the notes.

This summary is based on the Internal Revenue Code of 1986, as amended, administrative pronouncements, judicial decisions and final, temporary and proposed Treasury Regulations, changes to any of which subsequent to the date of this prospectus supplement may affect the tax consequences described herein. Persons considering the purchase of notes are urged to consult their tax advisors with regard to the application of the U.S. federal income tax laws to their particular situations as well as any tax consequences arising under the laws of any state, local or foreign taxing jurisdiction.

Tax consequences to U.S. Holders

As used herein, the term “U.S. Holder” means a beneficial owner of a note that is, for U.S. federal income tax purposes:

- an individual citizen or resident of the United States;
- a corporation, or other entity taxable as a corporation, created or organized in or under the laws of the United States, any state thereof or the District of Columbia; or
- an estate or trust the income of which is subject to U.S. federal income taxation regardless of its source.

The term “U.S. Holder” also includes certain former citizens and residents of the United States.

Potential contingent payment debt treatment. Under certain circumstances, Equinix may pay holders amounts in excess of the stated interest and principal payable on the notes. For instance, Equinix would be required to

[Table of Contents](#)

offer to repurchase notes in the circumstances described under “Description of notes—Change of control,” and Equinix will redeem notes in the circumstances described under “Description of notes—Special mandatory redemption.” Although the issue is not free from doubt, Equinix intends to take the position that the possibility of such payments does not result in the notes being treated as contingent payment debt instruments under the applicable Treasury Regulations. Equinix’s position is not binding on the Internal Revenue Service (the “IRS”). If the IRS successfully takes a contrary position, U.S. Holders would be required to treat any gain recognized on the sale or other disposition of the notes as ordinary income rather than as capital gain. Furthermore, U.S. Holders would be required to accrue interest income on a constant-yield basis at an assumed yield determined at the time of issuance of the notes, with adjustments to such accruals when any contingent payments are made that differ from the payments calculated based on the assumed yield. U.S. Holders should consult their tax advisors regarding the tax consequences of the notes being treated as contingent payment debt instruments. The remainder of this discussion assumes that the notes are not treated as contingent payment debt instruments.

Payments of interest. Stated interest paid on a note will be taxable to a U.S. Holder as ordinary interest income at the time it accrues or is received in accordance with the U.S. Holder’s method of accounting for U.S. federal income tax purposes. It is expected, and therefore this discussion assumes, that the notes will be issued without original issue discount for U.S. federal income tax purposes. If, however, the notes’ principal amount exceeds the issue price by more than a de minimis amount, as determined under applicable Treasury Regulations, a U.S. Holder will be required to include such excess in income as original issue discount, as it accrues, in accordance with a constant-yield method based on a compounding of interest before the receipt of cash payments attributable to this income.

Sale, exchange, redemption, retirement or other disposition of the notes. Upon the sale, exchange, redemption, retirement or other disposition of a note, a U.S. Holder will generally recognize taxable gain or loss equal to the difference between the amount realized on the sale, exchange, redemption, retirement or other disposition of the note and the U.S. Holder’s tax basis in the note. For these purposes, the amount realized does not include any amount attributable to accrued stated interest. Amounts attributable to accrued stated interest are treated as interest as described under “— Payments of interest” above. A U.S. Holder’s tax basis in a note generally is the cost paid for the note. Gain or loss realized on the sale, exchange, redemption, retirement or other disposition of a note will generally be capital gain or loss and will be long-term capital gain or loss if at the time of sale, exchange, redemption, retirement or disposition the note has been held for more than one year. Long-term capital gains recognized by non-corporate U.S. Holders are subject to reduced tax rates. The deductibility of capital losses may be subject to limitations.

Backup withholding and information reporting. Information returns will generally be filed with the IRS in connection with payments on the notes and the proceeds from a sale, exchange, redemption, retirement or other disposition of the notes. A U.S. Holder will be subject to backup withholding on these payments if the U.S. Holder fails to provide its taxpayer identification number to the applicable withholding agent and comply with certain certification procedures or otherwise establish an exemption from backup withholding. The amount of any backup withholding from a payment to a U.S. Holder will be allowed as a credit against the U.S. Holder’s U.S. federal income tax liability and may entitle the U.S. Holder to a refund, provided that the required information is timely furnished to the IRS.

Tax consequences to Non-U.S. Holders

As used herein, the term “Non-U.S. Holder” means a beneficial owner of a note that is, for U.S. federal income tax purposes:

- a nonresident alien individual;
- a foreign corporation; or
- a foreign estate or trust.

“*Non-U.S. Holder*” does not include a nonresident alien individual present in the United States for 183 days or more in the taxable year of disposition of the notes. Such a holder is urged to consult his or her own tax advisor regarding the U.S. federal income tax consequences of the sale, exchange or other disposition of the notes.

Potential contingent payment debt treatment. As described in more detail above under “Tax consequences to U.S. Holders—Potential contingent payment debt treatment,” Equinix intends to take the position that the possibility of making payments in excess of the stated interest and principal payable on the notes under certain circumstances does not result in the notes being treated as contingent payment debt instruments. The remainder of this discussion assumes that the notes are not treated as contingent payment debt instruments.

Payments on the notes. Subject to the discussions below concerning backup withholding and FATCA, payments of principal, interest and premium (if any) on the notes by Equinix or any paying agent to a Non-U.S. Holder will not be subject to U.S. federal withholding tax, provided that, in the case of interest,

- the Non-U.S. Holder does not own, actually or constructively, 10 percent or more of the total combined voting power of all classes of stock of Equinix entitled to vote and is not a controlled foreign corporation related, directly or indirectly, to Equinix through stock ownership; and
- the beneficial owner of the note certifies on a properly executed IRS Form W-8BEN or Form W8BEN-E, under penalties of perjury, that it is not a United States person.

If a Non-U.S. Holder of a note is engaged in a trade or business in the United States, and if interest on the note is effectively connected with the conduct of this trade or business, the Non-U.S. Holder, although exempt from the withholding tax discussed in the preceding paragraph, will generally be taxed in the same manner as a U.S. Holder (see “Tax consequences to U.S. Holders” above), except that the Non-U.S. Holder will be required to provide a properly executed IRS Form W-8ECI in order to claim an exemption from the withholding tax discussed in the preceding paragraph. Non-U.S. Holders are urged to consult their own tax advisors regarding whether an applicable income tax treaty provides for a different result and regarding other U.S. tax consequences of the ownership and disposition of notes, including the possible imposition of a branch profits tax at a rate of 30% (or a lower treaty rate) on its effectively connected earnings and profits attributable to its notes.

Sale, exchange or other disposition of notes. Subject to the discussions below under “—Backup withholding and information reporting” and “FATCA,” a Non-U.S. Holder generally will not be subject to U.S. federal income or withholding tax on gain recognized on a sale or other disposition of notes (other than with respect to amounts attributable to accrued interest which will be subject to tax in the manner described above), unless the gain is effectively connected with the conduct of a trade or business of the Non-U.S. Holder in the United States, subject to an applicable income tax treaty providing otherwise.

If a Non-U.S. Holder is engaged in a trade or business in the United States and gain recognized by the Non-U.S. Holder on a sale or other disposition of notes is effectively connected with a conduct of such trade or business, the Non-U.S. Holder will generally be taxed in the same manner as a U.S. Holder (see “Tax consequences to U.S.

[Table of Contents](#)

Holders” above), subject to an applicable income tax treaty providing otherwise. Non-U.S. Holders whose gain from dispositions of notes may be effectively connected with the conduct of a trade or business in the United States are urged to consult their own tax advisors with respect to the U.S. tax consequences of the ownership and disposition of notes, including the possible imposition of an additional branch profits tax imposed at a rate of 30% (or a lower treaty rate).

Backup withholding and information reporting. Information returns will be filed with the IRS in connection with payments on the notes. Unless the Non-U.S. Holder complies with certification procedures to establish that it is not a United States person, information returns may be filed with the IRS in connection with the proceeds from a sale or other disposition of the notes and the Non-U.S. Holder may be subject to backup withholding on payments on the notes or on the proceeds from a sale or other disposition of the notes. Compliance with the certification procedures required to claim the exemption from withholding tax on interest described above will satisfy the certification requirements necessary to avoid backup withholding as well. The amount of any backup withholding from a payment to a Non-U.S. Holder will be allowed as a credit against the Non-U.S. Holder’s U.S. federal income tax liability and may entitle the Non-U.S. Holder to a refund, provided that the required information is timely furnished to the IRS.

FATCA

Provisions commonly referred to as “FATCA” impose U.S. federal withholding of 30% on payments of interest on the notes and, for dispositions after December 31, 2018, gross proceeds from the disposition of the notes to “foreign financial institutions” (which is broadly defined for this purpose and in general includes investment vehicles) and certain other non-U.S. entities (whether such foreign financial institutions or other non-U.S. entities are beneficial owners or intermediaries) unless various U.S. information reporting and due diligence requirements (generally relating to ownership by U.S. persons of interests in or accounts with those entities) have been satisfied, or an exemption applies. If FATCA withholding is imposed, a beneficial owner that is not a foreign financial institution generally will be entitled to a refund of any amounts withheld by filing a U.S. federal income tax return (which may entail significant administrative burden). Prospective investors should consult their tax advisors regarding the effects of FATCA on their investment in the notes.

Underwriting

We are offering the notes described in this prospectus supplement through a number of underwriters. J.P. Morgan Securities LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated are acting as representatives of the underwriters. We have entered into an underwriting agreement with the underwriters. Subject to the terms and conditions in the underwriting agreement between us and the underwriters, we have agreed to sell to each underwriter, and each underwriter has agreed to purchase from us, at the public offering price less the underwriting discounts and commissions set forth on the cover page of this prospectus supplement, the principal amount of notes set forth opposite that underwriter's name:

Underwriters	Principal amount of notes
J.P. Morgan Securities LLC	\$ 343,750,000
Merrill Lynch, Pierce, Fenner & Smith Incorporated	343,750,000
RBC Capital Markets, LLC	118,750,000
Barclays Capital Inc.	84,375,000
Goldman, Sachs & Co.	84,375,000
MUFG Securities Americas Inc.	84,375,000
TD Securities (USA) LLC	84,375,000
ING Financial Markets LLC	50,000,000
HSBC Securities (USA) Inc.	37,500,000
U.S. Bancorp Investments, Inc.	18,750,000
Total	\$1,250,000,000

The obligations of the underwriters under the underwriting agreement, including their agreement to purchase notes from us, are several and not joint. The underwriting agreement provides that the underwriters have agreed to purchase all of the notes if any of them are purchased.

The underwriters initially propose to offer the notes to the public at the public offering price that appears on the cover page of this prospectus supplement. The underwriters may offer the notes to selected dealers at the public offering price minus a concession of up to 0.375% of the principal amount. In addition, the underwriters may allow, and those selected dealers may reallow, a concession of up to 0.250% of the principal amount to certain other dealers. After the initial offering, the underwriters may change the public offering price and any other selling terms. The underwriters may offer and sell notes through certain of their affiliates.

It is expected that delivery of the notes will be made against payment therefor on or about March 22, 2017, which is the tenth business day following the date of pricing of the notes (such settlement cycle being referred to as "T+10"). Under Rule 15c6-1 under the Securities Exchange Act of 1934, as amended, trades in the secondary market generally are required to settle in three business days unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the notes on the date of pricing or the next succeeding six business days will be required, by virtue of the fact that the notes initially will settle in T+10, to specify an alternative settlement cycle at the time of any such trade to prevent failed settlement and should consult their own advisors.

The following table shows the underwriting discounts and commissions to be paid by us to the underwriters in connection with this offering (expressed as a percentage of the principal amount of the notes).

	Paid by us
Per note	1.125%

[Table of Contents](#)

We estimate that the expenses for this offering payable by us (other than the underwriting discounts and commissions set forth in the table above) will be approximately \$3.1 million. The underwriters have agreed to reimburse us for certain expenses relating to this offering.

In the underwriting agreement, we have agreed that:

- we will not offer or sell any of our debt securities (other than the notes offered pursuant to this prospectus supplement) for a period of 45 days after the date of this prospectus supplement without the prior consent of J.P. Morgan Securities LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated; and
- we will indemnify the underwriters against certain liabilities, including liabilities under the Securities Act, or contribute to payments that the underwriters may be required to make in respect of those liabilities.

The notes are a new issue of securities with no established trading market. We do not intend to apply for the notes to be listed on any securities exchange or to arrange for the notes to be quoted on any quotation system. The underwriters have advised us that they intend to make a market in the notes, but they are not obligated to do so and they may discontinue any market making at any time in their sole discretion. Accordingly, we cannot assure you that a liquid trading market will develop for the notes, that you will be able to sell your notes at a particular time or that the prices that you receive when you sell will be favorable.

In connection with this offering of the notes, the underwriters may engage in overallotments, stabilizing transactions and syndicate covering transactions in accordance with Regulation M under the Securities Exchange Act of 1934, or the Exchange Act. Overallotment involves sales in excess of the aggregate principal amount of notes offered pursuant to this prospectus, which creates a syndicate short position for the underwriters. Stabilizing transactions involve bids to purchase the notes in the open market for the purpose of pegging, fixing or maintaining the price of the notes. Syndicate covering transactions involve purchases of the notes in the open market after the distribution has been completed in order to cover short positions. Stabilizing transactions and syndicate covering transactions may cause the market prices of the notes to be higher than they would otherwise be in the absence of those transactions. If the underwriters engage in stabilizing or syndicate covering transactions, they may discontinue them at any time.

The underwriters and their respective affiliates are full-service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, market making, financing and brokerage activities.

Certain of the underwriters and their affiliates have performed commercial banking, investment banking and advisory services for us from time to time for which they have received customary fees and reimbursement of expenses. Certain of the underwriters are also acting as underwriters for the Equity Offering and/or have acted as underwriters for our existing senior notes. Certain affiliates of the underwriters act as lenders and/or agents under our existing credit facilities, including our Credit Agreement. In addition, J.P. Morgan Securities LLC along with certain of its affiliates is acting as financial advisor to us in connection with the Acquisition and as such, may receive customary fees and expenses. An affiliate of U.S. Bancorp Investments, Inc. is acting as Trustee for the notes and will receive customary fees and expenses in connection therewith. The Commitment Parties in respect of the Bridge Loan Commitments are affiliates of certain of the underwriters and the underwriters and/or their affiliates will be paid customary fees in connection with the Bridge Loan Commitments and any bridge loans drawn thereunder. The Bridge Loan Commitments will be reduced by the aggregate gross proceeds of this offering and the Equity Offering. The underwriters may, from time to time, engage in transactions with and perform services for us in the ordinary course of their business for which they may receive customary fees and reimbursement of expenses. Certain of the underwriters or their affiliates are customers of ours and engage in transactions with us or our affiliates in the ordinary course of business. Certain of the underwriters or their

[Table of Contents](#)

affiliates have lending relationships with us. Certain of those underwriters or their affiliates routinely hedge, certain of those underwriters or their affiliates are likely to hedge and certain other of those underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby.

In addition, from time to time, certain of the underwriters and their affiliates may effect transactions for their own account or the account of customers, and hold on behalf of themselves or their customers, long or short positions in our debt or equity securities or loans, and may do so in the future. In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities and/or instruments of the issuer. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

We have not authorized and do not authorize the making of any offer of notes through any financial intermediary on our behalf, other than offers made by the underwriters with a view to the final placement of the notes as contemplated in this prospectus. Accordingly, no purchaser of the notes, other than the underwriters, is authorized to make any further offer of the notes on behalf of us or the underwriters.

You should be aware that the laws and practices of certain countries require investors to pay stamp taxes and other charges in connection with purchases of securities.

Notice to prospective investors in the European Economic Area

In relation to each Member State of the European Economic Area (each, a “Relevant Member State”), each underwriter has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “Relevant Implementation Date”) it has not made and will not make an offer of notes which are the subject of the offering contemplated by this prospectus supplement to the public in that Relevant Member State other than:

- to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of J.P. Morgan Securities LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated for any such offer; or
- in any other circumstances falling within Article 3(2) of the Prospectus Directive;

provided that no such offer of notes shall require us or any underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

Each person located in a Relevant Member State to whom any offer of notes is made or who receives any communication in respect of any offer of notes, or who initially acquires any notes will be deemed to have represented, warranted, acknowledged and agreed to and with J.P. Morgan Securities LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated and the Company that (1) it is a “qualified investor” within the meaning of the law in that Relevant Member State implementing Article 2(1)(e) of the Prospectus Directive; and (2) in the

[Table of Contents](#)

case of any notes acquired by it as a financial intermediary as that term is used in Article 3(2) of the Prospectus Directive, the notes acquired by it in the offer have not been acquired on behalf of, nor have they been acquired with a view to their offer or resale to, persons in any Relevant Member State other than qualified investors, as that term is defined in the Prospectus Directive, or in circumstances in which the prior consent of J.P. Morgan Securities LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated has been given to the offer or resale; or where notes have been acquired by it on behalf of persons in any Relevant Member State other than qualified investors, the offer of those notes to it is not treated under the Prospectus Directive as having been made to such persons.

The Company, J.P. Morgan Securities LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated and their respective affiliates will rely upon the truth and accuracy of the foregoing representations, acknowledgments and agreements.

This prospectus supplement has been prepared on the basis that any offer of notes in any Relevant Member State will be made pursuant to an exemption under the Prospectus Directive from the requirement to publish a prospectus for offers of notes. Accordingly any person making or intending to make an offer in that Relevant Member State of notes which are the subject of the offering contemplated in this prospectus supplement may only do so in circumstances in which no obligation arises for the Company or J.P. Morgan Securities LLC or Merrill Lynch, Pierce, Fenner & Smith Incorporated to publish a prospectus pursuant to Article 3 of the Prospectus Directive in relation to such offer. Neither the Company nor J.P. Morgan Securities LLC or Merrill Lynch, Pierce, Fenner & Smith Incorporated has authorized, nor do they authorize, the making of any offer of notes in circumstances in which an obligation arises for the Company or J.P. Morgan Securities LLC or Merrill Lynch, Pierce, Fenner & Smith Incorporated to publish a prospectus for such offer.

For the purposes of this provision, the expression “an offer of notes to the public” in relation to any notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe for the notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, the expression “Prospectus Directive” means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in the Relevant Member State.

The above notice is in addition to any other notices set out below.

RISK FACTORS

An investment in our securities involves significant risks. Before purchasing any securities, you should carefully consider and evaluate all of the information included and incorporated by reference or deemed to be incorporated by reference in this prospectus or the applicable prospectus supplement, including the risk factors incorporated by reference herein from our Annual Report on Form 10-K for the year ended December 31, 2013, as updated by annual, quarterly and other reports and documents we file with the SEC after the date of this prospectus and that are incorporated by reference herein or in the applicable prospectus supplement. Our business, results of operations or financial condition could be adversely affected by any of these risks or by additional risks and uncertainties not currently known to us or that we currently consider immaterial.

USE OF PROCEEDS

Unless otherwise indicated in a prospectus supplement, the net proceeds from the sale of the securities will be used for general corporate purposes, including working capital, acquisitions, retirement of debt and other business opportunities.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our consolidated ratio of earnings to fixed charges:

	<u>Nine Months</u>	<u>Years Ended</u>				
	<u>Ended</u>	<u>December 31,</u>	<u>December 31,</u>	<u>December 31,</u>	<u>December 31,</u>	<u>December 31,</u>
	<u>September 30,</u>	<u>2013</u>	<u>2012</u>	<u>2011</u>	<u>2010</u>	<u>2009</u>
	<u>2014</u>					
Ratio of earnings to fixed charges	1.5x	1.4x	1.6x	1.5x	1.2x	1.9x

In calculating the ratio of earnings to fixed charges, earnings consist of net income (loss) from continuing operations before income tax expense and fixed charges. Fixed charges consist of interest expense, including such portion of rental expense that was attributed to interest, and amortization of capitalized interest. The portion of rent expense that was attributed to interest represents a reasonable approximation of the interest factor.

DESCRIPTION OF CAPITAL STOCK

The following summary of the terms of our capital stock is not meant to be complete and is qualified by reference to the relevant provisions of the Delaware General Corporation Law (the “DGCL”) and our certificate of incorporation and bylaws. Our certificate of incorporation and bylaws are incorporated by reference as exhibits to the registration statement of which this prospectus forms a part. See “Where You Can Find More Information” above.

Authorized Capital Stock

Under our certificate of incorporation, our authorized capital stock consists of 300,000,000 shares of common stock, par value \$0.001 per share, and 100,000,000 shares of preferred stock, \$0.001 par value per share. At November 13, 2014, there were issued and outstanding:

- 54,931,904 shares of our common stock (not counting shares held in treasury);
- employee restricted stock units for an aggregate of 1,396,210 shares of our common stock;
- employee stock options to purchase an aggregate of 78,946 shares of our common stock; and
- zero shares of our preferred stock.

Common Stock

The holders of our common stock are entitled to one vote per share on all matters to be voted on by the stockholders. Subject to preferences that may be applicable to any outstanding preferred stock, the holders of common stock are entitled to receive ratably such dividends, if any, as may be declared from time to time by the board of directors out of funds legally available for the payment of dividends. All dividends are non-cumulative. In the event of the liquidation, dissolution or winding up of Equinix, the holders of common stock are entitled to share ratably in all assets remaining after payment of liabilities, subject to prior distribution rights of preferred stock, if any, then outstanding. Our common stock has no preemptive or conversion rights or other subscription rights. There are no redemption or sinking fund provisions applicable to the common stock. All outstanding shares of our common stock are fully paid and nonassessable.

Our common stock is listed on the The Nasdaq Stock Market under the symbol “EQIX.”

Preferred Stock

Preferred stock may be issued from time to time in one or more series, each of which is to have the voting powers, designation, preferences and relative, participating, optional or other special rights and qualifications, limitations or restrictions thereof as are stated and expressed in our certificate of incorporation, or in a resolution or resolutions providing for the issue of that series adopted by our board of directors.

Our board of directors has the authority, without stockholder approval, to create one or more series of preferred stock and, with respect to each series, to fix or alter as permitted by law, among other things, the number of shares of the series and the designation thereof, dividend rights, dividend rate, conversion rights, voting rights, rights and terms of any redemption, redemption price or prices and liquidation preferences.

When we or the selling securityholders offer to sell a particular series of preferred stock, we will describe the specific terms of the securities in a supplement to this prospectus. The preferred stock will be issued under a certificate of designations relating to each series of preferred stock and is also subject to our certificate of incorporation.

The transfer agent for each series of preferred stock will be described in the prospectus supplement.

Anti-Takeover Effects of Provisions of Our Certificate of Incorporation, Bylaws and Delaware law

Provisions of our certificate of incorporation and bylaws may delay or discourage transactions involving an actual or potential change in control or change in our management, including transactions in which stockholders might otherwise receive a premium for their shares, or transactions that our stockholders might otherwise deem to be in their best interests. Therefore, these provisions could adversely affect the price of our common stock.

Among other things, our certificate of incorporation and bylaws:

- permit our board of directors to issue up to 100,000,000 shares of preferred stock, with any rights, preferences and privileges as they may designate;
- provide that, subject to the terms of any series of preferred stock, the authorized number of directors may be changed only by resolution of the board of directors;
- provide that, subject to the terms of any series of preferred stock, all vacancies, including newly created directorships, may, except as otherwise required by law, be filled by the affirmative vote of a majority of directors then in office, even if less than a quorum;
- provide that, subject to the terms of any series of preferred stock, directors may be removed only for cause and only by the affirmative vote of holders of a majority of the voting power of our then-outstanding stock;

[Table of Contents](#)

- eliminate the personal liability of our directors for monetary damages resulting from breaches of their fiduciary duty to the extent permitted by the DGCL and indemnify our directors and officers to the fullest extent permitted by the DGCL;
- provide that stockholders seeking to present proposals before a meeting of stockholders or to nominate candidates for election as directors at a meeting of stockholders must provide notice in writing in a timely manner, and also specify requirements as to the form and content of a stockholder's notice;
- do not provide for cumulative voting rights, therefore allowing the holders of a majority of the shares of common stock entitled to vote in any election of directors to elect all of the directors standing for election, if they should so choose;
- provide that, subject to exceptions and constructive ownership rules, no person may own, or be deemed to own by virtue of the attribution provisions of the Internal Revenue Code of 1986, as amended, in excess of (i) 9.8% in value of the outstanding shares of all classes or series of Equinix stock or (ii) 9.8% in value or number (whichever is more restrictive) of the outstanding shares of any class or series of Equinix stock; and
- provide that our bylaws can be amended or repealed at any regular or special meeting of stockholders or by the board of directors.

Delaware Takeover Statute. We are subject to Section 203 of the DGCL, which regulates corporate acquisitions. DGCL Section 203 restricts the ability of certain Delaware corporations, including those whose securities are listed on The Nasdaq Stock Market, from engaging under certain circumstances in a business combination with any interested stockholder for three years following the date that such stockholder became an interested stockholder. For purposes of DGCL Section 203, a business combination includes, among other things, a merger or consolidation involving us and the interested stockholder and the sale of 10% or more of our assets. In general, DGCL Section 203 defines an interested stockholder as any entity or person beneficially owning 15% or more of our outstanding voting stock and any entity or person affiliated with or controlling or controlled by such entity or person. A Delaware corporation may opt out of DGCL Section 203 with an express provision in its original certificate of incorporation or an express provision in its certificate of incorporation or bylaws resulting from amendments approved by the holders of at least a majority of the corporation's outstanding voting shares. We have not opted out of the provisions of DGCL Section 203 in our certificate of incorporation or bylaws.

Transfer Agent and Registrar

The transfer agent and registrar for the shares of our common stock is Computershare Stockholder Services, Inc.

DESCRIPTION OF DEBT SECURITIES

Any debt securities we may issue will constitute either senior or subordinated debt of Equinix. Any debt securities that are sold may be exchangeable for and/or convertible into common stock or any of the other securities that may be sold under this prospectus. Any debt securities will be issued under an indenture between us and U.S. Bank National Association, as trustee, or one or more separate indentures between us and a designated trustee. We will include in a prospectus supplement the specific terms of each series of senior or subordinated debt securities being offered, including the terms, if any, on which a series of senior or subordinated debt securities may be convertible into or exchangeable for other securities. In addition, the material terms of any indenture, which will govern the rights of the holders of our senior or subordinated debt securities, will be set forth in the applicable prospectus supplement.

DESCRIPTION OF WARRANTS

We may issue warrants to purchase our debt or equity securities or securities of third parties or other rights, including rights to receive payment in cash or securities based on the value, rate or price of one or more specified commodities, currencies, securities or indices, or any combination of the foregoing. Warrants may be issued independently or together with any other securities and may be attached to, or separate from, such securities. Each series of warrants will be issued under a separate warrant agreement to be entered into between us and a warrant agent. The terms of any warrants to be issued and a description of the material provisions of the applicable warrant agreement will be set forth in the applicable prospectus supplement.

DESCRIPTION OF PURCHASE CONTRACTS

We may issue purchase contracts for the purchase or sale of:

- debt or equity securities issued by us or securities of third parties, a basket of such securities, an index or indices of such securities or any combination of the above as specified in the applicable prospectus supplement;
- currencies; or
- commodities.

Each purchase contract will entitle the holder thereof to purchase or sell, and obligate us to sell or purchase, on specified dates, such securities, currencies or commodities at a specified purchase price, which may be based on a formula, all as set forth in the applicable prospectus supplement. We may, however, satisfy our obligations, if any, with respect to any purchase contract by delivering the cash value of such purchase contract or the cash value of the property otherwise deliverable or, in the case of purchase contracts on underlying currencies, by delivering the underlying currencies, as set forth in the applicable prospectus supplement. The applicable prospectus supplement will also specify the methods by which the holders may purchase or sell such securities, currencies or commodities and any acceleration, cancellation or termination provisions or other provisions relating to the settlement of a purchase contract.

Any purchase contracts we may issue may require us to make periodic payments to the holders thereof or vice versa, which payments may be deferred to the extent set forth in the applicable prospectus supplement, and those payments may be unsecured or prefunded on some basis. The purchase contracts may require the holders thereof to secure their obligations in a specified manner to be described in the applicable prospectus supplement. Alternatively, purchase contracts may require holders to satisfy their obligations thereunder when the purchase contracts are issued. Our obligation to settle such pre-paid purchase contracts on the relevant settlement date may constitute indebtedness. Accordingly, pre-paid purchase contracts will be issued under an indenture.

DESCRIPTION OF UNITS

As specified in the applicable prospectus supplement, we may issue units consisting of one or more purchase contracts, warrants, debt securities, shares of preferred stock, shares of common stock or any combination of such securities.

FORMS OF SECURITIES

Each debt security, warrant and unit will be represented either by a certificate issued in definitive form to a particular investor or by one or more global securities representing the entire issuance of securities. Certificated securities will be issued in definitive form and global securities will be issued in registered form. Definitive

[Table of Contents](#)

securities name you or your nominee as the owner of the security, and in order to transfer or exchange these securities or to receive payments other than interest or other interim payments, you or your nominee must physically deliver the securities to the trustee, registrar, paying agent or other agent, as applicable. Global securities name a depositary or its nominee as the owner of the debt securities, warrants or units represented by these global securities. The depositary maintains a computerized system that will reflect each investor's beneficial ownership of the securities through an account maintained by the investor with its broker/dealer, bank, trust company or other representative, as we explain more fully below.

Global Securities

Registered Global Securities. We may issue the registered debt securities, warrants and units in the form of one or more fully registered global securities that will be deposited with a depositary or its nominee identified in the applicable prospectus supplement and registered in the name of that depositary or nominee. In those cases, one or more registered global securities will be issued in a denomination or aggregate denominations equal to the portion of the aggregate principal or face amount of the securities to be represented by registered global securities. Unless and until it is exchanged in whole for securities in definitive registered form, a registered global security may not be transferred except as a whole by and among the depositary for the registered global security, the nominees of the depositary or any successors of the depositary or those nominees.

If not described below, any specific terms of the depositary arrangement with respect to any securities to be represented by a registered global security will be described in the prospectus supplement relating to those securities. We anticipate that the following provisions will apply to all depositary arrangements.

Ownership of beneficial interests in a registered global security will be limited to persons, called participants, that have accounts with the depositary or persons that may hold interests through participants. Upon the issuance of a registered global security, the depositary will credit, on its book-entry registration and transfer system, the participants' accounts with the respective principal or face amounts of the securities beneficially owned by the participants. Any dealers, underwriters or agents participating in the distribution of the securities will designate the accounts to be credited. Ownership of beneficial interests in a registered global security will be shown on, and the transfer of ownership interests will be effected only through, records maintained by the depositary, with respect to interests of participants, and on the records of participants, with respect to interests of persons holding through participants. The laws of some states may require that some purchasers of securities take physical delivery of these securities in definitive form. These laws may impair your ability to own, transfer or pledge beneficial interests in registered global securities.

So long as the depositary, or its nominee, is the registered owner of a registered global security, that depositary or its nominee, as the case may be, will be considered the sole owner or holder of the securities represented by the registered global security for all purposes under the applicable indenture, warrant agreement, guaranteed trust preferred security or unit agreement. Except as described below, owners of beneficial interests in a registered global security will not be entitled to have the securities represented by the registered global security registered in their names, will not receive or be entitled to receive physical delivery of the securities in definitive form and will not be considered the owners or holders of the securities under the applicable indenture, warrant agreement, guaranteed trust preferred security or unit agreement. Accordingly, each person owning a beneficial interest in a registered global security must rely on the procedures of the depositary for that registered global security and, if that person is not a participant, on the procedures of the participant through which the person owns its interest, to exercise any rights of a holder under the applicable indenture, warrant agreement, guaranteed trust preferred security or unit agreement. We understand that under existing industry practices, if we request any action of holders or if an owner of a beneficial interest in a registered global security desires to give or take any action that a holder is entitled to give or take under the applicable indenture, warrant agreement, guaranteed trust preferred security or unit agreement, the depositary for the registered global security would authorize the participants holding the relevant beneficial interests to give or take that action, and the participants would authorize beneficial owners owning through them to give or take that action or would otherwise act upon the instructions of beneficial owners holding through them.

[Table of Contents](#)

Principal, premium, if any, and interest payments on debt securities, and any payments to holders with respect to warrants, guaranteed trust preferred securities or units, represented by a registered global security registered in the name of a depository or its nominee, will be made to the depository or its nominee, as the case may be, as the registered owner of the registered global security. None of Equinix, the trustees, the warrant agents, the unit agents or any other agent of Equinix, agent of the trustees or agent of the warrant agents or unit agents will have any responsibility or liability for any aspect of the records relating to payments made on account of beneficial ownership interests in the registered global security or for maintaining, supervising or reviewing any records relating to those beneficial ownership interests.

We expect that the depository for any of the securities represented by a registered global security, upon receipt of any payment of principal, premium, interest or other distribution of underlying securities or other property to holders on that registered global security, will immediately credit participants' accounts in amounts proportionate to their respective beneficial interests in that registered global security as shown on the records of the depository. We also expect that payments by participants to owners of beneficial interests in a registered global security held through participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of those participants.

If the depository for any of these securities represented by a registered global security is at any time unwilling or unable to continue as depository or ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depository registered as a clearing agency under the Securities Exchange Act of 1934, as amended, is not appointed by us within 120 days, we will issue securities in definitive form in exchange for the registered global security that had been held by the depository. Any securities issued in definitive form in exchange for a registered global security will be registered in the name or names that the depository gives to the relevant trustee, warrant agent, unit agent or other relevant agent of ours or theirs. It is expected that the depository's instructions will be based upon directions received by the depository from participants with respect to ownership of beneficial interests in the registered global security that had been held by the depository.

PLAN OF DISTRIBUTION

Equinix and/or the selling securityholders, if applicable, may sell the securities in one or more of the following ways (or in any combination) from time to time:

- to or through underwriters or dealers;
- in short or long transactions;
- directly to a limited number of purchasers or to a single purchaser;
- through agents; or

Equinix and/or the selling securityholders, if applicable, may sell the securities through agents from time to time. Equinix and/or the selling securityholders, if applicable, may authorize underwriters, dealers or agents to solicit offers by certain purchasers to purchase the securities from Equinix at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. The contracts will be subject only to those conditions set forth in the prospectus supplement, and the prospectus supplement will set forth any commissions we pay for solicitation of these contracts.

Underwriters and agents may be entitled under agreements entered into with Equinix and/or the selling securityholders, if applicable, to indemnification by Equinix and/or the selling securityholders, if applicable, against certain civil liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribution with respect to payments which the underwriters or agents may be required to make. Underwriters and agents may be customers of, engage in transactions with, or perform services for Equinix and its affiliates in the ordinary course of business.

Each series of securities other than the common stock, which is listed on The NASDAQ Stock Market, and any series of debt securities outstanding on the date hereof, will be a new issue of securities and will have no established trading market. The securities, other than the common stock, may or may not be listed on a national securities exchange.
