ABOUT THIS PROSPECTUS SUPPLEMENT

We provide information to you about the notes in two separate documents that offer varying levels of detail:

- The accompanying prospectus, which provides general information, some of which may not apply to this offering or the terms of the notes; and
- This prospectus supplement, which provides a summary of this offering and the principal terms of the notes.

Generally, when we refer to "this prospectus," we are referring to both documents combined. If information in this prospectus supplement is inconsistent with the accompanying prospectus, you should rely only on this prospectus supplement.

SUMMARY

The following summary contains basic information about this offering and the principal terms of the notes. It does not contain all the information that is important to you. For a more complete understanding of this offering and the principal terms of the notes, we encourage you to read this entire prospectus supplement, the accompanying prospectus and the documents we refer to, or incorporate by reference, herein and therein. In this prospectus supplement, the "Operating Partnership" and the terms "we," "us" and "our" refer to Simon Property Group, L.P. and its subsidiaries, unless the context specifies or contemplates otherwise, and "Simon Property" refers specifically to Simon Property Group, Inc.

Simon Property Group, L.P.

Simon Property Group, L.P. owns, develops and manages retail real estate properties, which consist primarily of malls, Premium Outlets® and The Mills®. Our sole general partner, Simon Property, is a self-administered and self-managed real estate investment trust, or REIT, for United States federal income tax purposes.

Our principal executive offices are located at 225 West Washington Street, Indianapolis, Indiana 46204. Our telephone number is (317) 636-1600. For more information, please see the section entitled "Who We Are" in this prospectus supplement.

The Offering

The following is a brief summary of the principal terms of the notes of each series. A more detailed description is contained in this prospectus supplement under the section "Description of Notes," together with the section "Description of Securities Being Offering" in the accompanying prospectus.

Issuer	Simon Property Group, L.P.

Maturity Date	Unless earlier redeemed, the 2021 notes will mature on July 15, 2021, and the 2026 notes will mature on January 15, 2026.
Optional Redemption	We may redeem some or all of the notes of either series at any time and from time to time at the redemption prices described under "Description of Notes—Optional Redemption." If the 2021 notes or the 2026 notes are redeemed on or after April 15, 2021 or October 15, 2025, respectively, the redemption price will not include the Make-Whole Amount (defined herein).
Interest Payment Dates	January 15 and July 15 of each year, beginning July 15, 2016, with respect to the 2021 notes, and January 15 and July 15 of each year, beginning July 15, 2016, with respect to the 2026 notes.

Ranking

The notes will be our unsecured and unsubordinated obligations and will rank equally with all of our other existing and future unsecured and unsubordinated indebtedness. See "Description of Notes" in this prospectus supplement.

Assuming we had completed the offering of the notes on September 30, 2015, the notes would have been effectively subordinated to \$6.5 billion (unaudited) of total consolidated mortgage debt to the extent of the assets securing the same. At such date, our subsidiaries did not have any unsecured debt.

Use of Proceeds

We expect to receive net proceeds from the sale of the notes, after deducting the underwriting discount and expenses payable by us, of approximately \$1,337.5 million. We intend to use the net proceeds of this offering for general business purposes, including one or more of the following:

- to retire the outstanding mortgage loans on three of our wholly owned properties;
- to fund the pending optional redemption of our 6.10% notes due 2016 at par; and
- to repay a portion of the borrowings outstanding under our \$4.0 billion unsecured revolving credit facility.

See "Use of Proceeds" in this prospectus supplement.

Conflicts of Interest

To the extent that any of the underwriters or their affiliates own any of our 6.10% notes due 2016 and a portion of the net proceeds of this offering is used to fund the pending optional redemption of those notes, such underwriters or affiliates would receive a portion of those net proceeds.

In addition, the underwriters or their affiliates are lenders under our \$4.0 billion unsecured revolving credit facility. To the extent that a portion of the net proceeds of this offering is used to repay borrowings under the credit facility, such underwriters or affiliates would receive a portion of those net proceeds.

See "Underwriting (Conflicts of Interest)—Conflicts of Interest."

Covenants

The indenture contains various covenants

applicable to the notes of each series, including covenants with respect to limitations on the incurrence of debt. These covenants are subject to a number of important qualifications and exceptions. See "Description of Notes—Covenants" in this prospectus supplement.

Minimum Denominations

The notes of each series will be issued and may be transferred only in minimum denominations of \$2,000 and multiples of \$1,000 in excess thereof.

Form

Book-entry only through the facilities of The Depository Trust Company, including Clearstream Banking, société anonyme, and Euroclear Bank S.A./N.V.

Risk Factors

See "Risk Factors" in this prospectus supplement and the other information included in or incorporated by reference into this prospectus supplement and the accompanying prospectus for a discussion of factors you should carefully consider before deciding to purchase the notes.

RISK FACTORS

Your investment in the notes involves certain risks. In consultation with your own financial, tax, accounting and legal advisers, you should carefully consider, among other matters, the risk factors set forth below as well as the risk factors discussed in our most recent annual report on Form 10-K which is incorporated by reference into this prospectus supplement and the accompanying prospectus before deciding whether to make an investment in the notes. The realization of any of the matters referenced in such risk factors could have a material adverse effect on our business, financial condition, liquidity, results of operations or prospects.

The notes are effectively subordinated to all our existing and future secured debt and the liabilities and any preferred equity of our subsidiaries.

The notes are not secured by any of our assets and therefore are effectively subordinated to all our existing and future secured debt. If we become insolvent or are liquidated, or if payment of any of our secured debt is accelerated, the holders of that secured debt will be entitled to exercise the remedies available to secured lenders under applicable law, including the ability to foreclose on and sell the assets securing such debt to satisfy such debt. In any such case, our remaining assets may be insufficient to repay the notes.

Because we operate a significant portion of our business through subsidiaries, we derive revenues from, and hold assets through, those subsidiaries. In general, these subsidiaries are separate and distinct legal entities. These subsidiaries will have no obligation to pay any amounts due on our debt securities, including the notes, or to provide us with funds for our payment obligations, whether by dividends, distributions, loans or otherwise. Our right to receive any assets of any subsidiary in the event of a bankruptcy or liquidation of the subsidiary, and therefore the right of our creditors to participate in those assets, will be effectively subordinated to the claims of that subsidiary's creditors, including trade creditors, and any preferred equity holders of that subsidiary, in each case to the extent that we are not recognized as a creditor of such subsidiary. In addition, even where we are recognized as a creditor of a subsidiary, our rights as a creditor with respect to certain amounts are subordinated to other indebtedness of that subsidiary, including secured indebtedness to the extent of the assets securing such indebtedness.

At September 30, 2015, the total consolidated mortgage debt on our properties was approximately \$6.5 billion (unaudited) and our subsidiaries did not have any unsecured debt.

The notes restrict, but do not eliminate, our ability to incur additional debt or take other action that could negatively impact holders of the notes.

Subject to specified limitations in the indenture and as described under "Description of Notes—Covenants—*Limitation on Debt*" and "Description of Notes—Covenants—*Merger, Consolidation or Sale*," the indenture does not contain any provisions that would limit our ability or the ability of our subsidiaries to incur indebtedness or that would give holders of the notes protection in the event of: a highly leveraged or similar transaction involving us or any of our affiliates; a change of control; or a reorganization, restructuring, merger or similar transaction involving us or any of our affiliates that may adversely affect the holders of the notes. Restrictions on the ownership and transfer of the shares of common stock of Simon Property designed to preserve its qualification as a REIT, however, may prevent or hinder a change of control.

There is no current public market for the notes.

Each series of notes is a new issue of securities for which there is currently no trading market. We do not intend to apply for listing of the notes of either series on any securities exchange or for inclusion of the notes of either series in any automated quotation system. We cannot guarantee:

- any trading market for either series of notes will develop or be maintained;
- the liquidity of any trading market that may develop for either series of notes;
- your ability to sell your notes when desired or at all; or
- the price at which you would be able to sell your notes.

Liquidity of any trading market for, and future trading prices of, the notes of each series will depend on many factors, including:

- prevailing interest rates;
- our operating results and cash flows;
- credit rating or outlook changes; and
- the market for similar securities.

WHO WE ARE

We own, develop and manage retail real estate properties, which consist primarily of malls, Premium Outlets® and The Mills®. We are a majority-owned operating partnership subsidiary of Simon Property, which has elected to be treated as a REIT for United States federal income tax purposes.

As of September 30, 2015, we owned or held an interest in 208 income-producing properties in the United States, which consisted of 109 malls, 69 Premium Outlets, 14 Mills, three lifestyle centers, and 13 other retail properties in 37 states and Puerto Rico. We opened two Premium Outlets in October 2015 and have three outlets and two other significant retail projects under development. In addition, we have redevelopment and expansion projects, including the addition of anchors, big box tenants, and restaurants, underway at 30 properties in the U.S. Internationally, as of September 30, 2015, we had ownership interests in nine Premium Outlets in Japan, three Premium Outlets in South Korea, two Premium Outlets in Canada, one Premium Outlet in Mexico, and one Premium Outlet in Malaysia. As of September 30, 2015, we had a noncontrolling ownership interest in a joint venture that holds five outlet properties in Europe and one outlet property in Canada. Of the five properties in Europe, two are located in Italy and one each is located in Austria, the Netherlands, and the United Kingdom. Additionally, as of September 30, 2015, we owned a 20.3% equity stake in Klépierre SA, a publicly traded, Paris-based real estate company which owns, or has an interest in, shopping centers located in 16 countries in Europe.

We were formed on November 18, 1993 as a Delaware limited partnership. Simon Property is our sole general partner. Our principal executive offices are located at 225 West Washington Street, Indianapolis, Indiana 46204. Our telephone number is (317) 636-1600. Our Internet address is www.simon.com. The information in our website is not a part of, or incorporated by reference into, this prospectus supplement or the accompanying prospectus.

If you want to find more information about us and Simon Property, please see the sections entitled "Where You Can Find More Information" and "Incorporation of Information We File with the SEC" in the accompanying prospectus.

USE OF PROCEEDS

We expect to receive net proceeds from the sale of the notes, after deducting the underwriting discount and expenses payable by us, of approximately \$1,337.5 million. We intend to use the net proceeds of this offering for general business purposes, including one or more of the following:

- to retire in February 2016 the outstanding mortgage loans (with an outstanding aggregate principal amount of \$374 million) on three of our wholly owned properties;
- to fund the optional redemption at par in February 2016 of all \$163.3 million aggregate principal amount of our 6.10% notes due 2016, whose notice of redemption was given in December 2015; and
- to repay a portion of the borrowings outstanding under our \$4.0 billion unsecured revolving credit facility that we incurred in December 2015 to partially fund the \$1.1 billion redemption (including the respective make-whole amounts) of all \$800 million aggregate principal amount of our 6.125% notes due 2018 and all \$200 million aggregate principal amount of our 7.375% notes due 2018.

As of December 31, 2015, the mortgage loans referred to in the first bullet above had a weighted average fixed-rate interest rate of 8% per annum and a weighted average maturity of August 1, 2016. These mortgage loans are prepayable without penalty on or after February 1, 2016.

As of December 31, 2015, the U.S. dollar balance under our \$4.0 billion unsecured revolving credit facility was \$815 million. The credit facility has a base interest rate of LIBOR plus 80 basis points (which was 1.22% per annum as of December 31, 2015) and matures on June 30, 2018 (which may be extended for one year at our option subject to our continued compliance with covenants thereunder).

To the extent that any of the underwriters or their affiliates own any of our 6.10% notes due 2016 and a portion of the net proceeds of this offering is used to fund the pending optional redemption of those notes, such underwriters or affiliates would receive a portion of those net proceeds.

In addition, the underwriters or their affiliates are lenders under our \$4.0 billion unsecured revolving credit facility. To the extent that a portion of the net proceeds of this offering is used to repay borrowings under the credit facility, such underwriters or affiliates would receive a portion of those net proceeds.

See "Underwriting (Conflicts of Interest)—Conflicts of Interest."

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our historical unaudited ratios of earnings to fixed charges for the periods indicated. Ratios have been revised for all periods presented to reflect the spin-off of WP Glimcher Inc. (formerly known as Washington Prime Group Inc.).

Nine months ended September 30, 2015	Year ended December 31,				
2015	2014	2013	2012	2011	2010
2.98x	2.40x	2.23x	2.44x	2.00x	1.47x

For purposes of calculating the ratio of earnings to fixed charges, the term "earnings" is the amount resulting from adding (a) pre-tax income from continuing operations before adjustment for noncontrolling interests in consolidated subsidiaries or income or loss from equity investees, (b) fixed charges, (c) amortization of capitalized interest and (d) distributed income of equity investees, reduced by (a) interest capitalized and (b) the noncontrolling interest in pre-tax income of subsidiaries that have not incurred fixed charges. "Fixed charges" consist of (a) interest expensed and capitalized, (b) amortized premiums, discounts and capitalized expenses related to indebtedness and (c) an estimate of the interest within rental expense.

There are generally no restrictions on our ability to receive distributions from our joint ventures where no preference in favor of the other owners of the joint venture exists.

DESCRIPTION OF NOTES

Each series of notes is a new series of debt securities to be issued under an indenture dated as of November 26, 1996, between us and The Bank of New York Mellon Trust Company, N.A. (as successor to The Chase Manhattan Bank), as trustee (the "Trustee"), and to be supplemented as of January 13, 2016 (the "Indenture"). The terms of the notes include those provisions contained in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended. We have summarized selected terms and provisions of the Indenture and the Trust Indenture Act below. The following summary of specified provisions of the Indenture and the notes does not purport to be complete and is subject to, and qualified in its entirety by reference to, the actual provisions of the Indenture, including the definitions contained in the Indenture of some of the terms used below, and the notes of the applicable series. If you would like more information on any of these provisions, you should read the relevant sections of the Indenture. Copies of the Indenture are available from us upon request.

The 2021 notes and the 2026 notes initially will be limited to an aggregate principal amount of \$550,000,000 and \$800,000,000, respectively. See "—Further Issuances" below.

The notes will be our direct, unsecured and unsubordinated obligations and will rank equally with all our other unsecured and unsubordinated indebtedness from time to time outstanding. The notes will be effectively subordinated to the claims of mortgage lenders holding secured indebtedness, as to the specific property securing each lender's mortgage, and to claims of creditors and future holders of preferred equity, if any, of our subsidiaries to the extent of the assets of those subsidiaries. At September 30, 2015, the total consolidated mortgage debt on our properties was approximately \$6.5 billion (unaudited) and our subsidiaries did not have any unsecured debt. Subject to specified limitations in the Indenture and as described below under "—Covenants," the Indenture permits us and our subsidiaries to incur additional secured and unsecured indebtedness and to issue preferred equity. None of our partners has any obligation to pay any amounts due on the notes.

The entire principal amount of the 2021 notes will mature and become payable, together with accrued and unpaid interest, on July 15, 2021 and the 2026 notes will mature and become payable, together with accrued and unpaid interest, on January 15, 2026 (each, a "Maturity Date" with respect to the applicable series of notes), unless, in each case, such notes are redeemed earlier as described below under "—Optional Redemption." The notes will not be subject to, or entitled to the benefit of, any sinking fund provisions and will not be convertible into or exchangeable for any of our equity interests. The notes of each series will be issued in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

Except as described below under "—Covenants—*Limitation on Debt*" and "—Covenants—*Merger, Consolidation or Sale*," the Indenture does not contain any provisions that would limit our ability or the ability of our subsidiaries to incur indebtedness or that would give holders of the notes protection in the event of:

- a highly leveraged or similar transaction involving us or any of our affiliates;
- a change of control; or
- a reorganization, restructuring, merger or similar transaction involving us or any of our affiliates that may adversely affect the holders of the notes.

Restrictions on the ownership and transfer of the shares of common stock of Simon Property designed to preserve its qualification as a REIT, however, may prevent or hinder a change of control.

Principal and Interest

The 2021 notes will bear interest at 2.500% per year, and the 2026 notes will bear interest at 3.300% per year, in each case from January 13, 2016 or from the immediately preceding interest payment date to which interest has been paid. Interest is payable semiannually in arrears on January 15 and July 15, commencing July 15, 2016, on the 2021 notes, and on January 15 and July 15, commencing July 15, 2016, on the 2026 notes (each, an "Interest Payment Date" with respect to the applicable series of notes). Interest on an Interest Payment Date will be paid to the persons, or "holders", in whose names the notes are registered on the security register at the close of business on the regular record date. The regular record date will be the fifteenth calendar day, whether or not a Business Day (as defined below), immediately preceding the related Interest Payment Date. Interest on the notes will be computed on the basis of a 360-day year of twelve 30-day months.

The principal of each note payable at maturity or the principal, premium, if any, and interest, if any, payable upon earlier redemption will be paid against presentation and surrender of the note at the corporate trust office of the Trustee, located initially at The Bank of New York Mellon Trust Company, N.A., 2 North LaSalle Street, Suite 1020, Chicago, Illinois 60602, in the coin or currency of the United States of America that at the time of payment is legal tender for payment of public and private debts.

If any Interest Payment Date, Maturity Date or earlier date of redemption falls on a day that is not a Business Day, the required payment will be made on the next Business Day as if it were made on the date the payment was due and no interest will accrue on the amount so payable for the period from and after that Interest Payment Date, the Maturity Date or that date of redemption, as the case may be. For purposes of the notes, "Business Day" means any day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions in The City of New York are authorized or required by law, regulation or executive order to close.

Further Issuances

We may, from time to time, without the consent of or notice to existing note holders, create and issue further notes having the same terms and conditions as the notes of either series in all respects, except for the issue date, issue price and, to the extent applicable, the first payment of interest. Additional notes issued in this manner will be consolidated with, and will form a single series of debt securities with, the previously outstanding notes of the related series; *provided, however*, that the issuance of such additional notes will not be so consolidated for United States federal income tax purposes unless such issuance constitutes a "qualified reopening" within the meaning of the Internal Revenue Code of 1986, as amended (the "Code"), and the Treasury regulations promulgated thereunder.

Optional Redemption

We may redeem the notes of either series at our option at any time, in whole or from time to time in part, at a redemption price (the "Redemption Price") equal to the sum of:

- the principal amount of the notes of such series being redeemed plus accrued interest on such notes to the redemption date; and
- the Make-Whole Amount, as defined below, if any, with respect to such notes.

If the 2021 notes or the 2026 notes are redeemed on or after April 15, 2021 or October 15, 2025, respectively (three (3) months prior to the Maturity Date with respect to the applicable series of notes), the Redemption Price will not include the Make-Whole Amount.

Notwithstanding the foregoing, installments of interest on notes that are due and payable on an Interest Payment Date falling on or prior to a redemption date will be payable on such Interest Payment Date to the holders thereof as of the close of business on the relevant record date.

If we have given notice of redemption as provided in the Indenture and have made funds available on the redemption date referred to in the notice for the redemption, the notes called for redemption will cease to bear interest on the redemption date and the holders of those notes from and after the redemption date will be entitled to receive only the payment of the Redemption Price upon surrender of the notes in accordance with the notice.

We will give notice of any optional redemption of the notes of either series to holders of those notes, at their addresses, as shown in the security register for the notes, not more than 45 nor less than 15 days prior to the redemption date. The notice of redemption will specify, among other items, the applicable series of notes, the Redemption Price and the principal amount of the notes held by the holder to be redeemed.

If we choose to redeem less than all of the notes of a series, we will notify the Trustee at least five Business Days prior to giving notice of redemption, or a shorter period as may be satisfactory to the Trustee, of the aggregate principal amount of notes of such series to be redeemed and their redemption date. The Trustee will select, on a pro rata basis to the extent practicable or by lot or by such other manner it deems fair and appropriate (and in such manner that complies with the requirements of the depository, if applicable), the notes of that series to be redeemed in part.

As used in this prospectus supplement:

"Make-Whole Amount" means, in connection with any optional redemption or accelerated payment of the notes of either series, the excess, if any, of:

- the aggregate present value as of the date of redemption or accelerated payment of each dollar of principal being redeemed or accelerated and the amount of interest, calculated by us, excluding interest accrued to the date of redemption or accelerated payment, that would have been payable in respect of each dollar if the redemption or accelerated payment had been made on April 15, 2021, in the case of the 2021 notes, or October 15, 2025, in the case of the 2026 notes (determined by discounting, on a semiannual basis, the principal and interest at the Reinvestment Rate, determined on the third Business Day preceding the date notice of the redemption or accelerated payment is given, from the respective dates on which the principal and interest would have been payable if the redemption or accelerated payment had been made on April 15, 2021, in the case of the 2021 notes, or October 15, 2025, in the case of the 2026 notes), over
- the aggregate principal amount of the notes of such series being redeemed or accelerated.

"Reinvestment Rate" means the yield on treasury securities at a constant maturity corresponding to the remaining life to maturity (rounded up to the nearest month) of the principal of the notes of the applicable series being redeemed or accelerated as of the date of redemption or accelerated payment (which maturity shall be deemed to be April 15, 2021, in the case of the 2021 notes, or October 15, 2025, in the case of the 2026 notes) (the "Treasury Yield"), plus 0.150% for the 2021 notes and 0.200% for the 2026 notes being redeemed or accelerated. For purposes of calculating the Reinvestment Rate, the Treasury Yield will be equal to the arithmetic mean of the yields published in the Statistical Release under the heading "Week Ending" for "U.S. Government Securities—Treasury Constant Maturities" with a maturity equal to the deemed remaining life to maturity of the notes of such series being redeemed. However, if no published maturity exactly corresponds to such remaining life, then the Treasury Yield will be interpolated or extrapolated on a straight-line basis from the arithmetic means of the yields for the next shortest and next longest published maturities. For purposes of calculating the Reinvestment Rate, the most recent Statistical Release published prior to the date of determination of

the Make-Whole Amount will be used. If the format or content of the Statistical Release changes in a manner that precludes determination of the Treasury Yield in the above manner, then the Treasury Yield will be determined in the manner that most closely approximates the above manner, as we reasonably determine.

"Statistical Release" means the statistical release designated "H.15(519)" or any successor publication that is published weekly by the Federal Reserve System and that reports yields on actively traded United States government securities adjusted to constant maturities, or, if that statistical release is not published at the time of any required determination under the Indenture, then another reasonably comparable index which we will designate.

No Guarantee by Predecessor Operating Partnership

The Indenture indicates that a predecessor operating partnership subsidiary of Simon Property that had the same name as us would guarantee the payment of any securities issued under the Indenture. Effective December 31, 1997, this predecessor operating partnership was merged into us. As a result, we acquired all of the assets and partnership interests it previously owned and its obligations as guarantor under the Indenture were terminated.

Covenants

The following covenants and related definitions will apply to the notes:

Limitation on Debt. As of each Reporting Date, our Debt will not exceed 65% of Total Assets.

Limitation on Secured Debt. As of each Reporting Date, our Secured Debt will not exceed 50% of our Total Assets.

Fixed Charge Coverage Ratio. For the four consecutive quarters ending on each Reporting Date, our ratio of Annualized EBITDA (as defined below) to Annualized Interest Expense (as defined below) will be at least 1.50 to 1.00.

Maintenance of Total Unencumbered Assets. As of each Reporting Date, our Unencumbered Assets will not be less than 125% of our outstanding Unsecured Debt.

Merger, Consolidation or Sale. We may consolidate with, or sell, lease or convey all or substantially all of our assets to, or merge with or into, any other entity, provided that:

- either we will be the continuing entity or the successor entity will be an entity organized and existing under U.S. laws and the successor entity expressly assumes payment of the principal of, premium, if any, and any interest on all of the Securities (as defined under the Indenture) and the due and punctual performance and observance of all of the covenants and conditions contained in the Indenture;
- immediately after giving effect to the transaction and treating any indebtedness which becomes our obligation or the obligation of a Subsidiary (as defined below) as a result thereof as having been incurred by us or that Subsidiary at the time of the transaction, no Event of Default, and no event which, after notice or the lapse of time, or both, would become an Event of Default, will have occurred and be continuing; and
- an officer's certificate and legal opinion covering these conditions is delivered to the Trustee.

Existence. Except as described under "*—Merger, Consolidation or Sale,*" above, we will do or cause to be done all things necessary to preserve and keep in full force and effect our existence, rights (by partnership agreement and statute) and franchises. However, we will not be required to preserve any

right or franchise if we determine that its loss is not disadvantageous in any material respect to the holders of the notes.

Maintenance of Properties. We will cause all of our material properties used or useful in the conduct of our business or the business of any Subsidiary to be maintained and kept in good condition, repair and working order and supplied with all necessary equipment. We will also cause to be made all necessary repairs, renewals, replacements, betterments and improvements on these properties. Our obligations with respect to the maintenance of these properties is subject to our reasonable judgment as to what may be necessary so that the business carried on in connection with these properties may be properly conducted at all times. We and our Subsidiaries will not be prevented from selling or otherwise disposing of any properties for value in the ordinary course of business.

Insurance. We will, and will cause each of our Subsidiaries to, keep in force insurance policies on all our insurable properties. The insurance policies will be issued by financially sound and reputable companies protecting against loss or damage at least equal to the property's then full insurable value (subject to reasonable deductibles determined by us).

Payment of Taxes and Other Claims. We will pay or discharge or cause to be paid or discharged, before the same become delinquent:

- all taxes, assessments and governmental charges levied or imposed upon us or any Subsidiary or upon our income, profits or property or upon any Subsidiary's income, profits or property; and
- all lawful claims for labor, materials and supplies which, if unpaid, might by law become a lien upon our property or the property of any Subsidiary;

excluding, however, any tax, assessment, charge or claim whose amount, applicability or validity is being contested in good faith by appropriate proceedings.

Provision of Financial Information. Whether or not we are subject to Section 13 or 15(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and to the extent permitted under the Exchange Act, we will file with the Securities and Exchange Commission the annual reports, quarterly reports and other documents required under Sections 13 or 15(d) (the "Financial Information") on or prior to the respective dates (the "Required Filing Dates") by which we would have been required to file those documents if we were subject to Section 13 or 15(d). We also will in any event within 15 days of each Required Filing Date:

- transmit copies of the Financial Information by mail to all holders of Securities (as their names and addresses appear in the security register) without cost to the holders, and
- file copies of the Financial Information with the Trustee.

If we are not permitted to file these documents with the Securities and Exchange Commission under the Exchange Act, we will supply copies of the documents to any prospective holder promptly upon written request.

The availability of the foregoing materials on the Securities and Exchange Commission's website or on our website shall be deemed to satisfy the foregoing delivery obligations.

Definitions. As used in this "Description of Notes," the following defined terms have the meanings indicated:

"*Annualized EBITDA*" means, for the four consecutive quarters ending on each Reporting Date, the Operating Partnership's Pro Rata Share of earnings before interest, taxes, depreciation and amortization ("EBITDA"), with other adjustments as are necessary to exclude the effect of all realized or unrealized gains and losses related to hedging obligations, items classified as extraordinary items and impairment charges in accordance with generally accepted accounting principles, adjusted to reflect the

assumption that (i) any EBITDA related to any assets acquired or placed in service since the first day of such four-quarter period had been earned, on an annualized basis, from the beginning of such period, and (ii) any assets disposed of during such four-quarter period had been disposed of as of the first day of such period and no EBITDA related to such assets had been earned during such period.

"*Annualized Interest Expense*" means, for the four consecutive quarters ending on each Reporting Date, the Operating Partnership's Pro Rata Share of interest expense, with other adjustments as are necessary to exclude the effect of items classified as extraordinary items, in accordance with generally accepted accounting principles, reduced by amortization of debt issuance costs and adjusted to reflect the assumption that (i) any interest expense related to indebtedness incurred since the first day of such four-quarter period is computed as if such indebtedness had been incurred as of the beginning of such period, and (ii) any interest expense related to indebtedness that was repaid or retired since the first day of such four-quarter period is computed as if such indebtedness had been repaid or retired as of the beginning of such period (except that, in making such computation, the amount of interest expense related to indebtedness under any revolving credit facility shall be computed based upon the average daily balance of such indebtedness during such four-quarter period).

"*Capitalization Rate*" means 7.00%.

"*Capitalized Value*" means, as of any date, Annualized EBITDA divided by the Capitalization Rate.

"*Debt*" means the Operating Partnership's Pro Rata Share of the aggregate principal amount of indebtedness in respect of (i) borrowed money evidenced by bonds, notes, debentures or similar instruments, as determined in accordance with generally accepted accounting principles, (ii) indebtedness secured by any mortgage, pledge, lien, charge, encumbrance or any security interest existing on property owned by the Operating Partnership or any Subsidiary directly, or indirectly through unconsolidated joint ventures, as determined in accordance with generally accepted accounting principles, (iii) reimbursement obligations in connection with any letters of credit actually issued and called, (iv) any lease of property by the Operating Partnership or any Subsidiary as lessee which is reflected in the Operating Partnership's balance sheet as a capitalized lease, in accordance with generally accepted accounting principles; *provided*, that Debt also includes, to the extent not otherwise included, any obligation by the Operating Partnership or any Subsidiary to be liable for, or to pay, as obligor, guarantor or otherwise, items of indebtedness of another Person (other than the Operating Partnership or any Subsidiary) described in clauses (i) through (iv) above (or, in the case of any such obligation made jointly with another Person, the Operating Partnership's or Subsidiary's allocable portion of such obligation based on its ownership interest in the related real estate assets); and *provided, further*, that Debt excludes Intercompany Debt.

"*Intercompany Debt*" means Debt to which the only parties are the Operating Partnership, Simon Property and any of our and Simon Property's Subsidiaries or affiliates, but only so long as that Debt is held solely by any of the Operating Partnership, Simon Property and any Subsidiary or affiliate and, provided that, in the case of Debt owed by the Operating Partnership to any Subsidiary or affiliate, the Debt is subordinated in right of payment to the holders of the notes.

"*Pro Rata Share*" means any applicable figure or measure of the Operating Partnership and its Subsidiaries on a consolidated basis, less any portion attributable to minority interests, plus the Operating Partnership's or its Subsidiaries' allocable portion of such figure or measure, based on their ownership interest, of unconsolidated joint ventures.

"*Reporting Date*" means March 31, June 30, September 30 and December 31 of each year.

"*Secured Debt*" means Debt secured by any mortgage, lien, pledge, encumbrance or security interest of any kind upon any of our property or the property of any Subsidiary.

"*Subsidiary*" means a corporation, partnership, joint venture, limited liability company or other entity, a majority of the outstanding voting stock, partnership interests or membership interests, as the case may be, of which is owned or controlled, directly or indirectly, by the Operating Partnership or by one or more other Subsidiaries of the Operating Partnership and, for the purposes of this definition, "voting stock" means stock having voting power for the election of directors, or trustees, as the case may be, whether at all times or only so long as no senior class of stock has such voting power by reason of any contingency.

"*Total Assets*" means, as of any Reporting Date, the sum of (i) for Stabilized Assets, Capitalized Value; (ii) for all other assets of the Operating Partnership and its Subsidiaries, the Operating Partnership's Pro Rata Share of undepreciated book value as determined in accordance with generally accepted accounting principles; and (iii) the Operating Partnership's Pro Rata Share of cash and cash equivalents.

"*Unencumbered Annualized EBITDA*" means Annualized EBITDA less any portion thereof attributable to assets serving as collateral for Secured Debt.

"*Unencumbered Assets*" as of any Reporting Date means our Total Assets as of such date multiplied by a fraction, the numerator of which is Unencumbered Annualized EBITDA and the denominator of which is Annualized EBITDA.

"*Unsecured Debt*" means Debt that is not secured by any mortgage, lien, pledge, encumbrance or security interest of any kind.

Compliance with the covenants described in this prospectus supplement and with respect to the notes of either series generally may not be waived by us, or by the Trustee, unless the holders of at least a majority in principal amount of all outstanding notes of such series consent to the waiver.

Modification of the Indenture

Modifications and amendments of the Indenture may be made only with the consent of the holders of not less than a majority in principal amount of all Outstanding Securities (as defined in the Indenture) affected by the modification or amendment (voting as a single class); *provided, however*, that no such modification or amendment may, without the consent of the holder of each Outstanding Security affected thereby:

- change the stated maturity of the principal of, or premium or Make-Whole Amount, if any, on, or any installment of interest on, any Security (as defined in the Indenture);
- reduce the principal amount of, or the rate or amount of interest on, or any premium payable on redemption or acceleration of the Security or reduce the amount of principal of an Original Issue Discount Security (as defined in the Indenture) that would be due and payable upon acceleration of maturity or that would be provable in bankruptcy, or adversely affect any right of repayment at the option of the holder of any Security;
- change the place of payment or the coin or currency for payment of principal or premium, if any, or interest on any Security;

- impair the right to institute suit for the enforcement of any payment on or after the stated maturity of any Security;
- reduce the above-stated percentage in principal amount of Outstanding Securities, the consent of whose holders is necessary to modify or amend the Indenture, or to waive compliance with specified provisions of the Indenture or specified defaults and consequences thereunder or to reduce the quorum or voting requirements set forth in the Indenture; or
- modify any of the foregoing provisions or any of the provisions relating to the waiver of specified past defaults or specified covenants, except to increase the required percentage to effect the action or to provide that specified other provisions of the Indenture may not be modified or waived without the consent of the holder of each affected Outstanding Security.

Modifications and amendments of the Indenture may be permitted to be made by us and the Trustee without the consent of any holder of Outstanding Securities for any of the following purposes:

- to evidence the succession of another person to us as obligor under the Indenture;
- to add to our covenants for the benefit of the holders of any series of Securities or to surrender any right or power conferred upon us in the Indenture;
- to add Events of Default for the benefit of the holders of any series of Securities;
- to add or change any provisions of the Indenture to facilitate the issuance of or to liberalize certain terms of Securities in bearer form, or to permit or facilitate the issuance of Securities in uncertificated form, provided that the action shall not adversely affect the interests of the holders of Securities of any series in any material respect;
- to change or eliminate any provisions of the Indenture, provided that any change or elimination shall become effective only when the Outstanding Securities are not entitled to the benefit of that provision;
- to secure the Securities;
- to establish the form or terms of the Securities of any series;
- to provide for the acceptance of appointment under the Indenture by a successor Trustee or facilitate the administration of the trust under the Indenture by more than one Trustee;
- to cure any ambiguity, defect or inconsistency in the Indenture, provided that the action is not inconsistent with the provisions of the Indenture and will not adversely affect the interests of holders of Securities of any series in any material respect;
- to supplement any of the provisions of the Indenture to the extent necessary to permit or facilitate defeasance and discharge of Securities, provided that the action will not adversely affect the interests of the holders of the Securities of any series in any material respect; or
- to conform the terms of the Indenture or the notes of a series to the description thereof contained in any prospectus, prospectus supplement or other offering document relating to the offer and sale of those notes.

The Indenture provides that in determining whether the holders of the requisite principal amount of a series of Outstanding Securities have given any request, demand, authorization, direction, notice, consent or waiver thereunder or whether a quorum is present at a meeting of holders of those Securities, (1) the principal amount of an Original Issue Discount Security that shall be deemed to be Outstanding shall be the amount of the principal thereof that would be due and payable as of the date of such determination upon acceleration of the maturity thereof, (2) the principal amount of a Security denominated in a foreign currency that shall be deemed Outstanding shall be the U.S. dollar equivalent, determined on the issue date for that Security, of the principal amount (or, in the case of an Original Issue Discount Security, the U.S. dollar equivalent on the issue date of such note of the amount determined as provided in (1) above) of that Security, (3) the principal amount of an Indexed Security (as defined in the Indenture) that shall be deemed Outstanding shall be the principal face amount of such Indexed Security at original issuance, unless otherwise provided with respect to such Indexed Security pursuant to the Indenture, and (4) Securities owned by the Operating Partnership or any other obligor upon the Securities or any Subsidiary or affiliate of the Operating Partnership or of such other obligor shall be disregarded.

The Indenture contains provisions of convening meetings of the holders of Securities of a series issuable, in whole or in part, as bearer securities. A meeting will be permitted to be called at any time by the Trustee, and also, upon request, by us or the holders of at least 10% in principal amount of the Outstanding Securities of such series, in any such case upon notice given as provided in the Indenture. Except for any consent that must be given by the holder of each Security affected by certain modifications and amendments of the Indenture, any resolution presented at a meeting or adjourned meeting duly reconvened at which a quorum is present will be permitted to be adopted by the affirmative vote of the holders of a majority in principal amount of the Outstanding Securities of that series; *provided, however*, that, except as referred to above, any resolution with respect to any request, demand, authorization, direction, notice, consent, waiver or other action that may be made, given or taken by the holders of a specified percentage in principal amount of the Outstanding Securities of a series may be adopted at a meeting at which a quorum is present by the affirmative vote of the holders of such specified percentage in principal amount of the Outstanding Securities of that series. Any resolution passed or decision taken at any meeting of holders of Securities of any series duly held in accordance with the Indenture will be binding on all holders of Securities of that series whether or not present or represented at the meeting. The quorum at any meeting called to adopt a resolution, and at any reconvened meeting, will be persons holding or representing a majority in principal amount of the Outstanding Securities of a series; *provided, however*, that if any action is to be taken at such meeting with respect to any request, demand, authorization, direction, notice, consent, waiver or other action which may be made, given or taken by the holders of not less than a specified percentage in principal amount of the Outstanding Securities of a series, then with respect to such action (and only such action) the persons holding or representing such specified percentage in principal amount of the Outstanding Securities of such series will constitute a quorum.

Notwithstanding the foregoing provisions, the Indenture provides that if any action is to be taken at a meeting of holders of Securities of any series with respect to any request, demand, authorization, direction, notice, consent, waiver or other action that the Indenture expressly provides may be made, given or taken by the holders of a specified percentage in principal amount of all Outstanding Securities affected thereby, or the holders of that series and any other series:

- there will be no minimum quorum requirement for the meeting; and
- the principal amount of the Outstanding Securities of the series that votes in favor of the request, demand, authorization, direction, notice, consent, waiver or other action will be taken into account in determining whether the request, demand, authorization, direction, notice, consent, waiver or other action has been made, given or taken under the Indenture.

Events of Default, Notice and Waiver

The term "Event of Default," when used in this prospectus supplement with respect to the notes of either series, means any one of the following events:

- (1) default in the payment of any interest on the notes of that series when the interest becomes due and payable, and continuance of the default for a period of 30 days;
- (2) default in the payment of the principal of, or premium or Make-Whole Amount, if any, on, any note of that series when it becomes due and payable at its Maturity Date or by declaration of acceleration, notice of redemption or otherwise;
- (3) default in the performance or breach of any of our covenants in the Indenture (other than a covenant added to the Indenture solely for the benefit of another series of Securities issued under the Indenture) and continuance of the default or breach for a period of 90 days after there has been given, by registered or certified mail, to us by the Trustee, or to us and the Trustee by the holders of at least 25% in principal amount of the outstanding notes of that series, a written notice specifying the default or breach and requiring it to be remedied and stating that the notice is a "Notice of Default" under the Indenture;
- (4) a default in the payment of an aggregate principal amount exceeding \$50 million of any of our recourse indebtedness (however evidenced) or any recourse indebtedness of any Subsidiary which we have guaranteed or for which we are responsible or liable after the expiration of any applicable grace period with respect thereto and the default has resulted in the indebtedness becoming or being declared due and payable prior to the date on which it would otherwise have become due and payable, but only if that indebtedness is not discharged, or the acceleration rescinded or annulled within a period of 30 days after there has been given, by registered or certified mail, to us by the Trustee, or to us and the Trustee by the holders of at least 25% in principal amount of the outstanding notes of that series, a written notice specifying the default and requiring us to cause the indebtedness to be discharged or cause the acceleration to be rescinded or annulled and stating that the notice is a "Notice of Default" under the Indenture; or
- (5) specific events of bankruptcy, insolvency or reorganization affecting us or certain Subsidiaries or any of their respective properties.

If an Event of Default under the Indenture with respect to the outstanding notes of either series occurs and is continuing, then in every such case the Trustee or the holders of not less than 25% of the principal amount of the outstanding notes of that series may declare the principal amount and premium or Make-Whole Amount, if any, and accrued interest on all the notes of that series to be due and payable immediately by written notice thereof to us and to the Trustee, if given by the holders; *provided*, that in the case of an Event of Default as described in (5) above, acceleration is automatic. However, at any time after a declaration of acceleration with respect to the notes of that series has been made, but before a judgment or decree for payment of the money due has been obtained by the Trustee, the holders of a majority in principal amount of the outstanding notes of that series may, by written notice to us and the Trustee, rescind and annul the declaration and its consequences if:

- we have deposited with the Trustee all required payments of the principal of, and premium or Make-Whole Amount, if any, and interest on the notes of that series, plus specified fees, expenses, disbursement and advances of the Trustee; and
- all Events of Default with respect to the notes of that series, other than the non-payment of principal of, or premium or Make-Whole Amount, if any, or interest on the notes of that series which has become due solely by the declaration of acceleration, have been cured or waived as provided in the Indenture.

The holders of a majority in principal amount of the notes of either series may waive any past default with respect to the notes of that series and its consequences, except a default:

- in the payment of the principal of, or premium or Make-Whole Amount, if any, or interest payable on any note of that series; or
- in respect of a covenant or provision contained in the Indenture that cannot be modified or amended without the consent of the holder of each note of that series.

The Trustee will be required to give notice to the holders of the notes of either series within 90 days of the occurrence of a default with respect to such notes under the Indenture unless the default has been cured or waived; *provided, however*, that the Trustee may withhold notice to the holders of the notes of such series of any default, except a default in the payment of the principal of, or premium or Make-Whole Amount, if any, or interest on any notes of such series, if and so long as specified responsible officers of the Trustee determine in good faith that the withholding of the notice is in the interest of the holders; and provided further that in the case of an Event of Default as described in (3) above, the Trustee will not give notice to the holders until at least 90 days after the occurrence thereof.

The Indenture provides that no holder of notes of either series may institute any proceedings, judicial or otherwise, with respect to the Indenture, or for the appointment of a receiver or trustee, or for any remedy thereunder, except in the case of failure of the Trustee, for 60 days, to act after it has received a written request to institute proceedings in respect of an Event of Default from the holders of not less than 25% in principal amount of the outstanding notes of that series, as well as an offer of indemnity reasonably satisfactory to it. This provision will not prevent, however, any holder of notes of that series from instituting suit for the payment of the principal of, and premium or Make-Whole Amount, if any, and interest on the notes of that series on the respective due date thereof.

Subject to provisions in the Indenture relating to its duties in case of default, the Trustee is under no obligation to exercise any of its rights or powers under the Indenture at the request or direction of any holders of notes of either series then outstanding under the Indenture, unless such holders have offered to the Trustee reasonable security or indemnity. The holders of a majority in principal amount of the outstanding notes of either series have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred upon the Trustee in respect of the notes of such series. However, the Trustee may refuse to follow any direction which is in conflict with any law or the Indenture, which may involve the Trustee in personal liability or which may be unduly prejudicial to the holders of notes of that series not joining therein and the Trustee may take any other action it deems proper not inconsistent with the direction given.

Within 120 days after the close of each fiscal year, we will be required to deliver to the Trustee a certificate, signed by one of several of our specified officers, stating whether or not the officer has knowledge of any default under the Indenture and, if so, specifying each default and the nature and status thereof.

Discharge, Defeasance and Covenant Defeasance

We are permitted under the Indenture to discharge specific obligations to the holders of the notes of or within a series that have not already been delivered to the Trustee for cancellation by irrevocably depositing with the Trustee, in trust, funds in U.S. dollars in an amount sufficient to pay the entire indebtedness on such notes in respect of principal, and premium, if any, and interest to the date of the deposit, if such notes have become due and payable, or to the Maturity Date or redemption date, as the case may be.

The Indenture also provides that we may elect either:

- to defease and be discharged from any and all obligations with respect to the notes of or within a series other than the obligations to register the transfer or exchange of such notes, to replace temporary or mutilated, destroyed, lost or stolen notes, to maintain an office or agency in respect of such notes and to hold moneys for payment in trust ("defeasance"); or
- to be released from our obligations under the covenants described above under "—Covenants," with the exception of the covenant described in "—Covenants—Merger, Consolidation or Sale," with respect to the notes of or within a series, and any omission to comply with these obligations shall not constitute an Event of Default with respect to such notes ("covenant defeasance");

in either case upon the irrevocable deposit by us with the Trustee, in trust, of an amount, in U.S. dollars at stated maturity, or Government Obligations, or both, applicable to such notes which through the scheduled payment of principal and interest in accordance with their terms will provide money in an amount sufficient without reinvestment to pay the principal of, and premium, if any, and interest on such notes on the scheduled due dates therefor. See "Description of Securities Being Offered—Discharge, Defeasance and Covenant Defeasance" in the accompanying prospectus.

A trust may only be established if, among other things, we have delivered to the Trustee an opinion of counsel, as specified in the Indenture, to the effect that the holders of the notes of or within a series will not recognize income, gain or loss for federal income tax purposes as a result of the defeasance or covenant defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the defeasance or covenant defeasance had not occurred, and the opinion of counsel, in the case of defeasance, will be required to refer to and be based upon a ruling of the Internal Revenue Service ("IRS") or a change in applicable United States federal income tax law occurring after the date of the Indenture.

"*Government Obligations*" means securities that are:

- (1) direct obligations of the United States of America for the payment of which its full faith and credit is pledged; or
- (2) obligations of a person controlled or supervised by and acting as an agency or instrumentality of the United States of America, the payment of which is unconditionally guaranteed as a full faith and credit obligation by the United States of America;

which, in either case, are not callable or redeemable at the option of the issuer thereof, and will also include a depositary receipt issued by a bank or trust company as custodian with respect to any Government Obligation or a specific payment of interest on or principal of any Government Obligation held by the custodian for the account of the holder of a depositary receipt; *provided* that, except as required by law, the custodian is not authorized to make any deduction from the amount payable to the holder of the depositary receipt from any amount received by the custodian in respect of the Government Obligation or the specific payment of interest on or principal of the Government Obligation evidenced by the depositary receipt.

If we effect covenant defeasance with respect to the notes of any series and the notes of that series are declared due and payable because of the occurrence of any Event of Default other than the Event of Default described in clause (3) under "Events of Default, Notice and Waiver" with respect to the related covenants, which covenants would no longer be applicable to such notes as a result of the covenant defeasance, the amount in U.S. dollars, and Government Obligations on deposit with the Trustee, will be sufficient to pay amounts due on such notes at the time of their stated maturity but may not be sufficient to pay amounts due on the notes at the time of the acceleration resulting from such Event of Default. We would remain liable, however, to make payment of the amounts due at the time of acceleration.

Governing Law

The Indenture is governed by, and construed in accordance with, the laws of the State of New York, and once issued the notes will be as well.

Delivery and Form

The notes of each series will be represented initially by one or more permanent notes of such series in registered, global form without interest coupons (the "global notes"). These global notes will be deposited upon issuance with the Trustee as custodian for The Depository Trust Company (the "depository") in New York, New York, and registered in the name of the depository or its nominee, in each case for credit to an account of a direct or indirect participant as described below. Except as set forth below, the global notes may be transferred, in whole and not in part, only to the depository, a nominee of the depository or to a successor of the depository or its nominee. Beneficial interests in the global notes may not be exchanged for notes in certificated form except in the limited circumstances described below. The Trustee will act as registrar.

Book-Entry Procedures

The Depository Trust Company. The depository has advised us that it is a limited-purpose trust company created to hold securities for its participating organizations (collectively, the "participants") and to facilitate the clearance and settlement of transactions in those securities between participants through electronic book-entry changes in accounts of participants. The participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Access to the depository's system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly (collectively, "indirect participants"). Persons who are not participants may beneficially own securities held by or on behalf of the depository only through participants or indirect participants. The ownership interest and transfer of ownership interest of each actual purchaser of each security held by or on behalf of the depository are recorded on the records of the participants and indirect participants.

The depository also has advised us that pursuant to procedures established by it:

- upon deposit of the global notes, the depository will credit the accounts of participants designated by the underwriters with portions of the principal amount of global notes; and
- ownership of interests in the global notes will be shown on, and the transfer of ownership thereof will be effected only through, records maintained by the depository with respect to participants or by participants and the indirect participants with respect to other owners of beneficial interest in the global notes.

The laws of some states require that certain persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interest in a global note to such persons may be limited to that extent. Because the depository can act only on behalf of participants, which in turn act on behalf of indirect participants and certain banks, the ability of a person having a beneficial interest in a global note to pledge such interest to persons or entities that do not participate in the depository system, or otherwise take actions in respect of such interests, may be affected by the lack of physical certificate evidencing such interests.

Except as described below, owners of interests in the global notes will not have notes registered in their names, will not receive physical delivery of notes in certificated form and will not be considered the registered owners or holders thereof under the Indenture for any purpose.

Payments in respect of the principal of and premium and interest on a global note registered in the name of the depositary or its nominee will be payable by the paying agent to the depositary or its nominee in its capacity as the registered holder of a global note under the Indenture. Under the terms of the Indenture, we and the Trustee will treat the persons in whose names the global notes are registered as the owners thereof for the purpose of receiving such payments and for any and all other purposes whatsoever.

Consequently, neither we, the Trustee nor any agent of us or the Trustee have or will have any responsibility or liability for:

- any aspect of the depositary's records or any participant's or indirect participant's records relating to or payments made on account of beneficial ownership interests in the global notes, or for maintaining, supervising or reviewing any of the depositary's records or any participant's or indirect participant's records relating to the beneficial ownership interests in the global notes; or
- any other matter relating to the actions and practices of the depositary or any of its participants or indirect participants.

The depositary has advised us that its current practice, upon receipt of any payment in respect of securities such as the notes (including principal and interest), is to credit the accounts of the relevant participants with the payment on the payment date, in amounts proportionate to their respective holdings in principal amount of beneficial interests in the relevant security such as the global notes as shown on the records of the depositary. Payments by participants and the indirect participants to the beneficial owners of notes will be governed by standing instructions and customary practices and will not be the responsibility of the depositary, the Trustee or us. Neither we nor the Trustee will be liable for any delay by the depositary or its participants in identifying the beneficial owners of the notes, and we and the Trustee may rely conclusively on and will be protected in relying on instructions from the depositary or its nominee as the registered owner of the global notes for all purposes.

If less than all of the global notes of a series is being redeemed, the depositary's practice is to determine by lot the amount of the interest of each participant in such global notes to be redeemed.

Interests in the global notes will trade in the depositary's same-day funds settlement system, and secondary market trading activity in such interest will, therefore, settle in immediately available funds, subject in all cases to the rules and procedures of the depositary and its participants. Transfers between participants in the depositary will be effective in accordance with the depositary's procedures and will be settled in same-day funds.

The depositary has advised us that it will take any action permitted to be taken by a holder of notes only at the direction of one or more participants to whose account the interests in the global notes are credited and only in respect of such portion of the aggregate principal amount of the notes as to which such participant or participants has or have given direction.

Clearstream. Clearstream Banking, société anonyme ("Clearstream") is incorporated under the laws of Luxembourg as a professional depositary. Clearstream holds securities for its participating organizations ("Clearstream Participants") and facilitates the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, thereby eliminating the need for physical movement of certificates. Clearstream provides Clearstream Participants with, among other things, services for safekeeping, administration, clearance and establishment of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. As a professional depositary, Clearstream is subject to regulation by the Luxembourg Monetary Institute. Clearstream Participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations, and may include the underwriters. Indirect access to Clearstream is also available to others, such as banks,

brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream Participant either directly or indirectly.

Distributions with respect to notes held beneficially through Clearstream will be credited to cash accounts of Clearstream Participants in accordance with its rules and procedures to the extent received by the depository for Clearstream.

Euroclear. Euroclear Bank S.A./N.V. ("Euroclear") was created in 1968 to hold securities for participants of Euroclear ("Euroclear Participants") and to clear and settle transactions between Euroclear Participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear includes various other services, including securities lending and borrowing and interfaces with domestic markets in several markets in several countries. Euroclear operates its system under contract with Euroclear plc, a U.K. corporation. All operations are conducted by Euroclear, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with Euroclear, not Euroclear plc. Euroclear plc establishes policy for Euroclear on behalf of Euroclear Participants. Euroclear Participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly.

Euroclear is a Belgian bank. As such, it is regulated by the Belgian Banking and Finance Commission.

Links have been established among the depository, Clearstream and Euroclear to facilitate the initial issuance of the notes sold outside the United States and cross-market transfers of the notes associated with secondary market trading.

Although the depository, Clearstream and Euroclear have agreed to the procedures provided below in order to facilitate transfers, they are under no obligation to perform these procedures, and these procedures may be modified or discontinued at any time.

Clearstream and Euroclear will record the ownership interests of their participants in much the same way as the depository, and the depository will record the total ownership of each of the U.S. agents of Clearstream and Euroclear, as participants in the depository. When notes are to be transferred from the account of a depository participant to the account of a Clearstream Participant or a Euroclear Participant, the purchaser must send instructions to Clearstream or Euroclear through a participant at least one day prior to settlement. Clearstream or Euroclear, as the case may be, will instruct its U.S. agent to receive notes against payment. After settlement, Clearstream or Euroclear will credit its participant's account. Credit for the notes will appear on the next day (European time).

Because settlement is taking place during New York business hours, depository participants will be able to employ their usual procedures for sending notes to the relevant U.S. agent acting for the benefit of Clearstream or Euroclear participants. The sale proceeds will be available to the depository seller on the settlement date. As a result, to the depository participant, a cross-market transaction will settle no differently than a trade between two depository participants.

When a Clearstream or Euroclear participant wishes to transfer notes to a depository participant, the seller will be required to send instructions to Clearstream or Euroclear through a participant at least one business day prior to settlement. In these cases, Clearstream or Euroclear will instruct its U.S. agent to transfer these notes against payment for them. The payment will then be reflected in the account of the Clearstream or Euroclear participant the following day, with the proceeds back valued to the value date, which would be the preceding day, when settlement occurs in New York. If settlement is not completed on the intended value date, that is, the trade fails, proceeds credited to the Clearstream or Euroclear participant's account will instead be valued as of the actual settlement date.

You should be aware that you will only be able to make and receive deliveries, payments and other communications involving the notes through Clearstream and Euroclear on the days when those clearing systems are open for business. Those systems may not be open for business on days when banks, brokers and other institutions are open for business in the United States. In addition, because of time zone differences there may be problems with completing transactions involving Clearstream and Euroclear on the same business day as in the United States.

The information in this section concerning the depository, Clearstream and Euroclear and its book-entry systems has been obtained from sources that we believe to be reliable, but neither we nor any underwriter takes any responsibility for the accuracy or completeness thereof. None of us, the underwriters or the Trustee will have any responsibility for the performance by the depository, Clearstream and Euroclear or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Book-Entry Notes for Certificated Notes

A global note is exchangeable for definitive notes in registered certificated form of the same series:

- if the depository:
 - notifies us that it is unwilling or unable to continue as depository for the global note and we thereupon fail to appoint a successor depository within 90 days after this notice; or
 - has ceased to be a clearing agency registered under the Exchange Act;
- upon the occurrence and continuance of an Event of Default under the Indenture in respect of the notes of such series; or
- if we, at our option and subject to the procedures of the depository, notify the Trustee in writing that we elect to cause issuance of such notes in certificated form.

In addition, beneficial interests in a global note may be exchanged for certificated notes of the same series upon request but only upon at least 30 days' prior written notice given to the Trustee by or on behalf of the depository in accordance with customary procedures. In all cases, certificated notes delivered in exchange for any global note or beneficial interest therein will be registered in names, and issued of the same series in any approved denominations, requested by or on behalf of the depository (in accordance with its customary procedures).

MATERIAL UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following summarizes certain material United States federal income tax consequences expected to result from the purchase at the issue price (the first price at which a substantial amount of notes is sold for cash to purchasers other than bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers), ownership and disposition of notes by holders acquiring notes at original issue for cash. Notwithstanding any disclosure in the accompanying prospectus to the contrary, our counsel in this transaction is Sidley Austin LLP.

This discussion is based on:

- the Code;
- current, temporary and proposed Treasury regulations promulgated under the Code;
- the legislative history of the Code;
- current administrative interpretations and practices of the IRS; and
- court decisions,

all as of the date of this prospectus supplement. In addition, the administrative interpretations and practices of the IRS include its practices and policies as expressed in private letter rulings that are not binding on the IRS, except with respect to the particular taxpayers who requested and received those rulings. Future legislation, Treasury regulations, administrative interpretations and practices and/or court decisions may adversely affect a holder of the notes. Any change could apply retroactively to transactions preceding the date of the change. The tax considerations contained in this discussion may be challenged by the IRS, and we have not requested, and do not plan to request, any rulings from the IRS concerning the notes.

The tax treatment of a holder of notes may vary depending upon the holder's particular situation. Certain holders (including, but not limited to, certain financial institutions, insurance companies, broker-dealers, persons who mark-to-market the notes, tax-exempt organizations, regulated investment companies, real estate investment trusts, U.S. Holders (as defined below) whose functional currency for tax purposes is not the U.S. dollar, "controlled foreign corporations," "passive foreign investment companies," S corporations, expatriates and persons holding notes as part of a "straddle," "hedge" or "conversion transaction") may be subject to special rules not discussed below. This discussion is limited to holders who will hold the notes as "capital assets" (generally, property held for investment) within the meaning of Section 1221 of the Code.

YOU SHOULD CONSULT YOUR TAX ADVISOR AS TO THE PARTICULAR TAX CONSEQUENCES OF YOUR PURCHASE, OWNERSHIP AND DISPOSITION OF THE NOTES.

As used herein, the term "U.S. Holder" means a beneficial owner of a note that is for United States federal income tax purposes (1) a citizen or resident of the United States, (2) a corporation, including for this purpose an entity treated as a corporation for United States federal income tax purposes, created or organized in or under the laws of the United States or of any political subdivision thereof, (3) an estate whose income is subject to United States federal income tax regardless of its source, or (4) a trust, if both (a) a court within the United States is able to exercise primary supervision over the administration of the trust and (b) one or more United States persons have the authority to control all substantial decisions of the trust. Notwithstanding the preceding sentence, to the extent provided in Treasury regulations, certain trusts that are beneficial holders of notes and in existence on August 20, 1996, and treated as United States persons prior to such date, that elect to continue to be treated as United States persons also will be U.S. Holders. For purposes of this discussion, a "Non-U.S. Holder" refers to any beneficial owner of the notes who is an individual, corporation, estate or trust for U.S. federal income tax purposes and is not a U.S. Holder.

If a partnership (including for this purpose any entity treated as a partnership for United States federal income tax purposes) holds a note, the treatment of a partner in the partnership will generally depend on the status of the partner and activities of the partnership. A holder that is a partnership and partners in such partnership should consult their tax advisors regarding the United States federal income tax consequences of purchasing, owning and disposing of the notes.

U.S. Holders

Interest. Stated interest on a note will be included in the income of a U.S. Holder as ordinary income at the time such interest is received or accrued, in accordance with the U.S. Holder's regular method of tax accounting.

Sale, Retirement, Redemption or Other Taxable Disposition. In general, a U.S. Holder of a note will recognize gain or loss upon the sale, retirement, redemption or other taxable disposition of that note in an amount equal to the difference between (1) the amount of cash and the fair market value of property received in exchange therefor and (2) the U.S. Holder's adjusted tax basis in that note. A U.S. Holder's tax basis in a note generally will be equal to the price paid for that note. The portion of any proceeds that is attributable to accrued and unpaid interest will not be taken into account in computing the U.S. Holder's capital gain or loss, but will instead be treated as interest income, as described under "—Interest" above. Net capital gain (*i.e.* generally, capital gain in excess of capital loss) recognized by a non-corporate U.S. Holder from the sale of a capital asset that has been held for more than 12 months is currently subject to United States federal income tax at a rate not to exceed 20%. Net capital gain from the sale of an asset held for 12 months or less will be subject to United States federal income tax at ordinary income tax rates. In addition, capital gain recognized by a corporate taxpayer will continue to be subject to United States federal income tax at the ordinary income tax rates applicable to corporations. The ability to deduct capital losses is subject to limitations under the Code.

Additional Tax on Investment Income. A U.S. Holder that is an individual, estate or trust that does not fall into a special class of trusts that is exempt from such tax is subject to a 3.8% tax on the lesser of (1) the U.S. Holder's "net investment income" for the relevant taxable year and (2) the excess of the U.S. Holder's modified adjusted gross income for the taxable year over a certain threshold (which in the case of individuals will be between \$125,000 and \$250,000, depending on the individual's circumstances). A U.S. Holder's net investment income will generally include its interest income and net gain from the disposition of the notes, unless such interest income and net gain is derived in the ordinary course of the conduct of a trade or business (other than a trade or business that consists of certain passive or trading activities). Net investment income may, however, be reduced by properly allocable deductions to such income. U.S. Holders that are individuals, estates or trusts are urged to consult their tax advisors regarding the applicability of this 3.8% Medicare tax to their income and gains from the notes.

Non-U.S. Holders

A Non-U.S. Holder generally will not be subject to United States federal income or withholding tax on payments of interest on a note, unless that Non-U.S. Holder owns, actually or constructively, 10% or more of the capital or profits interest in us, is a controlled foreign corporation related to us or is a bank receiving interest described in Section 881(c)(3)(A) of the Code, provided that such interest is not effectively connected with the conduct of a trade or business in the United States by the Non-U.S. Holder. To qualify for the exemption from taxation, the last United States payor, as defined in the Treasury regulations (or a non-U.S. payor who is a qualified intermediary or withholding foreign partnership) in the chain of payment prior to payment to a Non-U.S. Holder (the "Withholding Agent"), must have received, before payment, a statement that (1) is signed by the beneficial owner of the note under penalties of perjury, (2) certifies that such owner is not a U.S. Holder and (3) provides the name and address of the beneficial owner. The statement may be made on an IRS Form W-8BEN

or IRS Form W-8BEN-E or a substantially similar form. If a note is held through a securities clearing organization or certain other financial institution, the beneficial owner must provide to such organization or institution an IRS Form W-8BEN or IRS Form W-8BEN-E and the organization or institution must provide a certificate stating that such organization or institution has been provided with a valid IRS Form W-8BEN or IRS Form W-8BEN-E to the Withholding Agent.

A Non-U.S. Holder that does not qualify for exemption from withholding as described in the preceding paragraph generally will be subject to withholding of United States federal income tax at a tax rate of 30% (or lower applicable income tax treaty rate) on payments of interest on the notes.

In addition, a Non-U.S. Holder will generally not be subject to United States federal income or withholding tax on any amount which constitutes gain upon the sale, retirement, redemption or other taxable disposition of a note, unless (i) the gain is effectively connected with the conduct of a trade or business in the United States by the Non-U.S. Holder (and if certain income tax treaties apply, the gain is attributable to a permanent establishment maintained by the Non-U.S. Holder in the United States) or (ii) in the case of an individual Non-U.S. Holder, such holder is present in the United States for 183 days or more in the taxable year and certain other requirements are met (in which case, gain recognized upon disposition will generally be subject to U.S. federal income tax at a rate of 30%, which may be offset by U.S.-source capital losses recognized in the same taxable year (provided such Non-U.S. Holder has timely filed U.S. federal income tax returns with respect to such losses), except as otherwise required by an applicable income tax treaty). Certain other exceptions may be applicable and a Non-U.S. Holder should consult its tax advisor in this regard.

Except to the extent that an applicable income tax treaty otherwise provides, a Non-U.S. Holder whose gain or interest income with respect to a note is effectively connected with the conduct of a trade or business in the United States by such Non-U.S. Holder (and if certain income tax treaties apply, is attributable to a permanent establishment maintained by the Non-U.S. Holder in the United States) will not be subject to the United States federal withholding tax described above if such Non-U.S. Holder provides an IRS Form W-8ECI to the Withholding Agent. Instead, such Non-U.S. Holder will generally be subject to tax on such gain and interest income at regular income tax rates in the manner similar to the taxation of U.S. Holders. In addition, a corporate Non-U.S. Holder may be subject to a branch profits tax equal to 30% (or lower applicable income tax treaty rate) of its "dividend equivalent amount" (generally representing the amount that remains after paying the tax on such gain or interest income discussed in the preceding sentence).

Information Reporting and Backup Withholding

Payments of interest or of proceeds from the disposition of the notes made to a U.S. Holder may be subject, under certain circumstances, to information reporting. Generally, information returns will be filed with the IRS in connection with payments of interest on the notes made to a Non-U.S. Holder. Payments of proceeds from the sale or other taxable disposition (including a retirement or redemption) of the notes made to a Non-U.S. Holder generally will not be subject to information reporting if such Non-U.S. Holder certifies, under penalties or perjury, that it is not a United States person (as defined in the Code) and it satisfies certain other conditions or otherwise establishes an exemption. Copies of applicable information returns reporting such payments and any withholding may also be made available to the tax authorities in the country in which such Non-U.S. Holder resides under the provisions of an applicable income tax treaty or agreement.

Backup withholding of United States federal income tax (at a rate of 28%) may apply to payments made in respect of a note to registered owners who are not "exempt recipients" and who fail to provide certain identifying information (such as the registered owner's taxpayer identification number) on an IRS Form W-8BEN, IRS Form W-8BEN-E or IRS Form W-8ECI, in the case of a Non-U.S. Holder, or an IRS Form W-9, in the case of a U.S. Holder. Compliance with the identification

procedures described in the preceding section would establish an exemption from backup withholding for Non-U.S. Holders, provided the Withholding Agent does not have actual knowledge or reason to know the holder is a United States person.

In addition, upon the sale of a note to (or through) a broker, the broker may be required to withhold an appropriate percentage of the entire purchase price, unless the seller provides, in the required manner, certain identifying information and, in the case of a Non-U.S. Holder, certifies that such seller is a Non-U.S. Holder (and certain other conditions are met). Such a sale may also be reported by the broker to the IRS (which report must, in certain circumstances, include the adjusted basis of the note), unless the seller certifies its Non-U.S. Holder status (and certain conditions are met). Certification of the registered owner's Non-U.S. Holder status would be made normally on an IRS Form W-8BEN or IRS Form W-8BEN-E under penalties of perjury, although in certain cases it may be possible to submit other documentary evidence.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules from a payment to a beneficial owner would be allowed as a refund or a credit against such beneficial owner's United States federal income tax liability provided the required information is furnished to the IRS in a timely manner.

Foreign Account Tax Compliance Act ("FATCA")

A 30% withholding tax will currently be imposed on payments of interest and will be imposed on gross proceeds from a sale, retirement, redemption or other disposition of the notes paid after December 31, 2018 to a foreign financial institution or non-financial foreign entity (including, in some cases, when such foreign institution or entity is acting as an intermediary), unless (1) in the case of a foreign financial institution, such institution enters into an agreement with the U.S. government to withhold on certain payments, and to collect and provide to the U.S. tax authorities substantial information regarding U.S. account holders of such institution (which includes certain equity and debt holders of such institution, as well as certain account holders that are foreign entities with U.S. owners), (2) in the case of a nonfinancial foreign entity, such entity either provides the withholding agent with a certification that it does not have any "substantial United States owners" (as defined in the Code) or furnishes identifying information regarding each such substantial United States owner or (3) the payee is otherwise exempt from, or deemed compliant with, the requirements of FATCA. Foreign financial institutions located in jurisdictions that have an intergovernmental agreement with the United States governing FATCA may be subject to different rules. Under certain circumstances, a Non-U.S. Holder might be eligible for refunds or credits of such taxes. Prospective investors are encouraged to consult with their own tax advisors regarding the possible implications of this legislation on an investment in the notes.

STATE AND LOCAL TAX CONSIDERATIONS

In addition to the United States federal income tax consequences described in "Material United States Federal Income Tax Considerations," you should consider the state and local income tax consequences of the acquisition, ownership and disposition of the notes. State and local income tax law may differ substantially from corresponding federal law, and this discussion does not purport to describe any aspect of the income tax laws of any state or locality. **You should consult your tax advisor with respect to the various state and local tax consequences of an investment in the notes.**

The underwriters have agreed to purchase all of the notes sold under the underwriting agreement if any of the notes are purchased. If an underwriter defaults, the underwriting agreement provides that the purchase commitments of the nondefaulting underwriters may be increased or the underwriting agreement may be terminated.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933, or to contribute to payments the underwriters may be required to make in respect of those liabilities.

The underwriters are offering the notes, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel and other conditions contained in the underwriting agreement, such as the receipt by the underwriters of officers' certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

Commissions and Discounts

The underwriters propose to offer the notes directly to the public at the applicable public offering price set forth on the cover page of this prospectus supplement and may offer the notes to dealers at the applicable public offering price less a concession not to exceed 0.200% and 0.300% of the principal amount of the 2021 notes and the 2026 notes, respectively. The underwriters may allow, and dealers may reallow, a concession not to exceed 0.150% and 0.150% of the principal amount of the 2021 notes and the 2026 notes, respectively, on sales to other dealers. After the initial offering of the notes of

either series to the public, the representatives may change the public offering price and concessions for the notes of such series.

The following table shows the underwriting discount that we have agreed to provide to the underwriters in connection with this offering (expressed as a percentage of the principal amount of each series of notes).

	<u>Paid by Us</u>
Per 2021 note	0.350%
Per 2026 note	0.450%

The expenses of this offering, excluding the underwriting discount, are estimated at approximately \$1,750,000 and will be paid by us.

New Issues of Notes

Each series of notes is a new issue of securities with no established trading market. We do not intend to apply for listing of the notes of either series on any national securities exchange or for quotation of the notes of either series on any automated dealer quotation system. We have been advised by the underwriters that they presently intend to make a market in the notes of each series after completion of this offering. However, they are under no obligation to do so and may discontinue any market-making activities at any time without any notice. We cannot assure you that an active public trading market for the notes of either series will develop or be maintained or be liquid. If an active public trading market for the notes of either series does not develop or is not maintained, the market price and liquidity of those notes may be adversely affected.

Price Stabilization and Short Positions

In connection with this offering, the representatives, on behalf of the underwriters, may purchase and sell notes in the open market. These transactions may include over-allotment, syndicate covering transactions and stabilizing transactions. Over-allotment involves syndicate sales of notes of the applicable series in excess of the principal amount of the notes of that series to be purchased by the underwriters in this offering, which creates a syndicate short position. Syndicate covering transactions involve purchases of notes of the applicable series in the open market after the distribution of the notes of that series has been completed in order to cover syndicate short positions. Stabilizing transactions consist of certain bids or purchases of notes of the applicable series made for the purpose of preventing or retarding a decline in the market price of such notes while the offering of such notes is in progress.

The underwriters also may impose a penalty bid. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the representatives, in covering syndicate short positions or making stabilizing purchases, repurchase notes originally sold by that syndicate member.

Any of these activities may have the effect of raising or maintaining the market price of the notes of the applicable series or preventing or retarding a decline in the market price of such notes. As a result, the price of such notes may be higher than the price that might otherwise exist in the open market in the absence of these transactions. The underwriters may conduct these transactions in the over-the-counter market or otherwise. If the underwriters commence any of these transactions, they may discontinue them at any time without notice.

Other Relationships

The underwriters and their affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory,

investment management, investment research, principal investment, hedging, financing and brokerage activities. The underwriters have performed, and expect in the future to perform, investment banking and advisory services for which they have received, and may continue to receive, customary fees and expenses, and affiliates of the underwriters have performed, and expect in the future to perform, commercial lending services, for us and our affiliates from time to time.

Affiliates of certain of the underwriters are lenders under various financial arrangements extended to us or our affiliates, including our \$4.0 billion unsecured revolving credit facility and our \$2.75 billion unsecured supplemental revolving credit facility. Merrill Lynch is a Joint Lead Arranger and Joint Bookrunner and its affiliate is Syndication Agent, affiliates of Credit Suisse, Morgan Stanley, BBVA Securities Inc., Mizuho Securities USA Inc. and SunTrust Robinson Humphrey, Inc. are Co-Documentation Agents, an affiliate of SMBC Nikko Securities America, Inc. is a Joint Lead Arranger and Co-Syndication Agent, affiliates of Fifth Third Securities, Inc., Santander Investment Securities Inc. and Scotia Capital (USA) Inc. are Senior Managing Agents, and affiliates of BB&T Capital Markets, a division of BB&T Securities, LLC, and BNY Mellon Capital Markets, LLC are Managing Agents under our \$4.0 billion unsecured revolving credit facility and our \$2.75 billion unsecured supplemental revolving credit facility. In addition, an affiliate of Regions Securities LLC is a Senior Managing Agent under our \$4.0 billion unsecured revolving credit facility and a Co-Documentation Agent under our \$2.75 billion unsecured supplemental revolving credit facility. BNY Mellon Capital Markets, LLC is also an affiliate of the Trustee under the Indenture.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. If any of the underwriters or their affiliates has a lending relationship with us, certain of those underwriters or their affiliates routinely hedge, and certain other of those underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Conflicts of Interest

We intend to use the net proceeds of this offering for general business purposes, which may include retiring the outstanding mortgage loans on three of our wholly owned properties, funding the pending optional redemption of our 6.10% notes due 2016 and repaying a portion of the borrowings outstanding under our \$4.0 billion unsecured revolving credit facility, as described above under "Use of Proceeds."

To the extent that any of the underwriters or their affiliates own any of our 6.10% notes due 2016 and a portion of the net proceeds of this offering is used to fund the pending optional redemption of those notes, such underwriters or affiliates would receive a portion of those net proceeds. In addition, the underwriters or their affiliates are lenders under our \$4.0 billion unsecured revolving credit facility. To the extent that a portion of the net proceeds of this offering is used to repay borrowings under the credit facility, such underwriters or affiliates would receive a portion of those net proceeds.

If the pending optional redemption of our 6.10% notes due 2016 and/or the repayment of a portion of the borrowings outstanding under our \$4.0 billion unsecured revolving credit facility results in payments to an underwriter and/or its affiliates of 5% or more of the net proceeds of this offering (not including the underwriting discount), there would be a "conflict of interest" under Rule 5121 of the Financial Industry Regulatory Authority ("FINRA"). Because the notes offered hereby are investment grade rated, no "qualified independent underwriter" is required to be appointed in connection with this offering. However, as required by FINRA Rule 5121, no sale of the notes offered hereby will be made by the affected underwriter to an account over which it exercises discretion without the prior specific written consent of the account holder.

Notice to Prospective Investors in the European Economic Area

Neither this prospectus supplement nor the accompanying prospectus is a prospectus for the purposes of the Prospectus Directive. In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive, as defined below (each, a "Relevant Member State"), an offer of notes to the public may not be made in that Relevant Member State, except that, with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State, an offer of notes to the public may only be made in that Relevant Member State:

- to any legal entity which is a qualified investor as defined in the Prospectus Directive;

provided that no such offer of notes shall require us or any underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of this provision, the expression "an offer of notes to the public" in relation to the notes of either series in any Relevant Member State means the communication in any form and by

any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe for the notes, as the same may be varied in that Relevant Member State by any measure implementing the Prospectus Directive in that Relevant Member State; and the expression "Prospectus Directive" means Directive 2003/71/EC (and amendments thereto, including by Directive 2010/73/EU), and includes any relevant implementing measure in each Relevant Member State.

Each purchaser of the notes described in this prospectus supplement located within a Relevant Member State will be deemed to have represented, acknowledged and agreed to and with us and each underwriter that it is a "qualified investor" within the meaning of Article 2(1)(e) of the Prospectus Directive.

We have not authorized and do not authorize the making of any offer of notes through any financial intermediary on our behalf, other than offers made by the underwriters with a view to the final placement of the notes as contemplated in this prospectus supplement. Accordingly, no purchaser of the notes, other than the underwriters, is authorized to make any further offer of the notes on behalf of us or the underwriters.

WHO WE ARE

Simon Property Group, L.P. owns, develops and manages retail real estate properties, which consist primarily of malls, Premium Outlets® and The Mills®. We are a majority-owned operating partnership subsidiary of Simon Property Group, Inc. which has elected to be treated as a real estate investment trust, or REIT, for United States federal income tax purposes. Simon Property's common stock is listed on the New York Stock Exchange under the symbol "SPG."

As of December 31, 2014, we owned or held an interest in 207 income-producing properties in the United States, which consisted of 109 malls, 68 Premium Outlets, 13 Mills, three community centers and 14 other retail properties in 37 states and Puerto Rico. As of such date, we had four outlets under development and had redevelopment and expansion projects, including the addition of anchors and big box tenants, underway at more than 25 properties in the U.S. and Asia. Internationally, as of December 31, 2014, we had ownership interests in nine Premium Outlets in Japan, three Premium Outlets in South Korea, two Premium Outlets in Canada, one Premium Outlet in Mexico and one Premium Outlet in Malaysia. As of December 31, 2014, we had noncontrolling ownership interests in five outlet properties in Europe through our joint venture with McArthurGlen. Of the five properties, two are located in Italy and one each is located in Austria, the Netherlands and the United Kingdom. Additionally, as of December 31, 2014, we owned a 28.9% equity stake in Klépierre SA, or Klépierre, a publicly traded, Paris-based real estate company, which owns, or has an interest in, shopping centers located in 13 countries in Europe. On July 29, 2014 Klépierre announced that it had entered into a

conditional agreement to acquire Corio N.V., or Corio, pursuant to which Corio shareholders would receive 1.14 Klépierre ordinary shares for each Corio ordinary share. On January 15, 2015 the tender offer transaction closed, and it is anticipated that Klépierre will own all of the equity of Corio on March 31, 2015 through a merger transaction, after which our percentage ownership will be diluted to approximately 18.3%.

We were formed on November 18, 1993 as a Delaware limited partnership. Simon Property is our sole general partner. Our principal executive offices are located at 225 West Washington Street, Indianapolis, Indiana 46204. Our telephone number is (317) 636-1600. Our Internet website address is *www.simon.com*. In this prospectus, the "Operating Partnership" and the terms "we," "us" and "our" refer to Simon Property Group, L.P. and its subsidiaries. "Simon Property" refers specifically to our sole general partner, Simon Property Group, Inc.

USE OF PROCEEDS

We expect to use the net proceeds from the sale of debt securities for general corporate purposes, unless otherwise specified in the prospectus supplement relating to a specific offering. Our general corporate purposes may include repaying debt, financing capital commitments and financing future acquisitions. If we decide to use the net proceeds from an offering in some other way, we will describe the use of the net proceeds in the prospectus supplement for that offering.

DESCRIPTION OF SECURITIES BEING OFFERED

The securities offered by this prospectus will be debt securities issued under an Indenture dated as of November 26, 1996 (the "Indenture"), among us, The Bank of New York Mellon Trust Company, N.A. (as successor to The Chase Manhattan Bank), as trustee, and a former affiliate, as guarantor. The former affiliate was subsequently merged into the Operating Partnership.

As used in this prospectus, "debt securities" means the debt securities that we issue and that the trustee authenticates under the Indenture. Capitalized terms used but not defined under this prospectus have the meanings given to them in the Indenture.

We have summarized material terms and provisions of the Indenture below. The following summary is not complete and is subject to, and qualified in its entirety by reference to, all provisions of the Indenture. We have included references to section numbers of the Indenture so that you can easily locate the summarized provisions. If you would like more information on any of these provisions, you should read the relevant sections of the Indenture. We have included a copy of the Indenture as an exhibit to our registration statement relating to the debt securities. See "Where You Can Find More Information."

The debt securities will not be convertible into or exchangeable for any capital stock of Simon Property or any equity interest in us.

Terms of the Debt Securities

The Indenture does not limit the amount of debt securities we may issue under it. We may issue debt securities from time to time, without limit as to aggregate principal amount and in one or more series. The terms of each series of debt securities will be established in a resolution of the board of directors of our general partner or in one or more supplemental indentures. Without the consent of the holders of the debt securities, we may issue multiple series of debt securities with different terms or

"reopen" a previous series of debt securities and issue additional debt securities of that series. (*Section 301*). The terms of the debt securities include those provisions contained in the Indenture, the supplemental indenture relating to a series of debt securities and those made a part of the Indenture by reference to the Trust Indenture Act of 1939.

The prospectus supplement relating to a series of debt securities being offered will include the specific terms of those debt securities and may include modifications of or additions to the general terms described in this prospectus. The specific terms will include:

- the title of the debt securities;
- the aggregate principal amount of the debt securities and whether there is any limit on the aggregate principal amount that we may subsequently issue;
- the percentage of the principal amount at which the debt securities will be issued;
- the principal amount payable whether at maturity or upon earlier acceleration, and whether the principal amount will be determined with reference to an index, formula or other method;
- the date or dates on which the principal of the debt securities will be payable, or the manner in which the payment date or dates will be determined;
- whether the debt securities will bear interest at a fixed or variable rate or not at all and, as applicable:
 - the interest rate or the manner in which the interest rate is determined,
 - the date or dates from which any interest will accrue, or the method for determining such date or dates,
 - the basis upon which interest shall be calculated if other than a 360-day year of twelve 30-day months,
 - the record dates and interest payment dates for the debt securities, or the method(s) of determining such dates, and
 - the first interest payment date.
- the places where payments on the debt securities will be payable and where the debt securities may be surrendered for registration of transfer or exchange;
- any provision that would obligate or permit us to repurchase, redeem or repay some or all of the debt securities, including any sinking fund requirements;
- the redemption period or periods, redemption price or prices and the terms and conditions upon which the debt securities may be redeemed, if any;
- whether the debt securities are denominated or payable in a foreign currency, units of two or more foreign currencies or a composite currency or currencies, and the related terms, conditions and consequences;
- any deletions from, modifications of or additions to the events of default or our covenants with respect to the debt securities;
- whether the debt securities will be issued in certificated or book-entry form, and the identity of the depository for debt securities issued in book-entry form;
- whether the debt securities will be in registered or bearer form, and any restrictions applicable to the exchange of one form for another and to the offer, sale and delivery of the debt securities in either form;

- the applicability, if any, of the defeasance and covenant defeasance options described under "—Discharge, Defeasance and Covenant Defeasance" and any modifications of these provisions;
- whether and under what circumstances we will pay additional amounts on the debt securities held by a person who is not a U.S. person for specified taxes, assessments or other governmental charges and, if so, whether we have the option to redeem the affected debt securities rather than pay the additional amounts;
- with respect to any debt securities that provide for optional redemption or prepayment upon the occurrence of certain events (such as a change of control),
 - the possible effects of such provisions on the market price of the debt securities or in deterring certain mergers, tender offers or other takeover attempts, and our intention to comply with the requirements of Rule 14e-1 under the Securities Exchange Act of 1934, as amended (the "Exchange Act") and any other applicable securities laws in connection with these provisions,
 - whether the occurrence of the specified events may give rise to cross-defaults on other indebtedness such that payment on the debt securities may be effectively subordinated, and
 - the existence of any limitation on our financial or legal ability to repurchase such debt securities upon the occurrence of such an event (including, if true, the lack of assurance that such a repurchase can be effected) and the impact, if any, under the Indenture of such a failure, including whether and under what circumstances such a failure may constitute an Event of Default; and
- any other material terms of the debt securities.

You should be aware that special U.S. Federal income tax, accounting and other considerations may be applicable to instruments such as the debt securities. The prospectus supplement relating to a series of debt securities will describe these considerations, if they apply.

One or more series of debt securities may provide that if their maturity is accelerated, the amount due and payable will be less than their stated principal amount. These are referred to as "Original Issue Discount Securities". The prospectus supplement relating to any debt securities issued as Original Issue Discount Securities will describe, if material or applicable, the special U.S. Federal income tax consequences, accounting and other special considerations that you should consider before purchasing them.

Denominations, Interest, Registration and Transfer

We will issue each series of debt securities in fully registered form without coupons and/or in bearer form with or without coupons, as described in the applicable prospectus supplement. The Indenture provides that we may issue debt securities in global form. If any series of debt securities is issued in global form, the applicable prospectus supplement will describe the circumstances, if any, under which beneficial owners of interests in any of those global debt securities may exchange their interests for debt securities of that series and of like tenor and principal amount in any authorized form and denomination.

Unless the applicable prospectus supplement states otherwise, debt securities issued in fully registered form will be issued in denominations of \$1,000 and any integral multiple thereof and debt securities issued in bearer form will be issued in denominations of \$5,000 and any integral multiple thereof. Debt securities in global form may be issued in any denomination. (*Section 302*).

Unless the applicable prospectus supplement states otherwise, we will pay the principal of and any premium or interest on any series of debt securities in registered form at the corporate trust office of

the trustee, currently located at 2 North LaSalle Street, Suite 1020, Chicago, Illinois 60602. At our option, we may pay interest by check, wire transfer or any other means permitted under the terms of the debt securities. Unless the applicable prospectus supplement states otherwise, we will have the option to pay interest by check mailed to the person in whose name the debt securities are registered on the applicable record dates or by wire transfer of funds to that person at an account maintained within the United States. (*Sections 301, 307 and 1002*). Payments on global debt securities will be made to the depository or its nominee in accordance with the then-existing arrangements between the paying agent(s) for the global debt securities and the depository. See "—Global Securities."

You may present debt securities for exchange, and registered debt securities for transfer, in the manner, at the places and subject to the restrictions set forth in the Indenture and the applicable prospectus supplement. You may transfer debt securities in bearer form and the coupons, if any, by delivery. There will be no service charge for any transfer or exchange of debt securities, but we may require payment to cover any tax or other governmental charge related to the transfer or exchange. (*Section 305*).

We are not required and the trustee is not required:

- to issue or register the transfer or exchange of any debt security, or portion of a registered debt security, selected for redemption; or
- to issue or register the transfer or exchange of any debt security for a period of 15 days prior to the selection of debt securities to be redeemed; or
- to exchange any debt security issued in bearer form that has been selected for redemption, unless such debt security is being exchanged for a registered debt security of the same series and of like tenor, provided that the registered debt security is simultaneously surrendered for redemption; or
- to issue or register the transfer or exchange of any debt security, in whole or in part, surrendered for repayment at the option of the holder. (*Section 305*).

Ranking

The debt securities will be our direct, unsecured and unsubordinated obligations and will rank equally with all our other unsecured and unsubordinated indebtedness from time to time outstanding, and the debt securities will be effectively subordinated to the claims of mortgage lenders holding our secured indebtedness, as to the specific property securing each lender's mortgage and to claims of creditors of our subsidiaries to the extent of the assets of those subsidiaries. (*Section 1602*). Subject to specified limitations in the Indenture and as described below under "Covenants," the Indenture permits us to incur additional secured and unsecured indebtedness.

Except as described below under "Covenants—*Merger, Consolidation or Sale*," the Indenture does not contain any provisions that would limit our ability to incur indebtedness or that would afford holders of the debt securities protection in the event of:

- a highly leveraged or similar transaction involving us or any of our affiliates;
- a change of control; or
- a reorganization, restructuring, merger or similar transaction involving us that may adversely affect the holders of the debt securities.

Restrictions on the ownership and transfer of the shares of common stock of Simon Property designed to preserve its status as a REIT, however, may act to prevent or hinder a change of control. Simon Property and its management have no present intention of engaging in a transaction which would result in Simon Property or us being highly leveraged or that would result in a change of control.

No Guarantee by Predecessor Operating Partnership

The Indenture indicates that a predecessor operating partnership subsidiary of Simon Property that had the same name as us, would guarantee the payment of any securities issued under the Indenture. Effective December 31, 1997, this predecessor operating partnership was merged into us. As a result, we acquired all of the assets and partnership interests it previously owned and its obligations as guarantor under the Indenture were terminated.

Covenants

The following covenants will apply to the debt securities unless they are amended or supplemented in the supplemental indenture relating to a particular series of debt securities:

Merger, Consolidation or Sale. We may consolidate with, or sell, lease or convey all or substantially all of our assets to, or merge with or into, any other entity, provided that:

- either we will be the continuing entity or the successor entity will be an entity organized and existing under U.S. laws and the successor entity expressly assumes payment of the principal of, premium, if any, and any interest on all of the debt securities and the due and punctual performance and observance of all of the covenants and conditions contained in the Indenture;
- immediately after giving effect to the transaction and treating any indebtedness which becomes our obligation or the obligation of a Subsidiary as a result thereof as having been incurred by us or that Subsidiary at the time of the transaction, no Event of Default, and no event which, after notice or the lapse of time, or both, would become an Event of Default, will have occurred and be continuing; and
- an officer's certificate and legal opinion covering these conditions is delivered to the trustee.

(Section 801 and 803).

Existence. Except as described under "*—Merger, Consolidation or Sale,*" above, we will do or cause to be done all things necessary to preserve and keep in full force and effect our existence, rights (by partnership agreement and statute) and franchises. However, we will not be required to preserve any right or franchise if we determine that its loss is not disadvantageous in any material respect to the holders of the debt securities. *(Section 1006).*

Maintenance of Properties. We will cause all of our material properties used or useful in the conduct of our business or the business of any Subsidiary to be maintained and kept in good condition, repair and working order and supplied with all necessary equipment. We will also cause to be made all necessary repairs, renewals, replacements, betterments and improvements on these properties. Our obligations with respect to the maintenance of these properties is subject to our reasonable judgment as to what may be necessary so that the business carried on in connection with these properties may be properly conducted at all times. We and our Subsidiaries will not be prevented from selling or otherwise disposing of any properties for value in the ordinary course of business. *(Section 1007).*

Insurance. We will, and will cause each of our Subsidiaries to, keep in force insurance policies on all our insurable properties. The insurance policies will be issued by financially sound and reputable companies protecting against loss or damage at least equal to the property's then full insurable value (subject to reasonable deductibles determined by us). *(Section 1008).*

Payment of Taxes and Other Claims. We will pay or discharge or cause to be paid or discharged, before the same become delinquent:

- all taxes, assessments and governmental charges levied or imposed upon us or any Subsidiary or upon our income, profits or property or upon any Subsidiary's income, profits or property; and

- all lawful claims for labor, materials and supplies which, if unpaid, might by law become a lien upon our property or the property of any Subsidiary;

excluding, however, any tax, assessment, charge or claim whose amount, applicability or validity is being contested in good faith by appropriate proceedings. (*Section 1009*).

Provision of Financial Information. Whether or not we are subject to Section 13 or 15(d) of the Exchange Act, and to the extent permitted under the Exchange Act, we will file with the SEC the annual reports, quarterly reports and other documents required under Sections 13 or 15(d) (the "Financial Information") on or prior to the respective dates (the "Required Filing Dates") by which we would have been required to file those documents if we were subject to Sections 13 or 15(d). We also will in any event within 15 days of each Required Filing Date:

- transmit copies of the Financial Information by mail to all holders of debt securities (as their names and addresses appear in the security register) without cost to the holders, and
- file copies of the Financial Information with the trustee.

If we are not permitted to file these documents with the SEC under the Exchange Act, we will supply copies of the documents to any prospective holder promptly upon written request. (*Section 1010*).

Waiver; Additional Covenants. Compliance with the covenants described in this prospectus and with respect to the debt securities generally may not be waived by us, or by the trustee, unless the holders of at least a majority in principal amount of all outstanding debt securities consent to the waiver.

Any additional or different covenants with respect to any series of debt securities will be set forth in the applicable prospectus supplement.

The covenants in the supplemental indentures for each series of debt securities issued on or after June 7, 2005 (the "Subsequent Debt Securities") include additional covenants than those described above. Nevertheless, the foregoing covenants and related provisions will apply to the Subsequent Debt Securities, and we expect to any future series of debt securities to which the same additional covenants apply, so long as any debt securities issued prior to June 7, 2005 remain outstanding or until the foregoing covenants for such series have been amended.

Modification of the Indenture

Modifications and amendments of the Indenture may be made only with the consent of the holders of not less than a majority in principal amount of all outstanding debt securities (as defined in the Indenture) affected by the modification or amendment (voting as a single class); provided, however, that no such modification or amendment may, without the consent of the holder of each debt security affected thereby:

- change the stated maturity of the principal of, or premium, if any, on, or any installment of principal of or interest on, any debt security;
- reduce the principal amount of, or the rate or amount of interest on, or any premium payable on redemption of the debt security or reduce the amount of principal of an Original Issue Discount Security (as defined in the Indenture) that would be due and payable upon acceleration of maturity or that would be provable in bankruptcy, or adversely affect any right of repayment at the option of the holder of any debt securities;
- change the place of payment, or the coin or currency, for payment of principal or premium, if any, or interest on the debt securities;

- impair the right to institute suit for the enforcement of any payment on or with respect to the debt securities on or after the stated maturity of any debt security;
- reduce the percentage in principal amount of outstanding debt securities the consent of whose holders is necessary to modify or amend the Indenture, for any waiver with respect to the debt securities, or to waive compliance with specified provisions of the Indenture or specified defaults and consequences thereunder or to reduce the quorum or voting requirements set forth in the Indenture; or
- modify any of the foregoing provisions or any of the provisions relating to the waiver of specified past defaults or specified covenants, except to increase the required percentage to effect the action or to provide that specified other provisions of the Indenture may not be modified or waived without the consent of the holder of each affected outstanding debt security. (*Section 902*).

The holders of not less than a majority in principal amount of a series of outstanding debt securities have the right to waive compliance by us with covenants relating to those debt securities in the Indenture. (*Section 1013*).

Modifications and amendments of the Indenture may be permitted to be made by us and the trustee without the consent of any holder of debt securities for any of the following purposes:

- to evidence the succession of another person to us as obligor under the Indenture;
- to add to our covenants for the benefit of the holders of any series of debt securities or to surrender any right or power conferred upon us in the Indenture;
- to add Events of Default for the benefit of the holders of any series of debt securities;
- to add or change any provisions of the Indenture to facilitate the issuance of, or to liberalize certain terms of, debt securities in bearer form, or to permit or facilitate the issuance of debt securities in uncertificated form, provided that the action shall not adversely affect the interests of the holders of debt securities of any series in any material respect;
- to change or eliminate any provisions of the Indenture, provided that any change or elimination shall become effective only when the outstanding debt securities are not entitled to the benefit of that provision;
- to secure the debt securities;
- to establish the form or terms of the debt securities of any series;
- to provide for the acceptance of appointment under the Indenture by a successor trustee or facilitate the administration of the trust under the Indenture by more than one trustee;
- to cure any ambiguity, defect or inconsistency in the Indenture, provided that the action is not inconsistent with the provisions of the Indenture and will not adversely affect the interests of holders of debt securities of any series in any material respect; or
- to supplement any of the provisions of the Indenture to the extent necessary to permit or facilitate defeasance and discharge of debt securities, provided that the action will not adversely affect the interests of the holders of the debt securities of any series in any material respect. (*Section 901*).

The Indenture provides that in determining whether the holders of the requisite principal amount of a series of outstanding debt securities have given any request, demand, authorization, direction, notice, consent or waiver thereunder or whether a quorum is present at a meeting of holders of those debt securities, (1) the principal amount of an Original Issue Discount Security that shall be deemed to be Outstanding shall be the amount of the principal thereof that would be due and payable as of the

date of such determination upon acceleration of the maturity thereof, (2) the principal amount of a debt security denominated in a foreign currency that shall be deemed Outstanding shall be the U.S. dollar equivalent, determined on the issue date for that debt security, of the principal amount (or, in the case of an Original Issue Discount Security, the U.S. dollar equivalent on the issue date of such debt security of the amount determined as provided in (1) above) of that debt security, (3) the principal amount of an Indexed Security that shall be deemed Outstanding shall be the principal face amount of such Indexed Security at original issuance, unless otherwise provided with respect to such Indexed Security pursuant to the Indenture, and (4) securities owned by the Operating Partnership or any other obligor upon the securities or any affiliate of the Operating Partnership or of such other obligor shall be disregarded. (*Section 101*).

The Indenture contains provisions of convening meetings of the holders of debt securities of a series issuable, in whole or in part, as bearer securities. (*Section 1501*). A meeting will be permitted to be called at any time by the trustee, and also, upon request, by the Operating Partnership or the holders of at least 10% in principal amount of the outstanding debt securities of such series, in any such case upon notice given as provided in the Indenture. (*Section 1502*). Except for any consent that must be given by the holder of each debt security affected by certain modifications and amendments of the Indenture, any resolution presented at a meeting or adjourned meeting duly reconvened at which a quorum is present will be permitted to be adopted by the affirmative vote of the holders of a majority in principal amount of the outstanding debt securities of that series; provided, however, that, except as referred to above, any resolution with respect to any request, demand, authorization, direction, notice, consent, waiver or other action that may be made, given or taken by the holders of a specified percentage in principal amount of the outstanding debt securities of a series may be adopted at a meeting at which a quorum is present by the affirmative vote of the holders of such specified percentage in principal amount of the outstanding debt securities of that series. Any resolution passed or decision taken at any meeting of holders of debt securities of any series duly held in accordance with the Indenture will be binding on all holders of debt securities of that series. The quorum at any meeting called to adopt a resolution, and at any reconvened meeting, will be persons holding or representing a majority in principal amount of the outstanding debt securities of a series; provided, however, that if any action is to be taken at such meeting with respect to any request, demand, authorization, direction, notice, consent, waiver or other action which may be made, given or taken by the holders of not less than a specified percentage in principal amount of the outstanding debt securities of a series, then with respect to such action (and only such action) the persons holding or representing such specified percentage in principal amount of the outstanding debt securities of such series will constitute a quorum. (*Section 1504*).

Notwithstanding the foregoing provisions, the Indenture provides that if any action is to be taken at a meeting of holders of debt securities of any series with respect to any request, demand, authorization, direction, notice, consent, waiver or other action that the Indenture expressly provides may be made, given or taken by the holders of a specified percentage in principal amount of all outstanding debt securities affected thereby, or the holders of that series and any other series:

- there will be no minimum quorum requirement for the meeting; and
- the principal amount of the outstanding debt securities of the series that votes in favor of the request, demand, authorization, direction, notice, consent, waiver or other action will be taken into account in determining whether the request, demand, authorization, direction, notice, consent, waiver or other action has been made, given or taken under the Indenture.

(*Section 1504*).

Events of Default, Notice and Waiver

Unless amended, modified or supplemented in the supplemental indenture relating to a particular series of debt securities, the term "Event of Default," when used in this prospectus and the Indenture means any one of the following events:

- (1) default in the payment of any interest upon the debt securities when the interest becomes due and payable, and continuance of the default for a period of 30 days;
- (2) default in the payment of the principal of, or premium, if any, on, any debt security when it becomes due and payable at its Maturity Date or by declaration of acceleration, notice of redemption or otherwise;
- (3) default in making a required sinking fund payment, if any;
- (4) default in the performance of any of our covenants in the Indenture (other than a covenant added to the Indenture solely for the benefit of a series of debt securities issued under the Indenture) and continuance of the default for a period of 60 days after there has been given, by registered or certified mail, to us by the trustee, or to us and the trustee by the holders of at least 25% in principal amount of the debt securities, a written notice specifying the default and requiring it to be remedied and stating that the notice is a "Notice of Default" under the Indenture;
- (5) a default in the payment of an aggregate principal amount exceeding \$30 million of any of our recourse indebtedness (however evidenced) after the expiration of any applicable grace period with respect thereto and the default has resulted in the indebtedness becoming or being declared due and payable prior to the date on which it would otherwise have become due and payable, but only if that indebtedness is not discharged, or the acceleration rescinded or annulled within a period of 10 days after there has been given, by registered or certified mail, to us by the trustee, or to us and the trustee by the holders of at least 10% in principal amount of the outstanding debt securities, a written notice specifying the default and requiring us to cause the indebtedness to be discharged or cause the acceleration to be rescinded or annulled and stating that the notice is a "Notice of Default" under the Indenture;
- (6) specific events of bankruptcy, insolvency or reorganization affecting us or certain Subsidiaries or any of their respective properties; or
- (7) any other Event of Default provided with respect to a particular series of debt securities issued under the Indenture.

(Section 501).

If an Event of Default under the Indenture with respect to the debt securities at the time outstanding occurs and is continuing, then in every such case the trustee or the holders of not less than 25% of the principal amount of the outstanding debt securities may declare the principal amount and premium or Make-Whole Amount, if any, and accrued interest on all the debt securities to be due and payable immediately by written notice thereof to us, and to the trustee if given by the holders; provided, that in the case of an Event of Default described in clause (6) above, acceleration is automatic. However, at any time after a declaration of acceleration with respect to the debt securities has been made, but before a judgment or decree for payment of the money due has been obtained by the trustee, the holders of not less than a majority in principal amount of the outstanding debt securities may, by written notice to us and the trustee, rescind and annul the declaration and its consequences if:

- we have deposited with the trustee all required payments of the principal of, and premium or Make-Whole Amount, if any, and interest on the debt securities, plus specified fees, expenses, disbursement and advances of the trustee; and

- all Events of Default with respect to the debt securities, other than the non-payment of principal of, or Make-Whole Amount, if any, or interest on the debt securities which has become due solely by the declaration of acceleration, have been cured or waived as provided in the Indenture.

(Section 502).

The holders of not less than a majority in principal amount of the debt securities of any series may waive any past default with respect to such series and its consequences, except a default:

- in the payment of the principal of, or premium, if any, or interest payable on any debt security of that series; or
- in respect of a covenant or provision contained in the Indenture that cannot be modified or amended without the consent of the holder of each debt security of the affected series.

(Section 513).

The trustee will be required to give notice to the holders of the debt securities within 90 days of the occurrence of a default under the Indenture unless the default has been cured or waived; provided, however, that the trustee may withhold notice to the holders of the debt securities of any default, except a default in the payment of the principal of, or premium or Make-Whole Amount, if any, or interest on the debt securities, if and so long as specified responsible officers of the trustee determine in good faith that the withholding of the notice is in the interest of the holders. *(Section 601).*

The Indenture provides that no holder of debt securities may institute any proceedings, judicial or otherwise, with respect to the Indenture, or for the appointment of a receiver or trustee, or for any remedy thereunder, except in the case of failure of the trustee, for 60 days, to act after it has received a written request to institute proceedings in respect of an Event of Default from the holders of not less than 25% in principal amount of the outstanding debt securities, as well as an offer of indemnity reasonably satisfactory to it. This provision will not prevent, however, any holder of debt securities from instituting suit for the payment of the principal of, and premium or Make-Whole Amount, if any, and interest on the debt securities on the due date thereof. *(Sections 507 and 508).*

Subject to provisions in the Indenture relating to its duties in case of default, the trustee is under no obligation to exercise any of its rights or powers under the Indenture at the request or direction of any holders of debt securities then outstanding under the Indenture, unless the holders have offered to the trustee reasonable security or indemnity. *(Section 602).* The holders of not less than a majority in principal amount of the outstanding debt securities have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred upon the trustee. However, the trustee may refuse to follow any direction which is in conflict with any law or the Indenture, which may involve the trustee in personal liability or which may be unduly prejudicial to the holders of debt securities not joining therein and the trustee may take any other action it deems proper and not inconsistent with the direction given. *(Section 512).*

Within 120 days after the close of each fiscal year, we will be required to deliver to the trustee a certificate, signed by one of several of our specified officers, stating whether or not the officer has knowledge of any default under the Indenture and, if so, specifying each default and the nature and status thereof. *(Section 1011).*

The events of default and related provisions that apply to each series of Subsequent Debt Securities are different than those described above. Nevertheless, the foregoing events of default and related provisions will apply to the Subsequent Debt Securities, and we expect to any future series of debt securities to which the above events of default apply, so long as any debt securities issued prior to June 7, 2005 remain outstanding or until the foregoing events of default and related provisions for such series have been amended.

Discharge, Defeasance and Covenant Defeasance

We are permitted under the Indenture to discharge specific obligations to the holders of the debt securities that have not already been delivered to the trustee for cancellation by irrevocably depositing with the trustee, in trust, funds in the currency in which the debt securities are payable in an amount sufficient to pay the entire indebtedness on the debt securities in respect of principal, and premium or Make-Whole Amount, if any, and interest to the date of the deposit, if the debt securities have become due and payable, or to the stated Maturity Date or redemption date, as the case may be. (*Section 401*).

The Indenture also provides that we may elect either:

- to defease and be discharged from any and all obligations with respect to the debt securities other than the obligations to register the transfer or exchange of the debt securities, to replace temporary or mutilated, destroyed, lost or stolen debt securities, to maintain an office or agency in respect of the debt securities and to hold moneys for payment in trust ("defeasance"); or
- to be released from our obligations with respect to the debt securities and any other covenant, and any omission to comply with these obligations shall not constitute an Event of Default with respect to the debt securities ("covenant defeasance");

in either case upon the irrevocable deposit by us with the trustee, in trust, of an amount, in the currency in which the debt securities are payable at stated maturity, or Government Obligations, or both, applicable to the debt securities which through the scheduled payment of principal and interest in accordance with their terms will provide money in an amount sufficient without reinvestment to pay the principal of, and premium or Make-Whole Amount, if any, and interest on the debt securities on the scheduled due dates therefor. (*Sections 1402 and 1404*). If either of these options are available to us with respect to a specific series of debt securities, we will indicate it in the prospectus supplement relating to that series of debt securities. Unless the prospectus supplement relating to that series of debt securities provides otherwise, the terms of the defeasance option and the covenant defeasance option will be as described in this section.

A trust may only be established if, among other things, we have delivered to the trustee an opinion of counsel, as specified in the Indenture, to the effect that the holders of the debt securities will not recognize income, gain or loss for federal income tax purposes as a result of the defeasance or covenant defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the defeasance or covenant defeasance had not occurred, and the opinion of counsel, in the case of defeasance, will be required to refer to and be based upon a ruling of the Internal Revenue Service or a change in applicable federal income tax law occurring after the date of the Indenture. (*Section 1404*).

"*Government Obligations*" means securities that are:

- direct obligations of the United States of America for the payment of which its full faith and credit is pledged; or
- obligations of a person controlled or supervised by and acting as an agency or instrumentality of the United States of America, the payment of which is unconditionally guaranteed as a full faith and credit obligation by the United States of America;

which, in either case, are not callable or redeemable at the option of the issuer thereof, and will also include a depositary receipt issued by a bank or trust company as custodian with respect to any Government Obligation or a specific payment of interest on or principal of any Government Obligation held by the custodian for the account of the holder of a depositary receipt, provided that, except as required by law, the custodian is not authorized to make any deduction from the amount payable to the holder of the depositary receipt from any amount received by the custodian in respect of the Government Obligation or the specific payment of interest on or principal of the Government Obligation evidenced by the depositary receipt.

Unless otherwise provided in the applicable prospectus supplement, if after we have deposited funds or Government Obligations to effect defeasance or covenant defeasance with respect to any series of debt securities:

- the holder of a debt security of such series is entitled to, and does, elect pursuant to the Indenture or the terms of that debt security to receive payment in a currency, currency unit or composite currency other than that in which such deposit has been made in respect of such debt security, or
- a Conversion Event (as defined below) occurs in respect of the currency, currency unit or composite currency in which such deposit has been made, the indebtedness represented by that debt security shall be deemed to have been, and will be, fully discharged and satisfied through the payment of the principal of (and premium, if any) and interest on that debt security as they become due out of the proceeds yielded by converting the amount so deposited in respect of that debt security into a currency, currency unit or composite currency in which that debt security becomes payable as a result of such election or such Conversion Event based upon the applicable market exchange rate.

(Section 1405).

"*Conversion Event*" means the cessation of use of (a) a currency, currency unit or composite currency both by the government of the country which issued such currency and for the settlement of transactions by a central bank or other public institutions of or within the international banking community, (b) the ECU both within the European Monetary System and for the settlement of transactions by public institutions of or within the European Community or (c) any currency unit (or composite currency) other than the ECU for the purposes for which it was established. All payments of principal of (and premium, if any) and interest on any debt security that is payable in a foreign currency that ceases to be used by its government of issuance shall be made in U.S. dollars.

If we effect covenant defeasance with respect to any debt securities and these debt securities are declared due and payable because of the occurrence of any Event of Default other than the Event of Default described in clause (4) under "—Events of Default, Notice and Waiver" with respect to Sections 1006 to 1010, inclusive, of the Indenture, which sections would no longer be applicable to the debt securities as a result of the covenant defeasance, or described in clause (7) under "—Events of Default, Notice and Waiver" with respect to any other covenant as to which there has been covenant defeasance, the amount in the currency in which the debt securities are payable, and Government Obligations on deposit with the trustee, will be sufficient to pay amounts due on the debt securities at the time of their stated maturity but may not be sufficient to pay amounts due on the debt securities at the time of the acceleration resulting from the Default. We would remain liable, however, to make payment of the amounts due at the time of acceleration.

The applicable prospectus supplement may describe further the provisions, if any, permitting defeasance or covenant defeasance, including any modifications to the provisions described above with respect to the debt securities of a particular series.

Concerning the Trustee

The Indenture provides that there may be more than one trustee with respect to one or more series of debt securities. Any trustee under the Indenture may resign or be removed with respect to one or more series of debt securities, and a successor trustee may be appointed to act with respect to that series. (Section 608). If two or more persons are acting as trustee with respect to different series of debt securities, each trustee will administer separate trusts under the Indenture, and, except as otherwise indicated by the Indenture, any action to be taken by a trustee with respect to one or more series of debt securities may be taken only by the trustee for that series. (Section 609).

Global Securities

The debt securities of a series may be issued in whole or in part in the form of one or more global securities that will be deposited with, or on behalf of, a depository identified in the applicable prospectus supplement relating to such series. Global securities may be issued in either registered or bearer form and in either temporary or permanent form. The specific terms of the depository arrangement with respect to a series of global securities will be described in the applicable prospectus supplement relating to that series.

Governing Law

The Indenture is governed by, and construed in accordance with, the laws of the State of New York, and once issued the debt securities will be as well.

LEGAL MATTERS

Unless otherwise specified in a prospectus supplement, the validity of each issue of the debt securities offered will be passed upon for us by Faegre Baker Daniels LLP, Indianapolis, Indiana.
